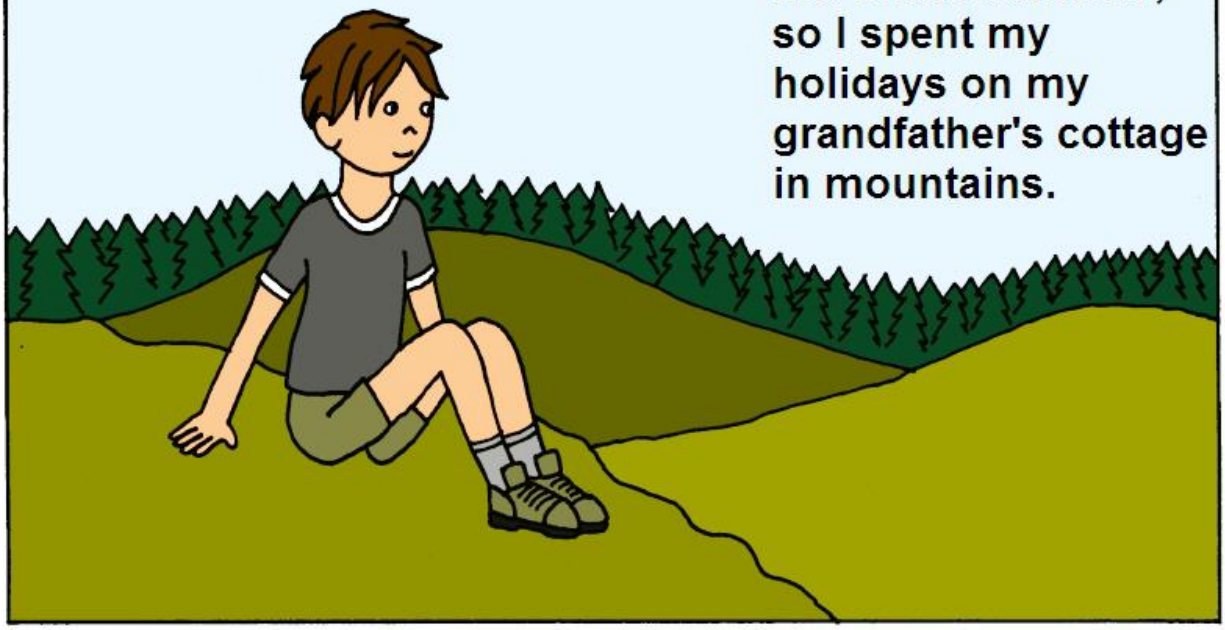
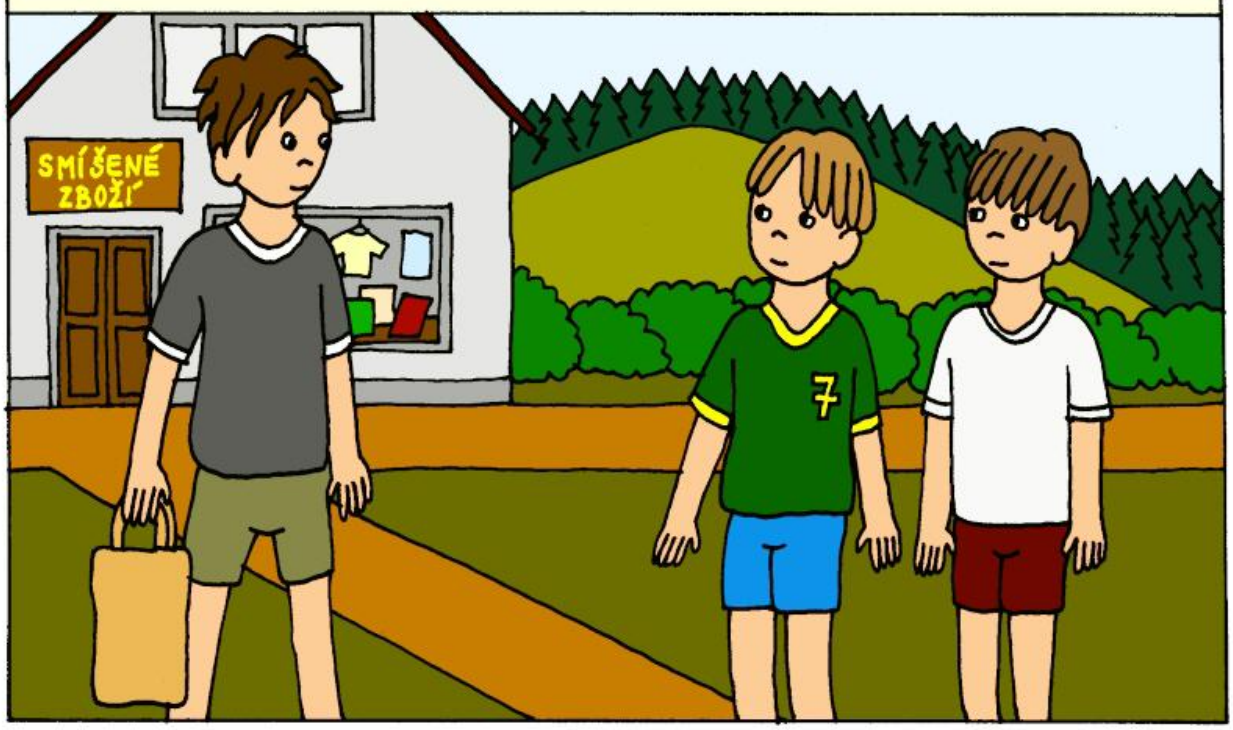
SUMMER FRIENDS

When I was 11 years old, my parents had to stay in work for the whole summer, so I spent my holidays on my grandfather's cottage in mountains.

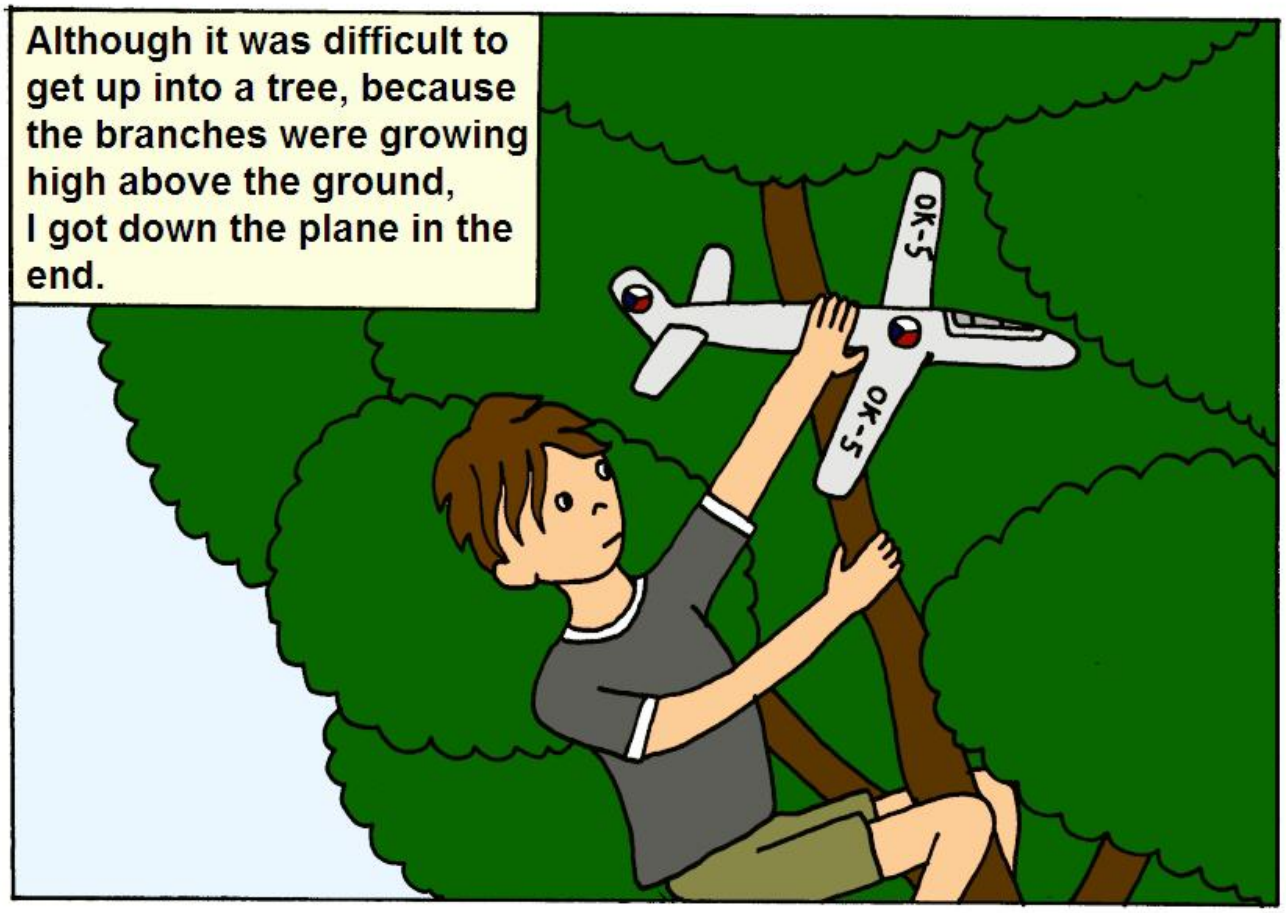


I was going shopping to the nearest village. Sometimes I met two local boys there, but I wasn't talking with them.



But one day, when I went to the village again, the boys asked me for help.
Please, you big boy, help us to save our airplane!
We were playing with it, and it stuck in the branches of a tree!

The guys took me to a place where they had their "plane crash".
Here, this is the tree!



Although it was difficult to get up into a tree, because the branches were growing high above the ground, I got down the plane in the end.

Here's your airplane. Next time, you will have to be more careful!
Thank you very much!

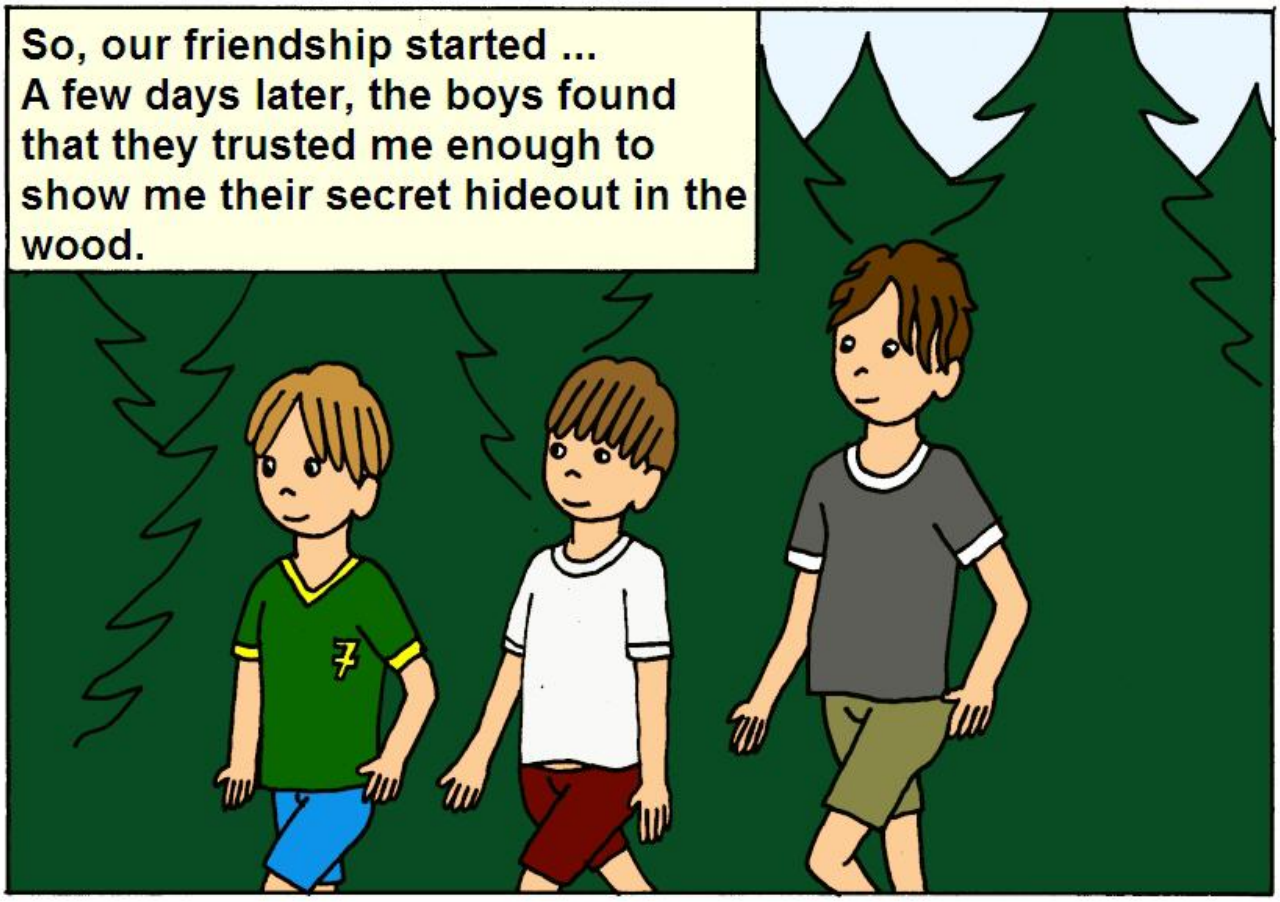
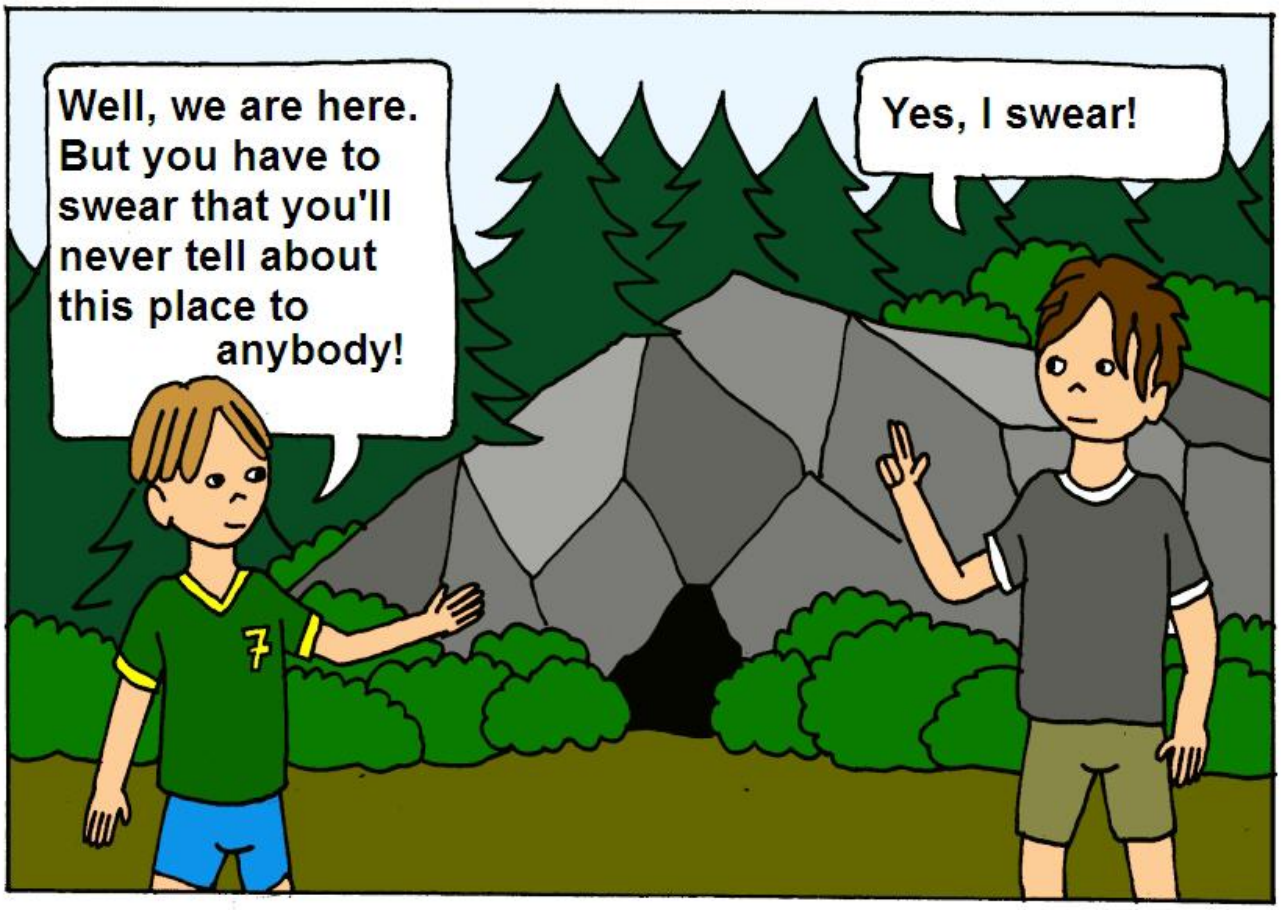
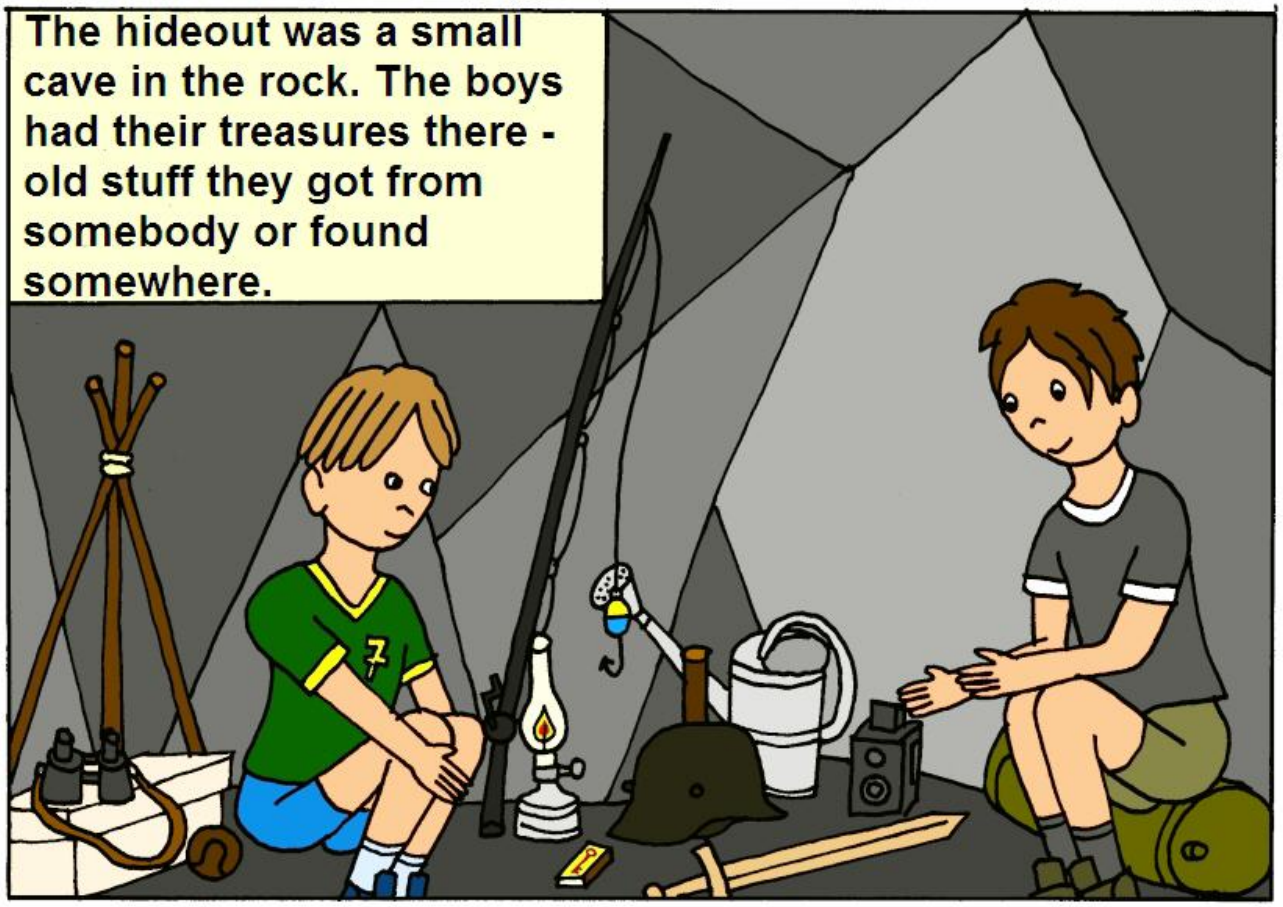
Then, the boys decided to introduce themselves.
I'm Robert and this is my cousin David.
We are the only two boys in our small village.
Would you like to be our friend?
If you don't take us for babies ...
I have to say that I can't find any friend here. So, I think we can be friends!



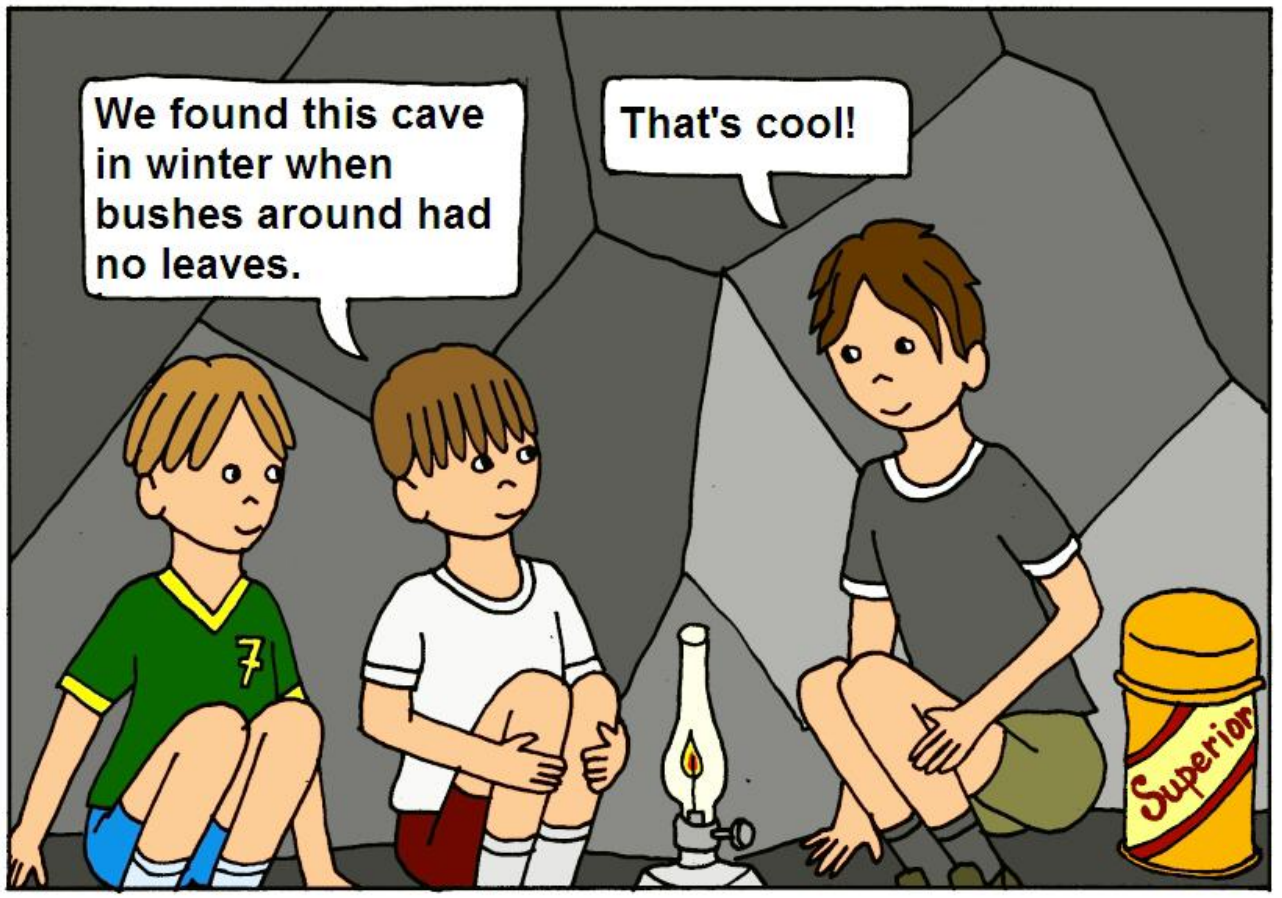
So, our friendship started ...
A few days later, the boys found that they trusted me enough to show me their secret hideout in the wood.



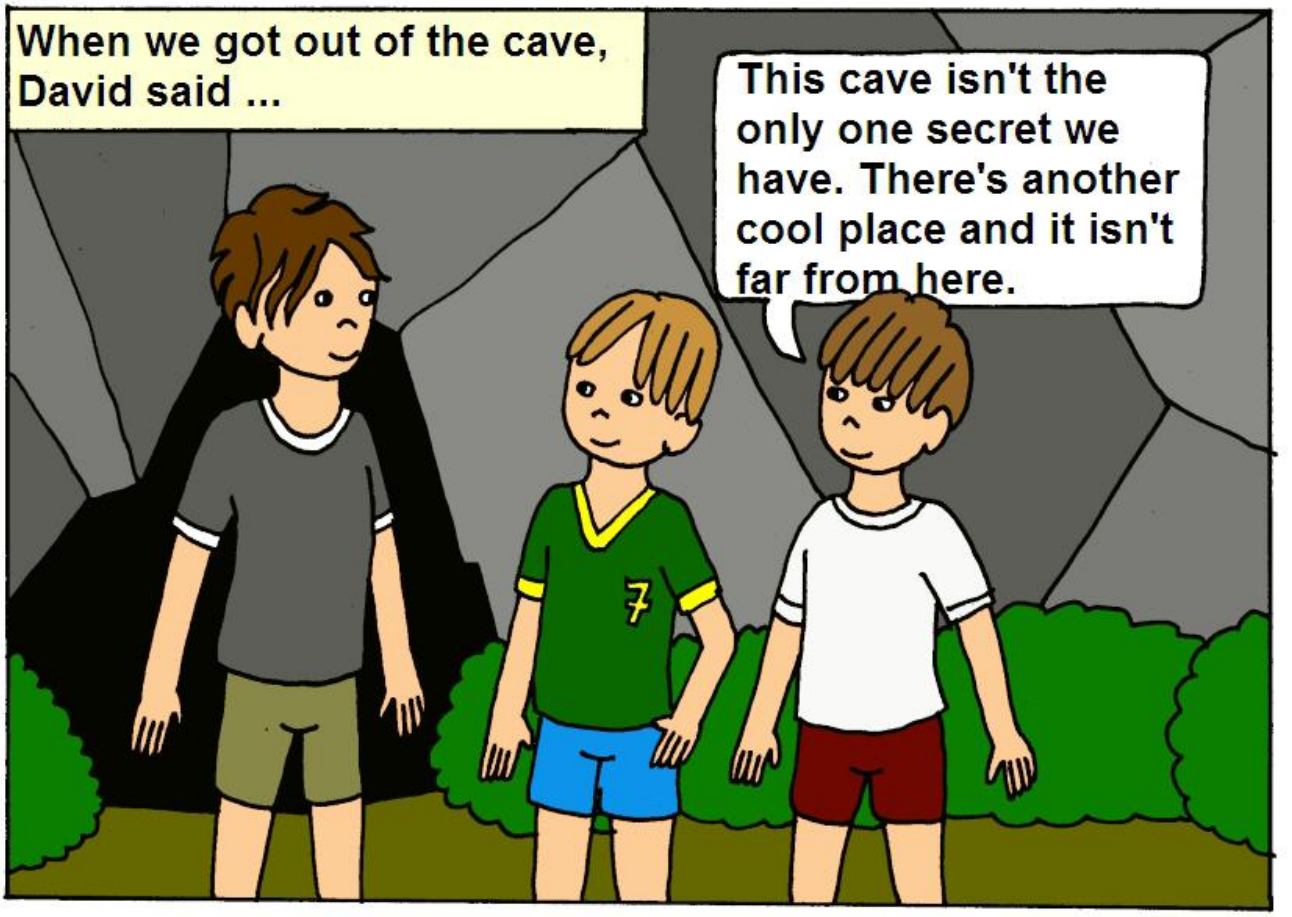
Well, we are here. But you have to swear that you'll never tell about this place to anybody!
Yes, I swear!



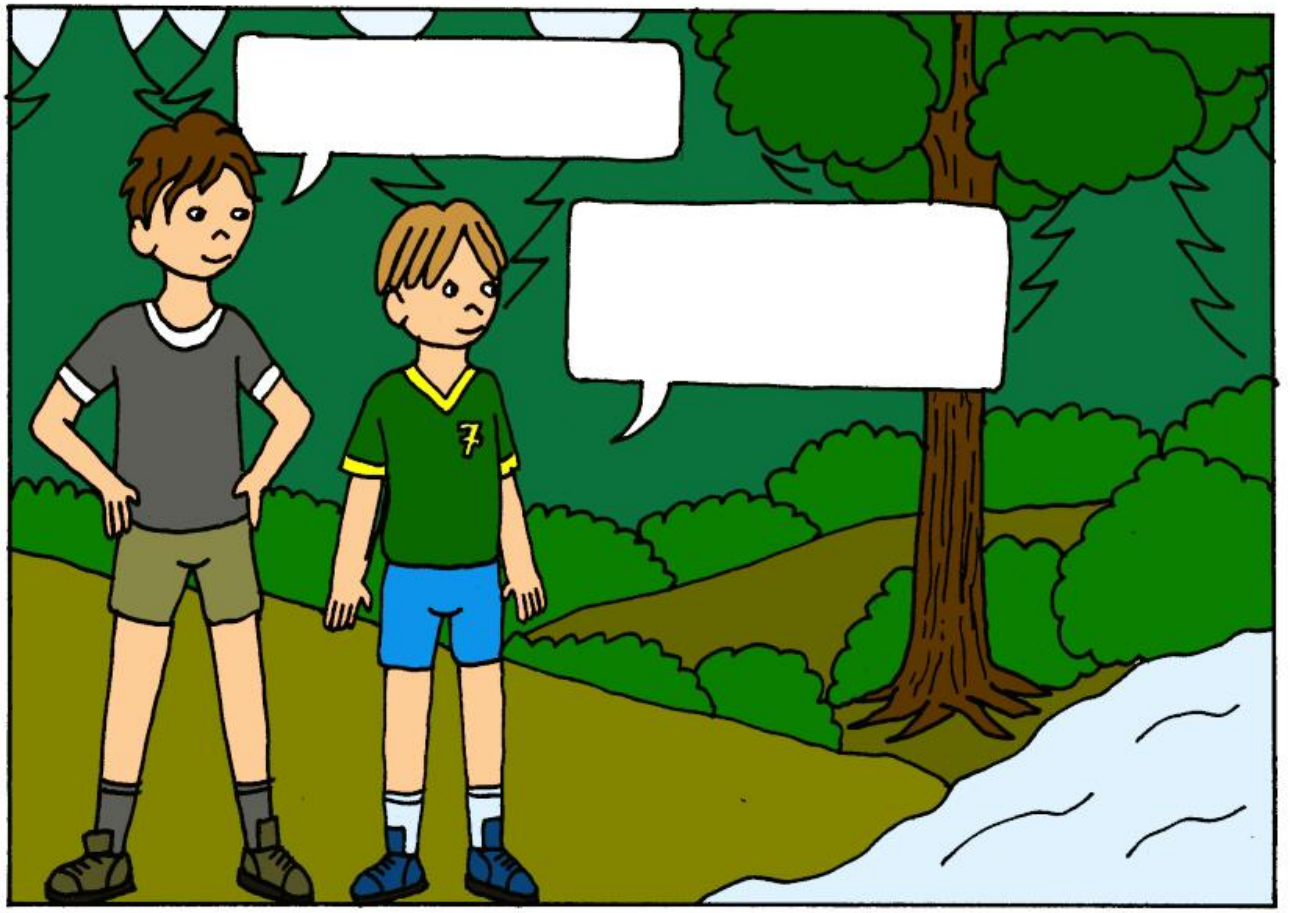
The hideout was a small cave in the rock. The boys had their treasures there - old stuff they got from somebody or found somewhere.

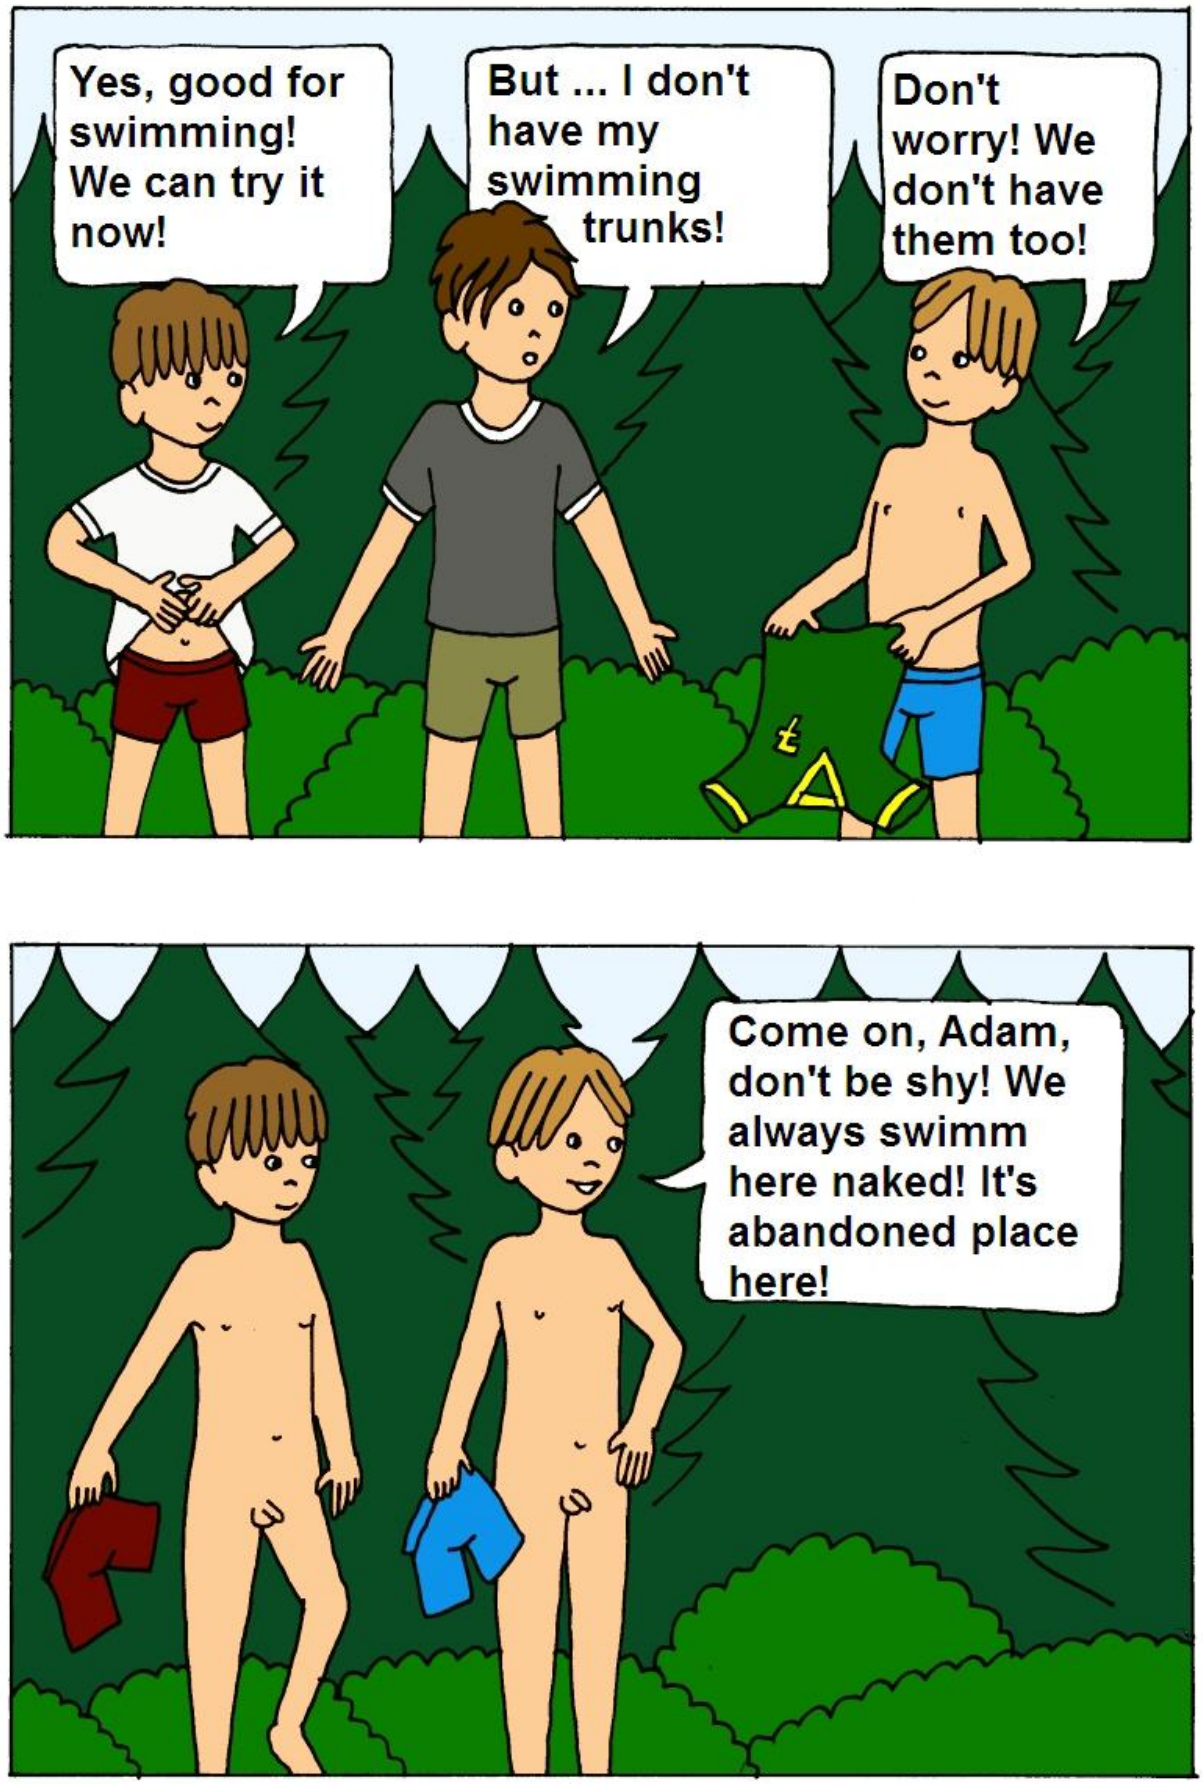


We found this cave in winter when bushes around had no leaves.
That's cool!
Superior

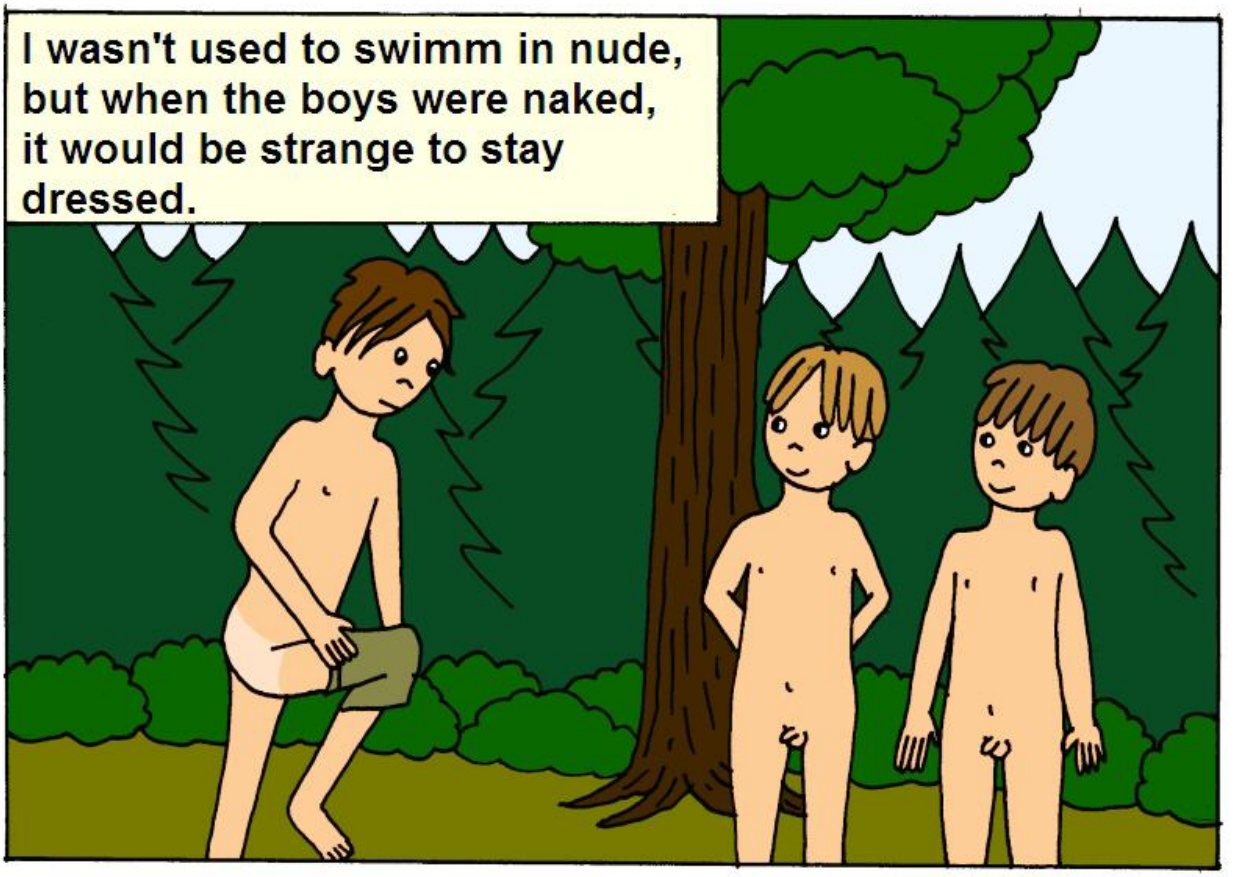


When we got out of the cave, David said ...
This cave isn't the only one secret we have. There's another cool place and it isn't far from here.

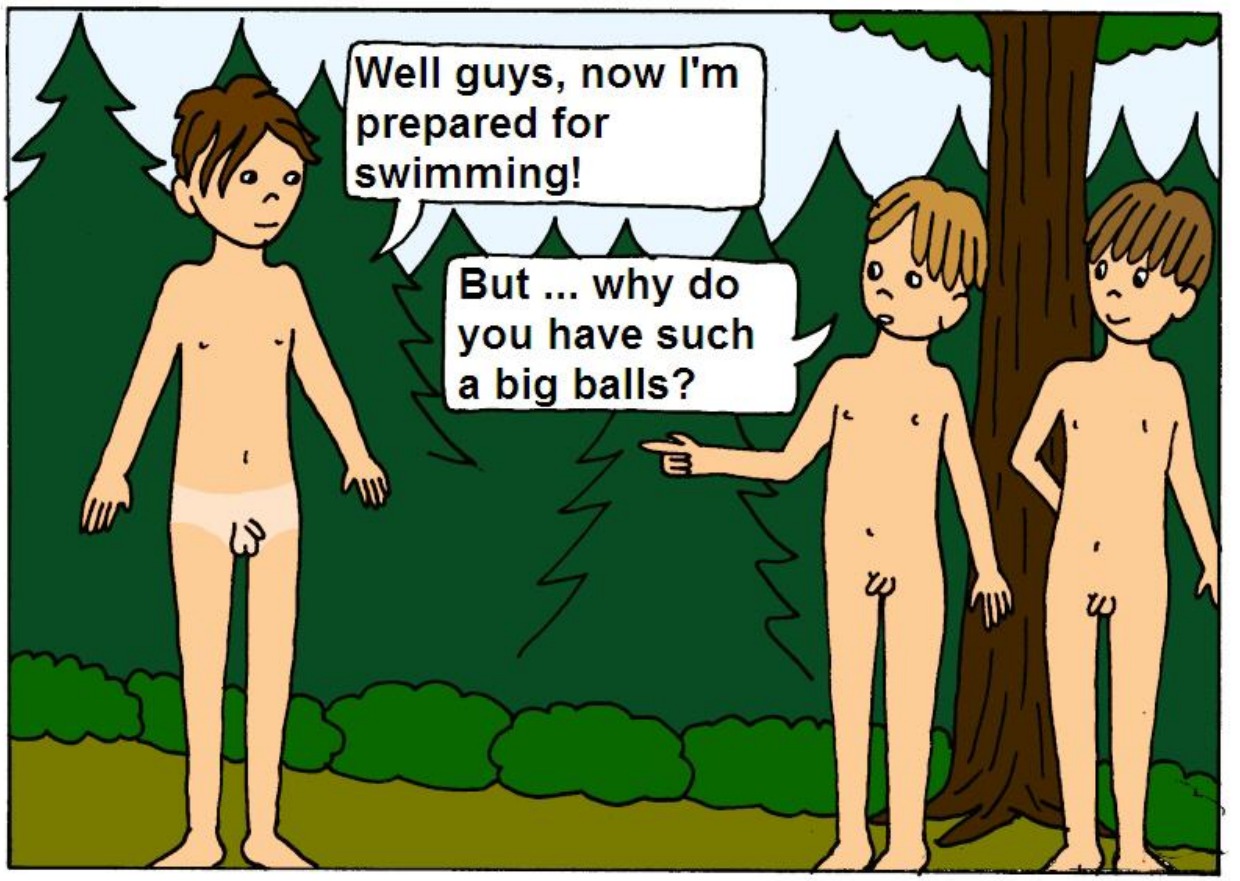




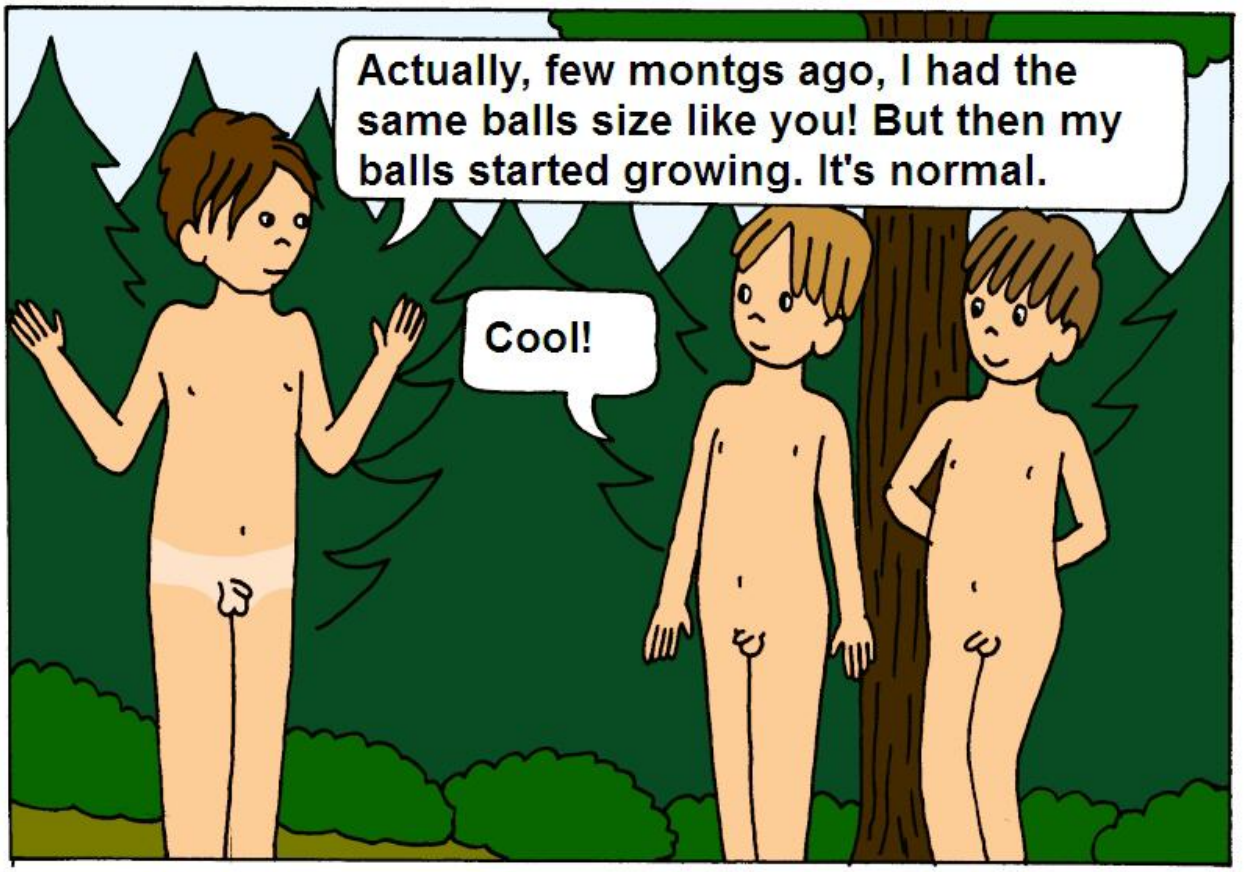
Yes, good for swimming! We can try it now!
But ... I don't have my swimming trunks!
Don't worry! We don't have them too!
Come on, Adam, don't be shy! We always swimm here naked! It's abandoned place here!



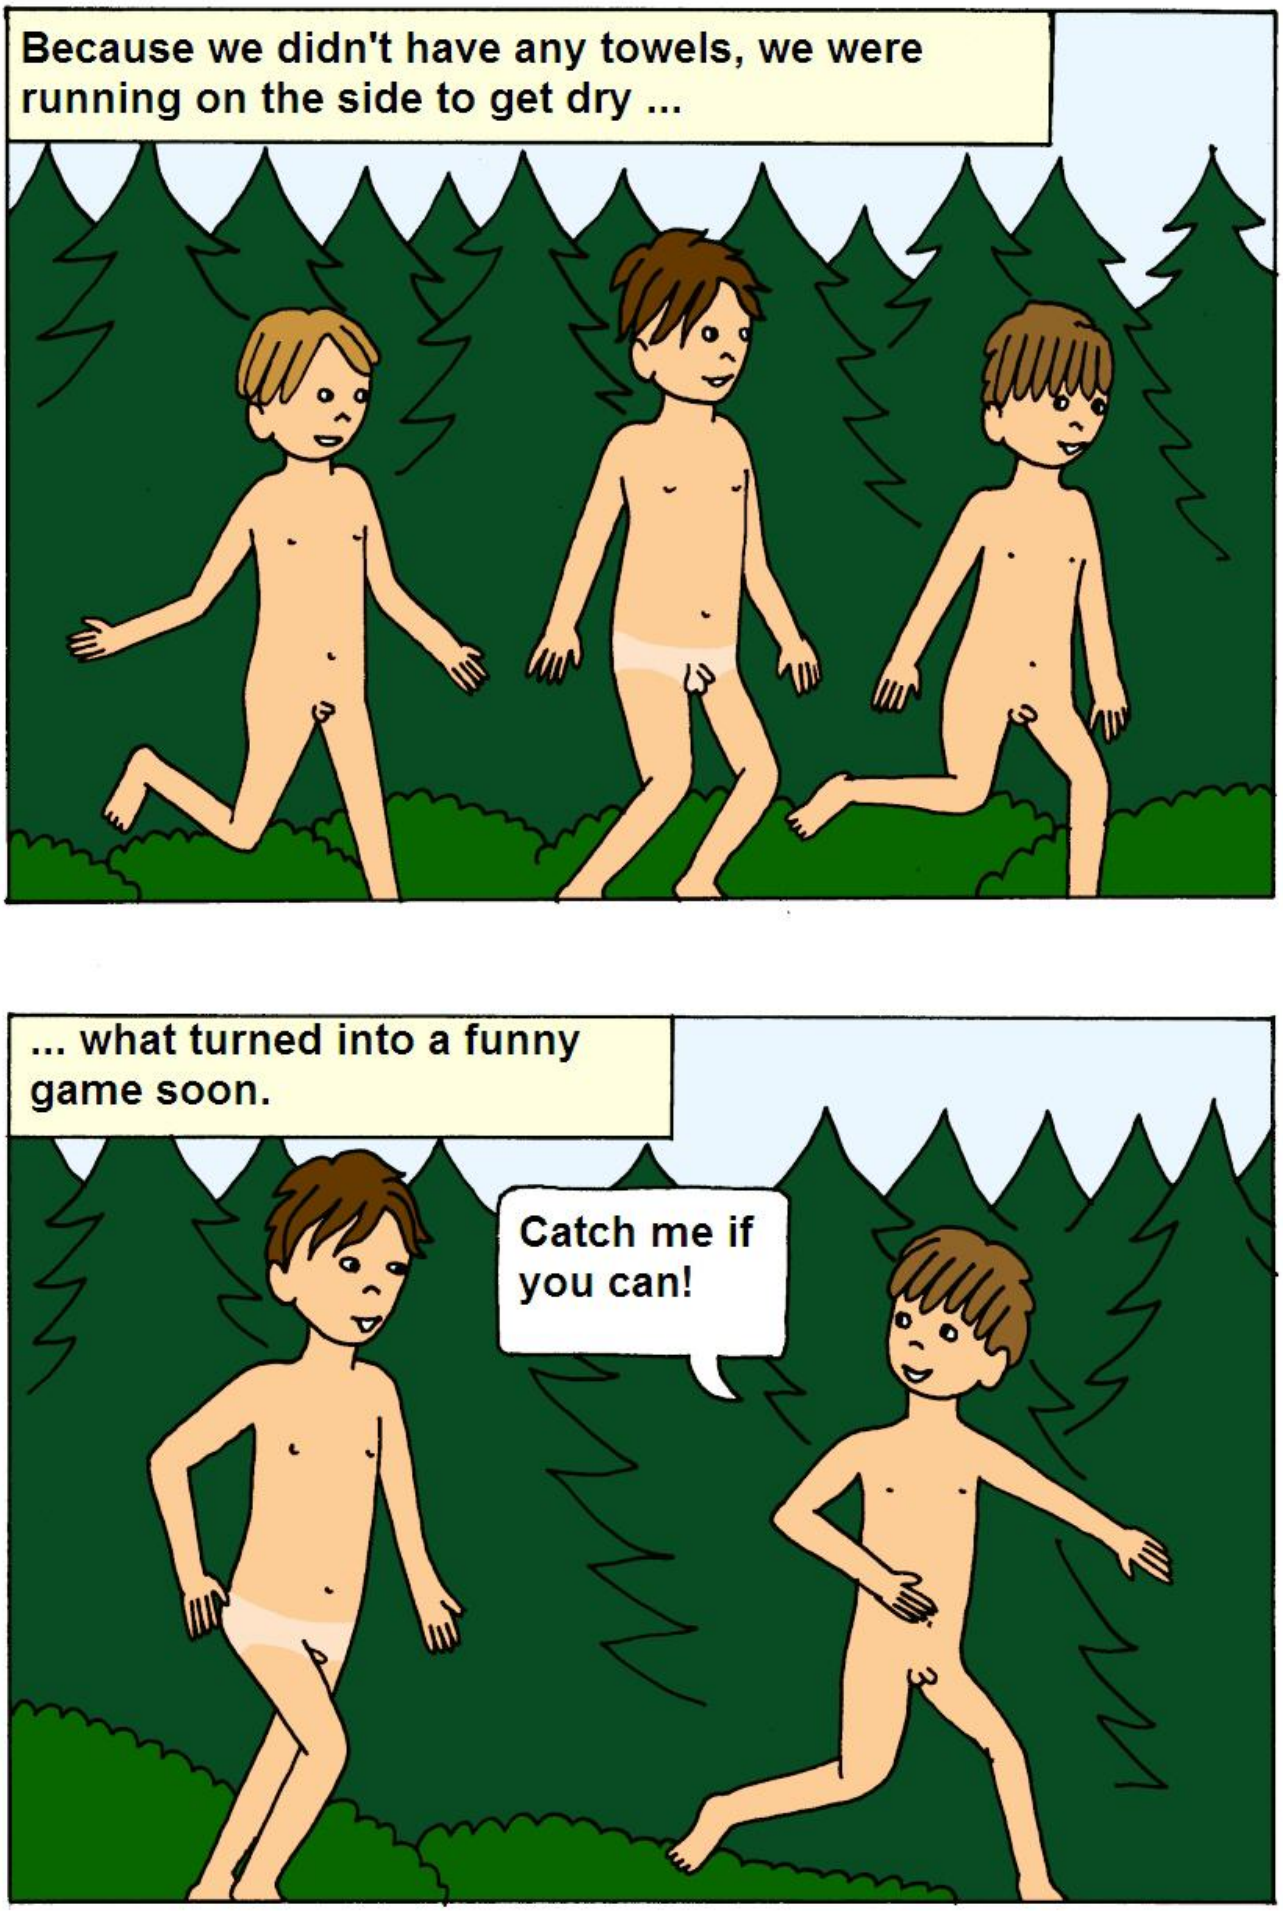
I wasn't used to swimm in nude, but when the boys were naked, it would be strange to stay dressed.



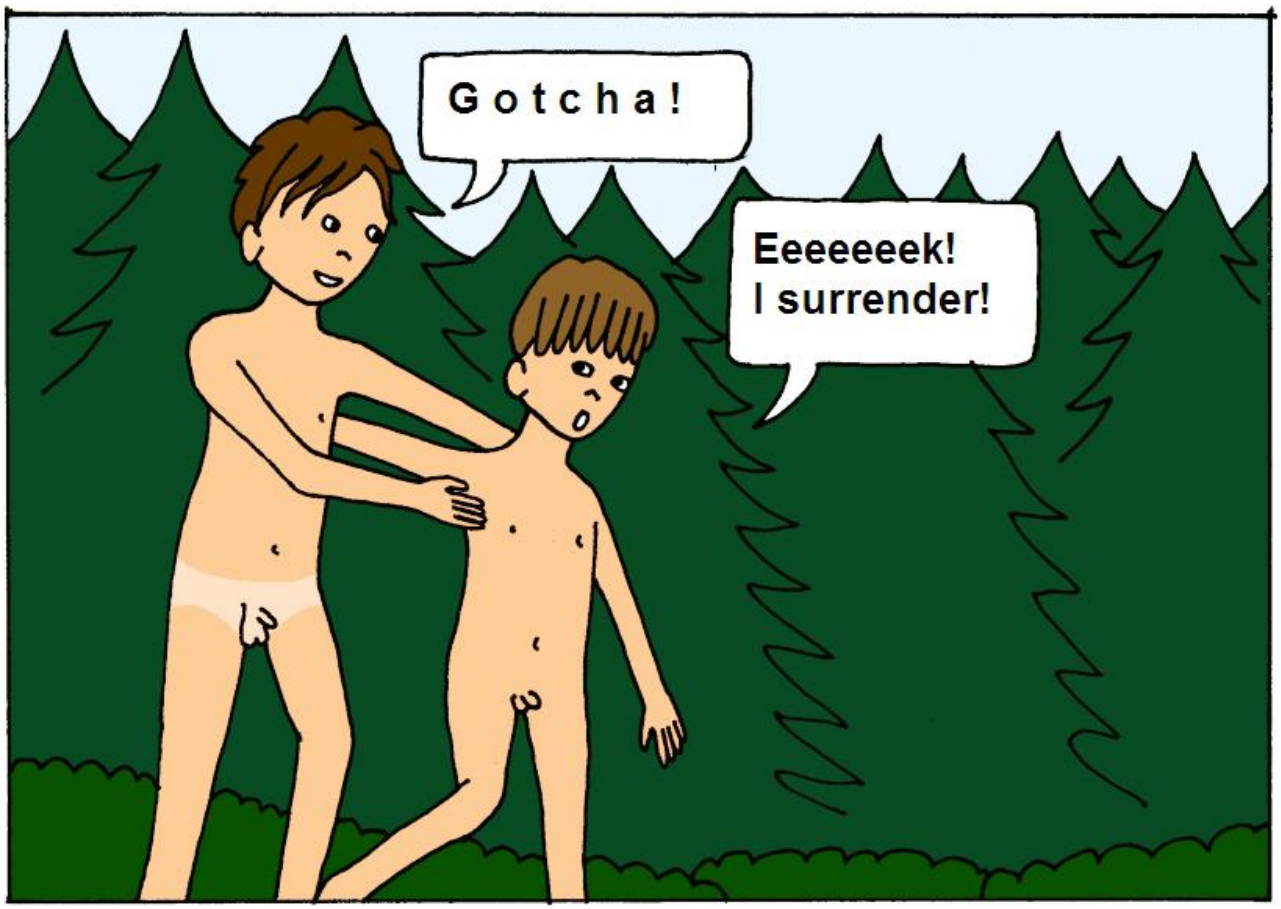
Well guys, now I'm prepared for swimming!
But ... why do you have such a big balls?



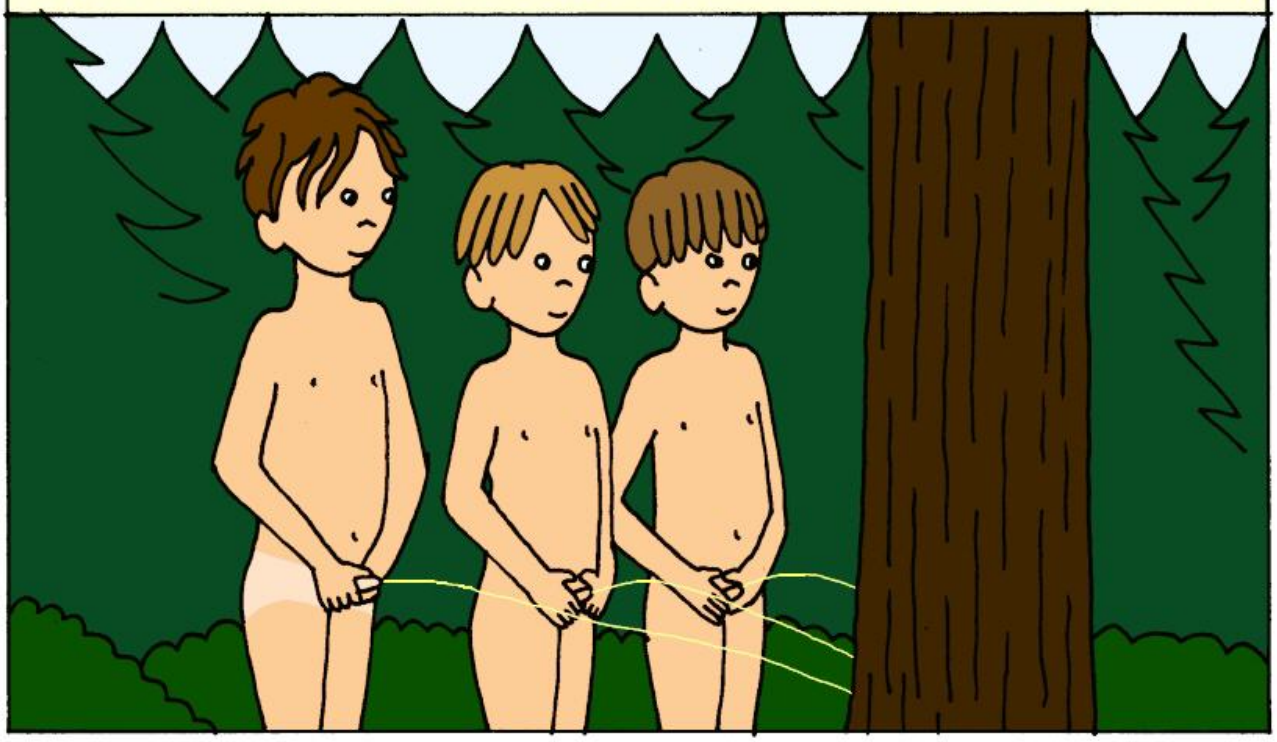
The stream wasn't as suitable for swimming as the boys said, because it was rather shallow. Nevertheless, we enjoyed wading and splashig water around.



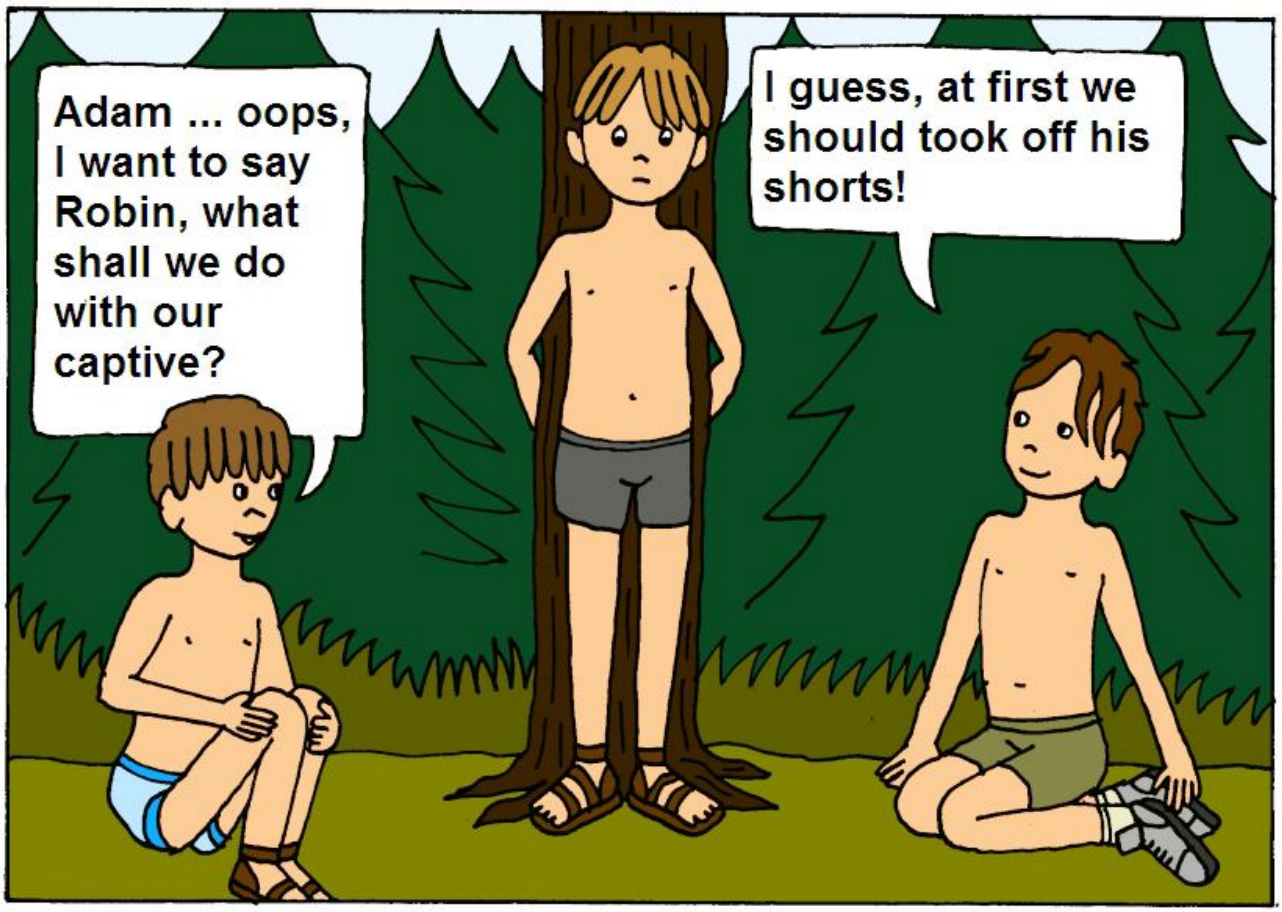
Because we didn't have any towels, we were running on the side to get dry ...
... what turned into a funny game soon.
Catch me if you can!

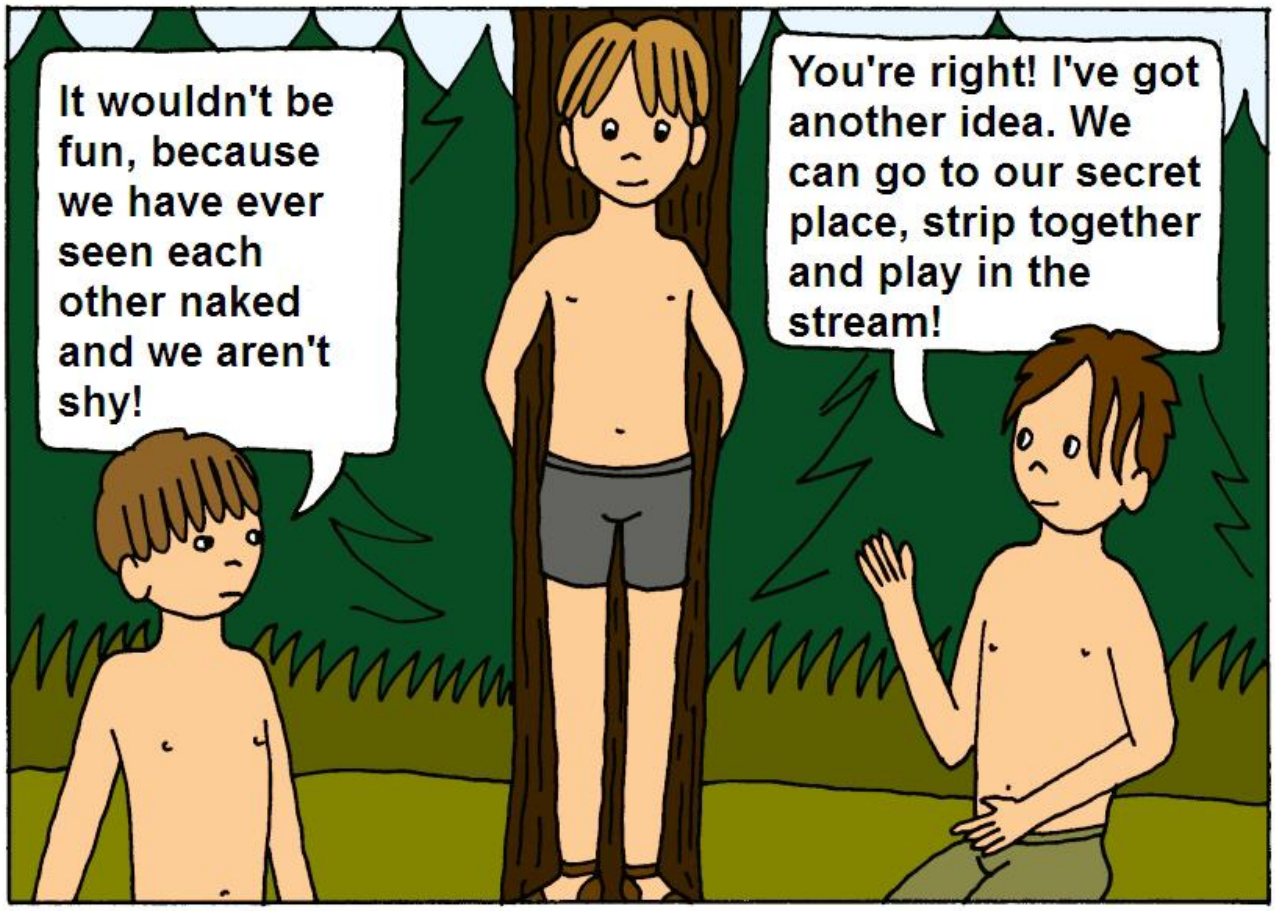


A little later, we all got to pee at the same time. We used the same tree for it. Peeing in row is something what binds boys together. And we really felt like best friends since then.

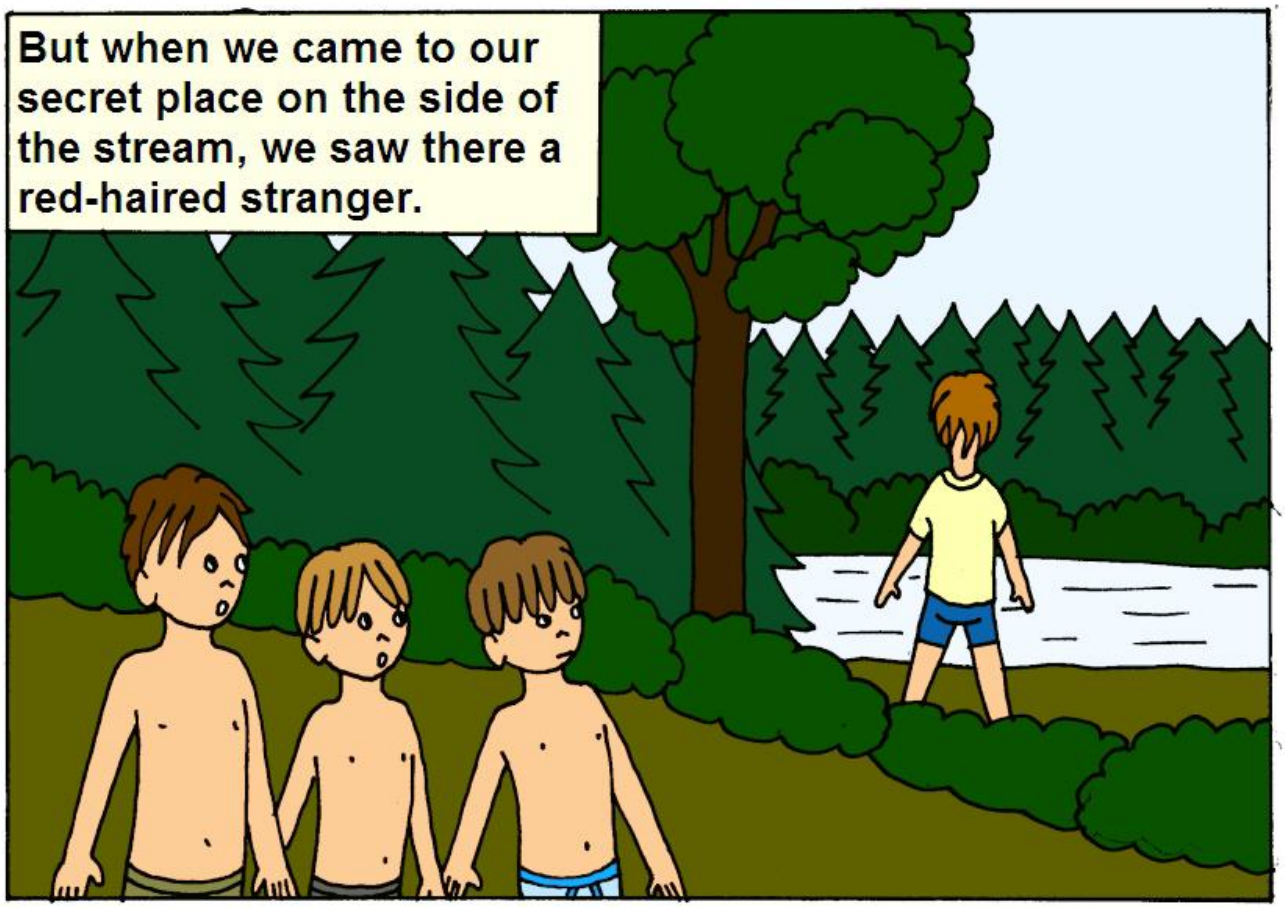


Since I found those two new friends, we spent a lot of time together playing various adventurous games.

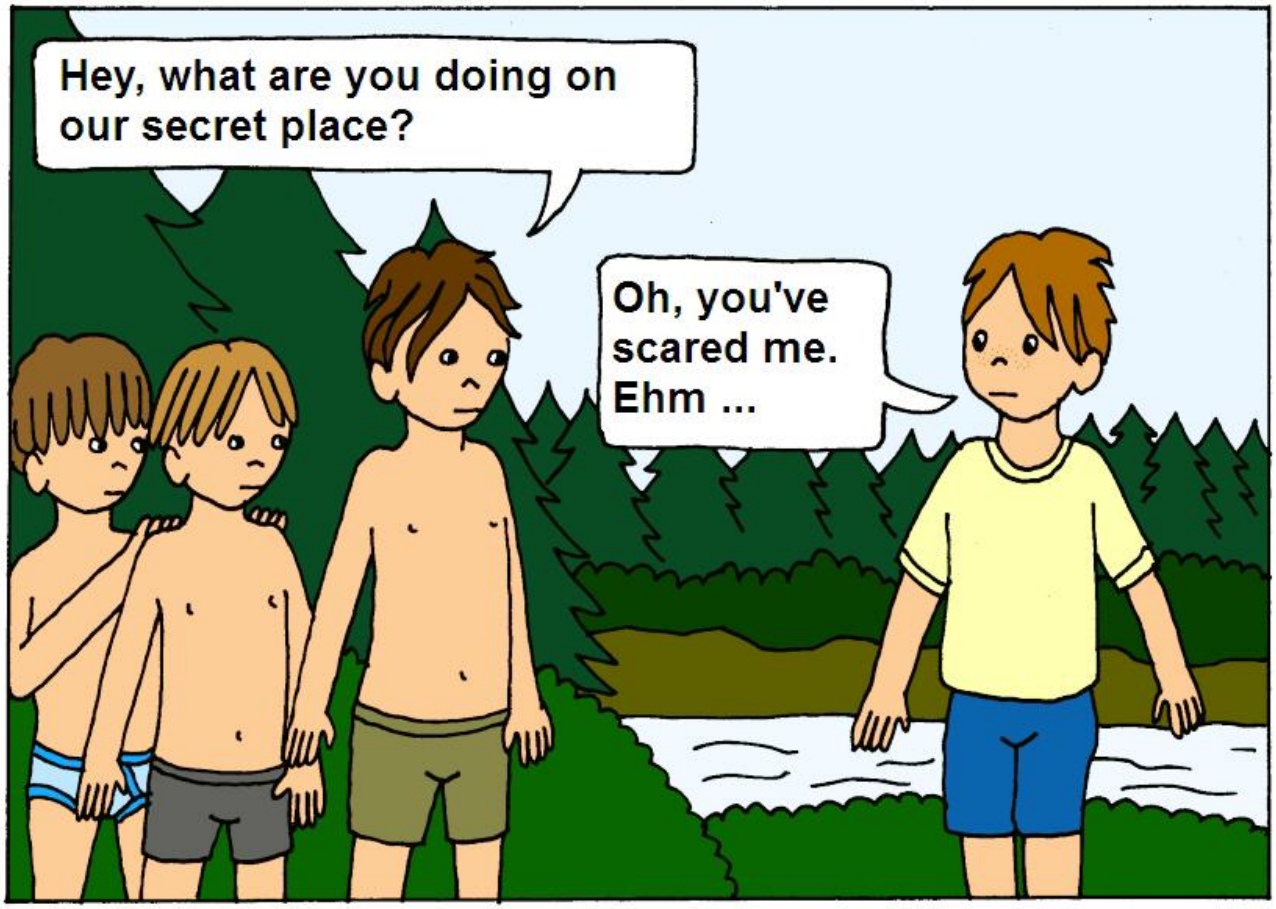




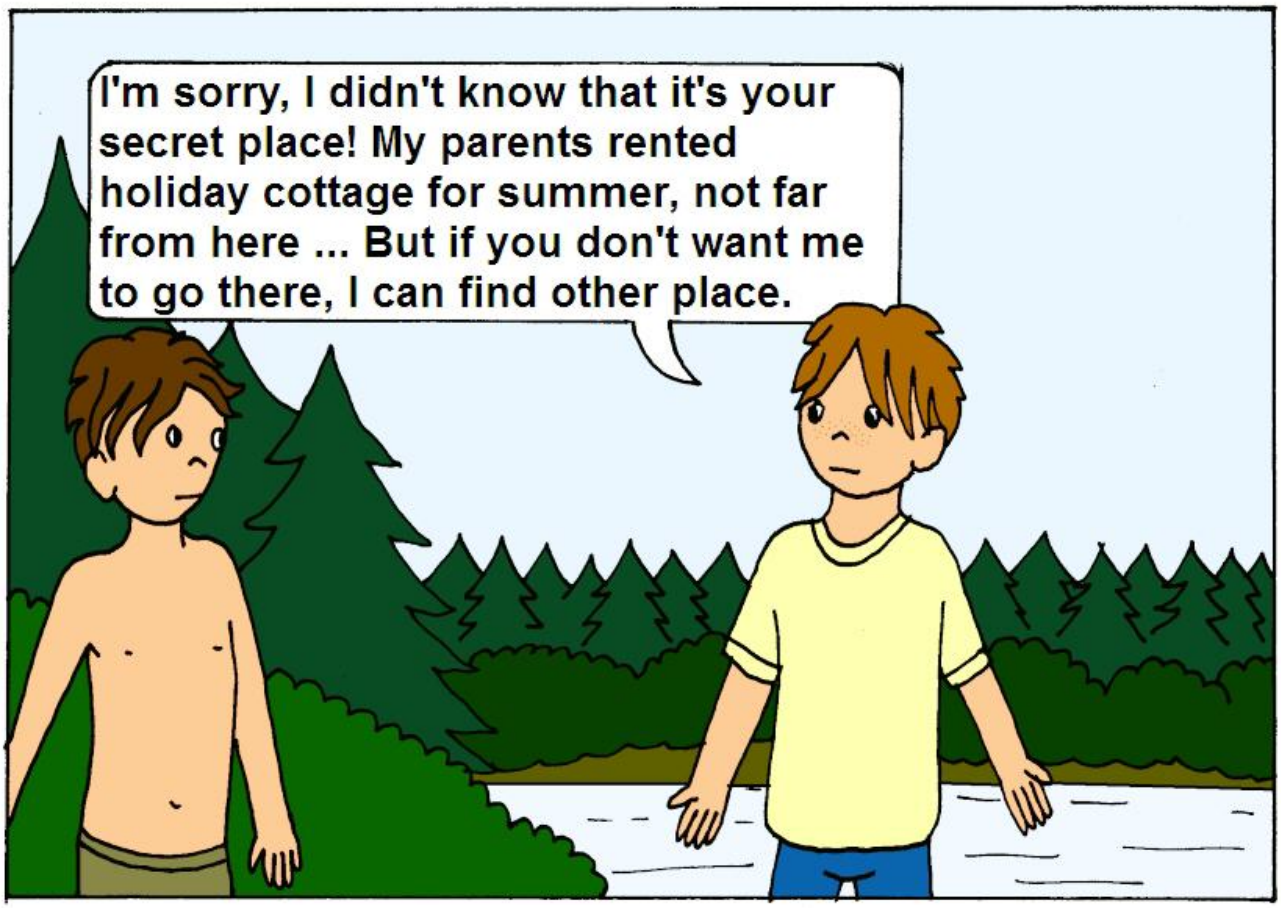
It wouldn't be fun, because we have ever seen each other naked and we aren't shy!
You're right! I've got another idea. We can go to our secret place, strip together and play in the stream!



But when we came to our secret place on the side of the stream, we saw there a red-haired stranger.

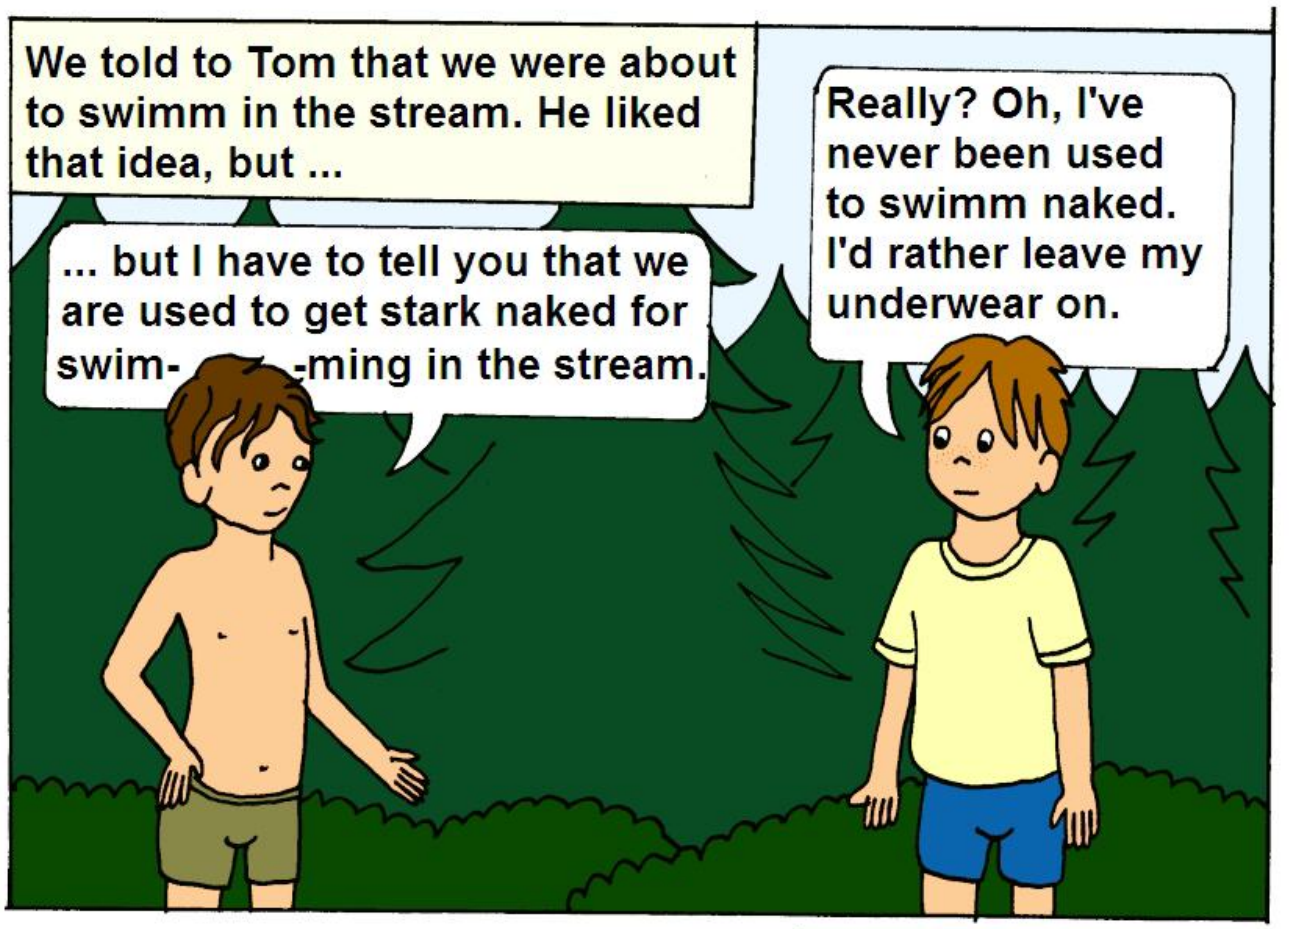


Hey, what are you doing on our secret place?
Oh, you've scared me. Ehm ...

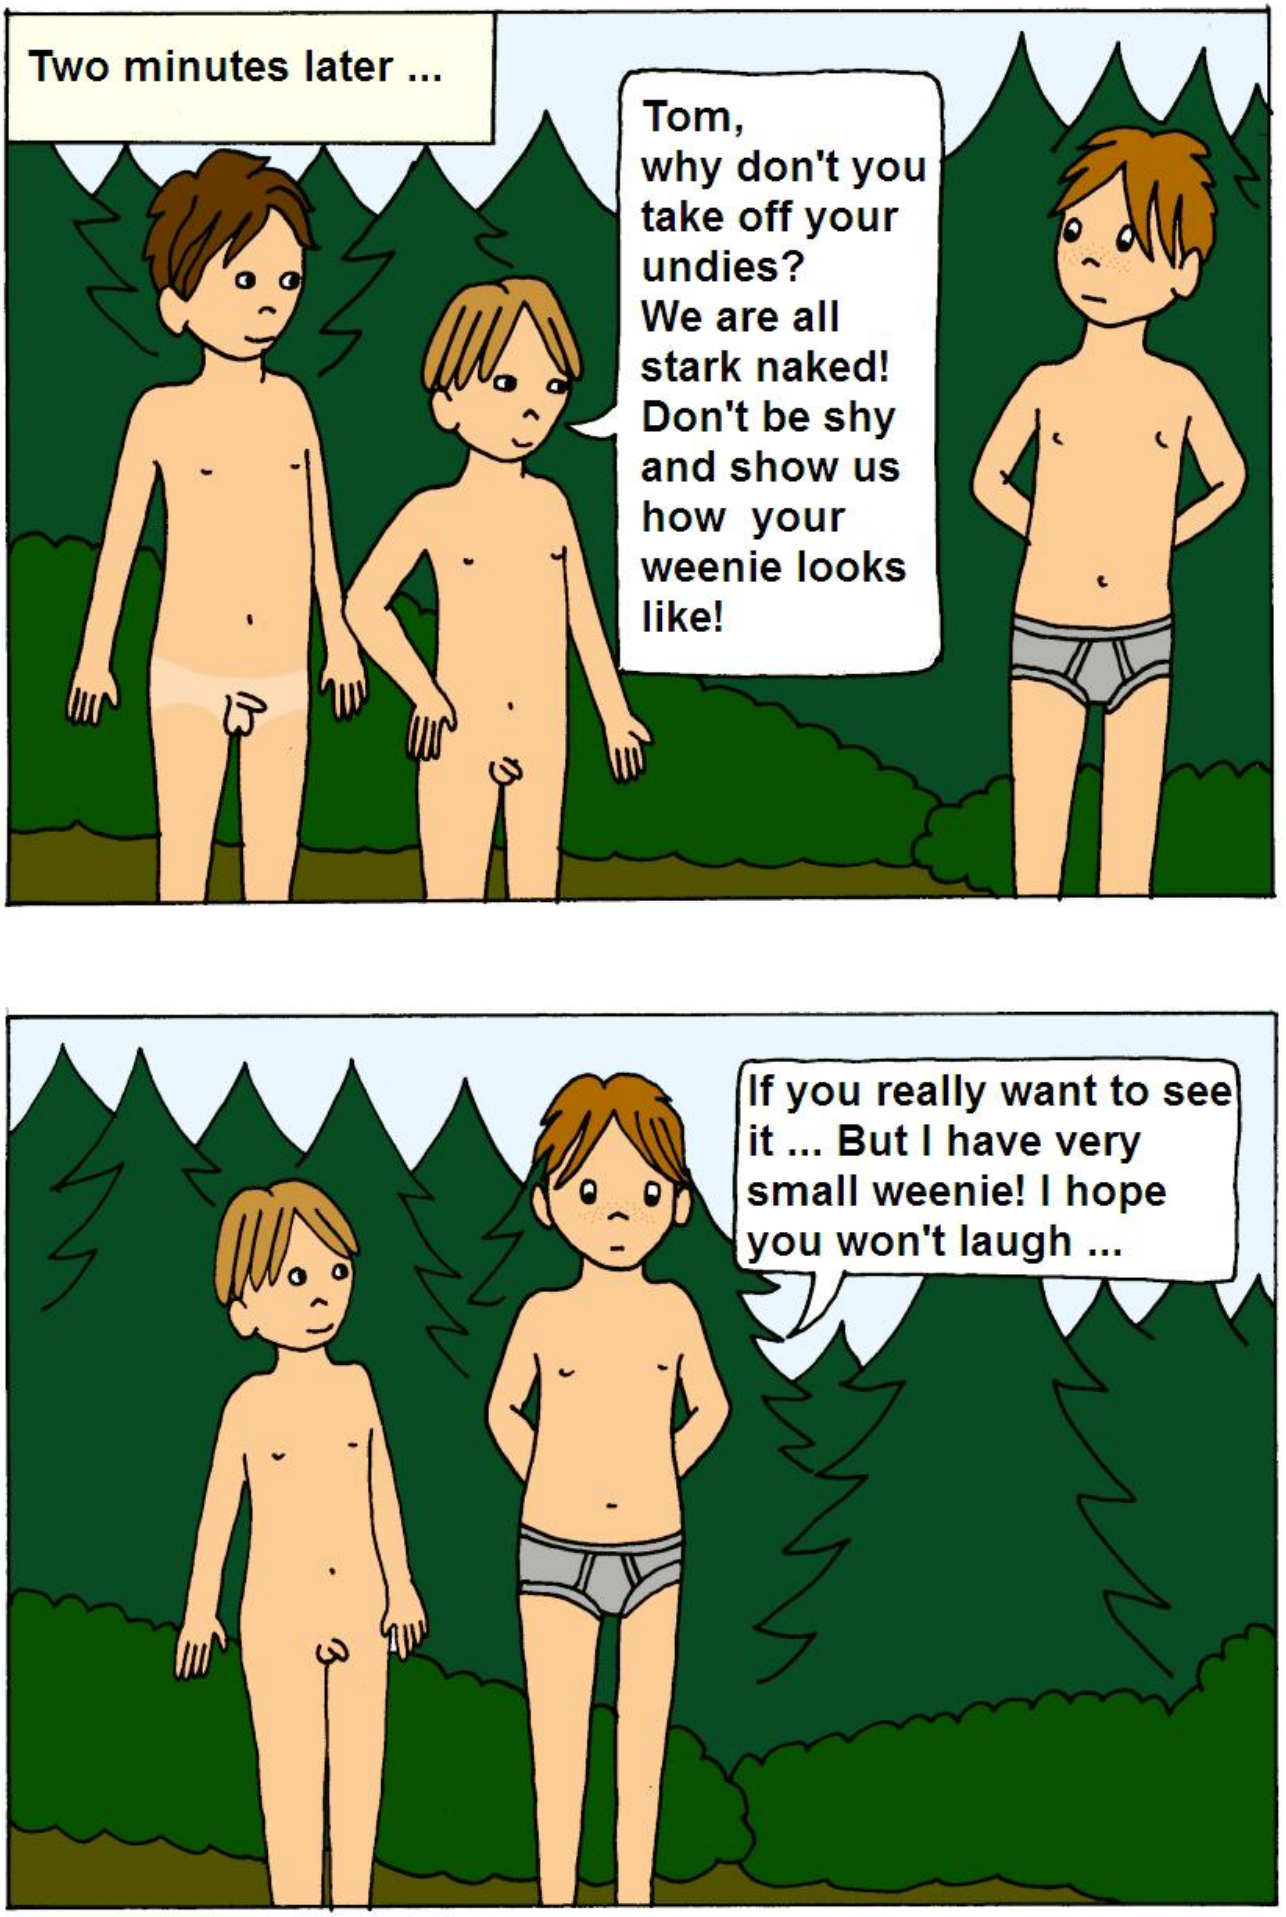


I'm sorry, I didn't know that it's your secret place! My parents rented holiday cottage for summer, not far from here ... But if you don't want me to go there, I can find other place.

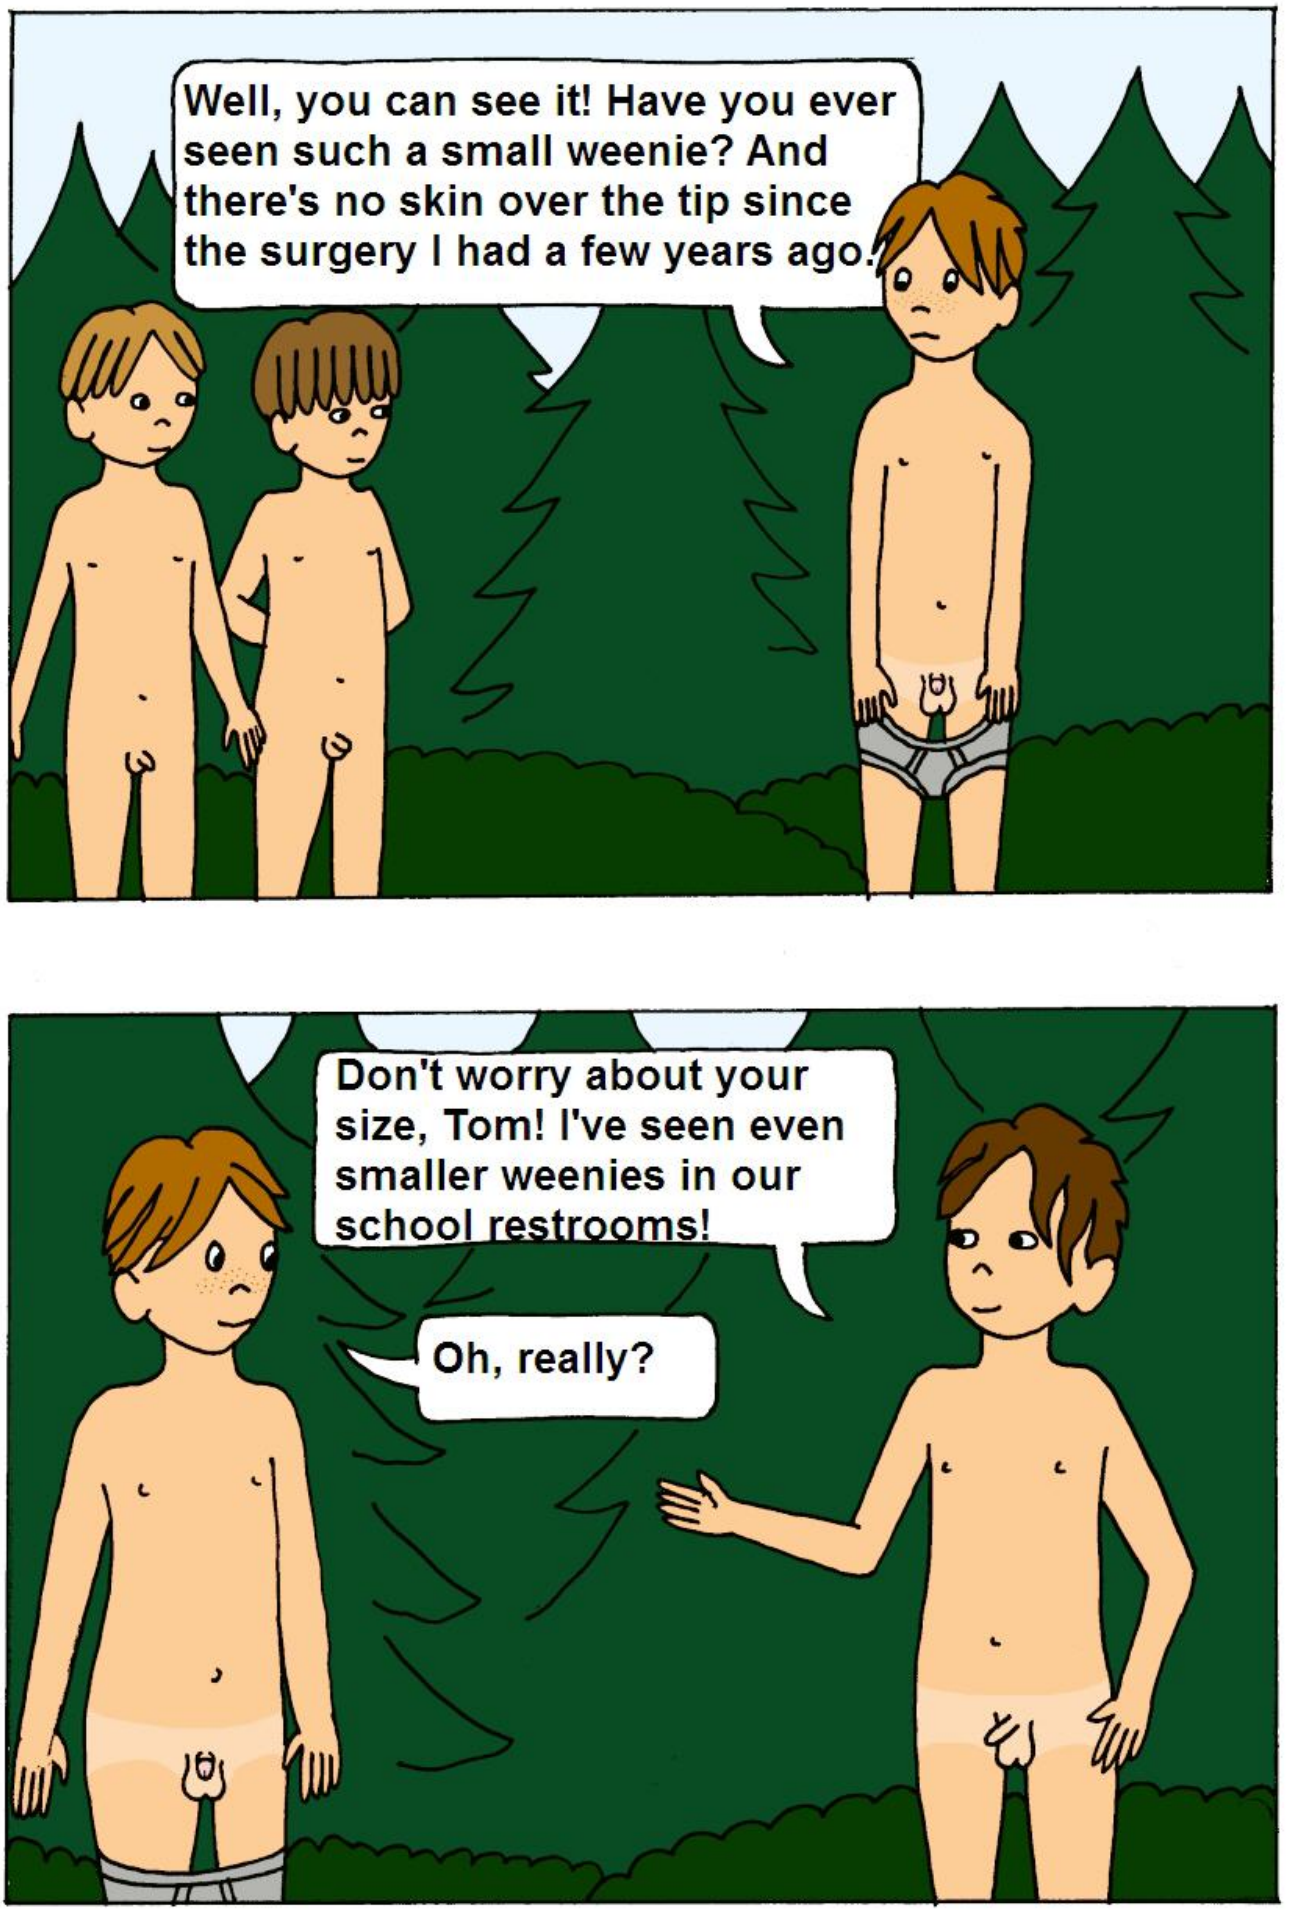
Who says we don't want you to stay here? If you want, we can be friends. I'm Adam and there are Rob and David.
Thanks, you're nice to me. My name's Tom and I'm 11 years old.



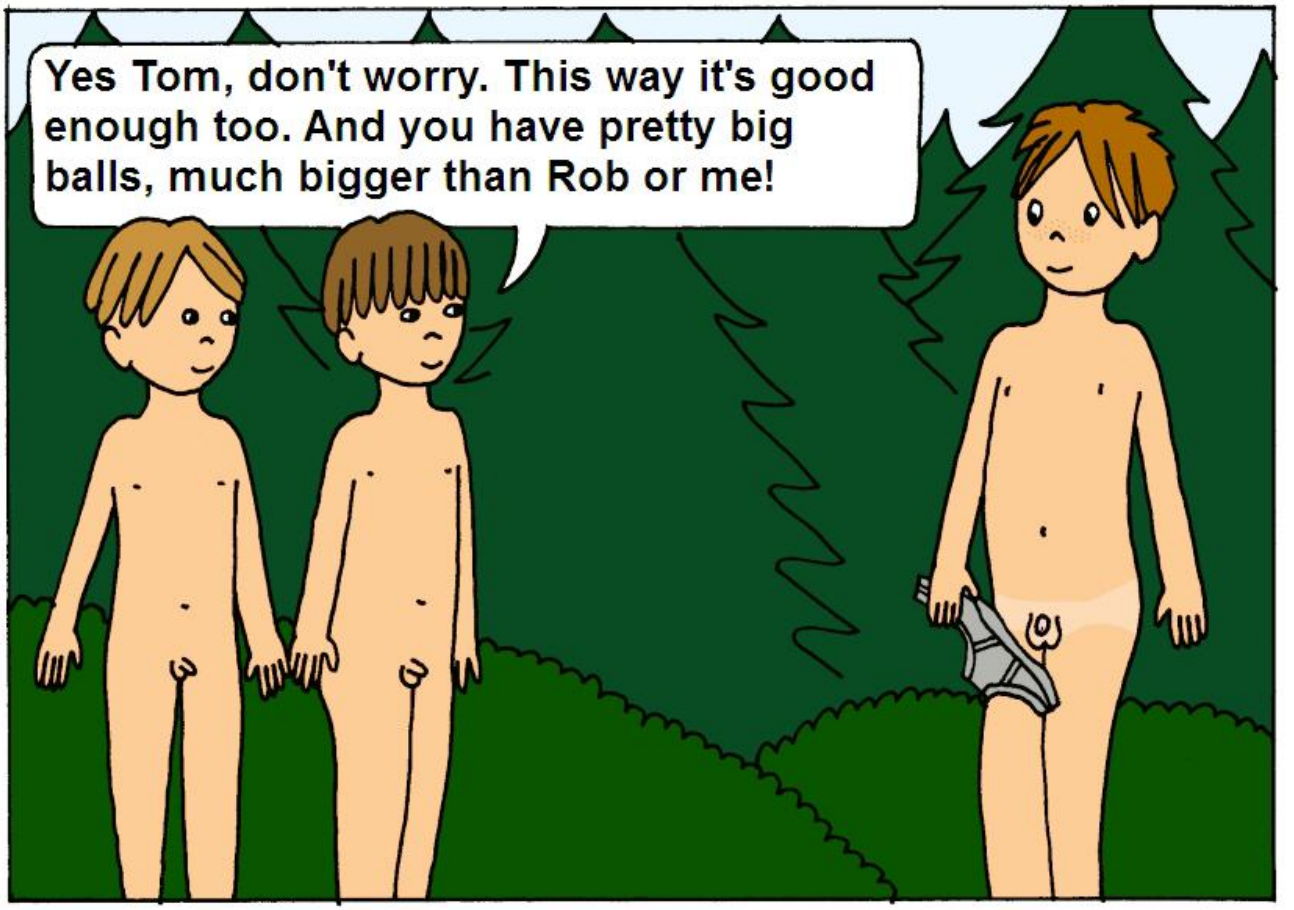
We told to Tom that we were about to swimm in the stream. He liked that idea, but ...
... but I have to tell you that we are used to get stark naked for swim- -ming in the stream.
Really? Oh, I've never been used to swimm naked. I'd rather leave my underwear on.



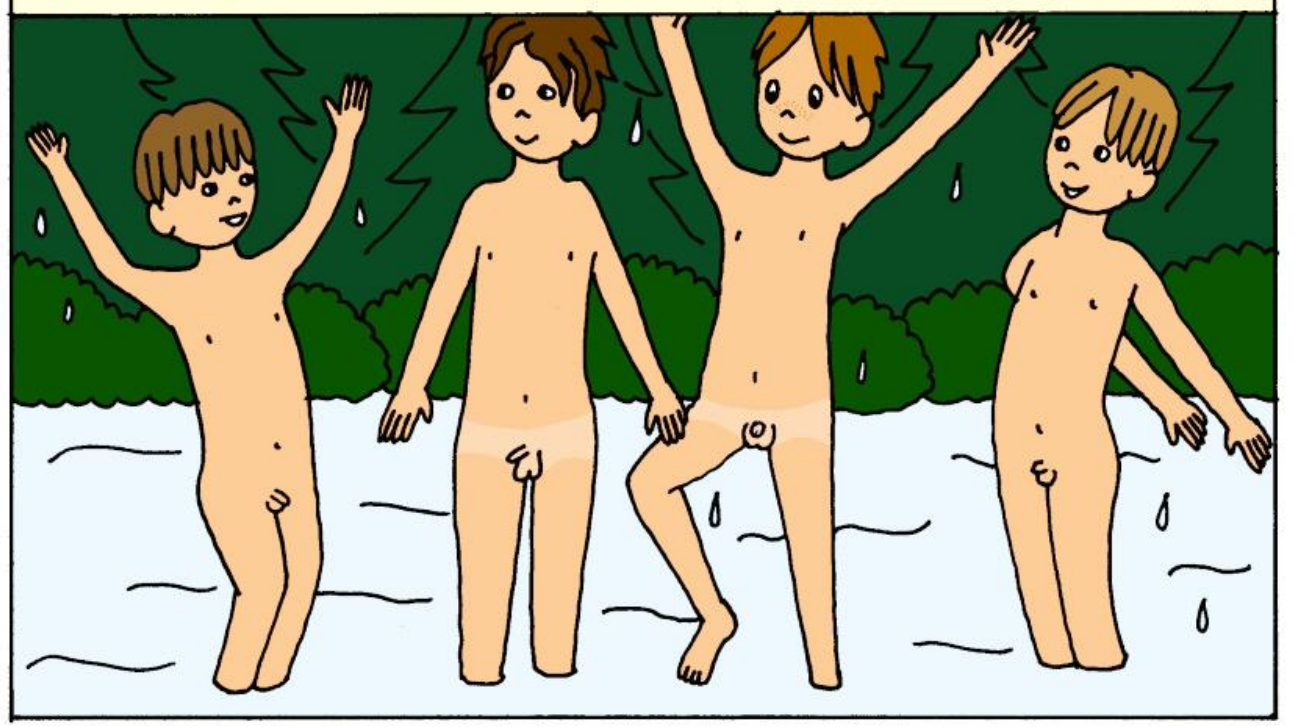
Two minutes later ...
Tom, why don't you take off your undies? We are all stark naked! Don't be shy and show us how your weenie looks like!
If you really want to see it ... But I have very small weenie! I hope you won't laugh ...

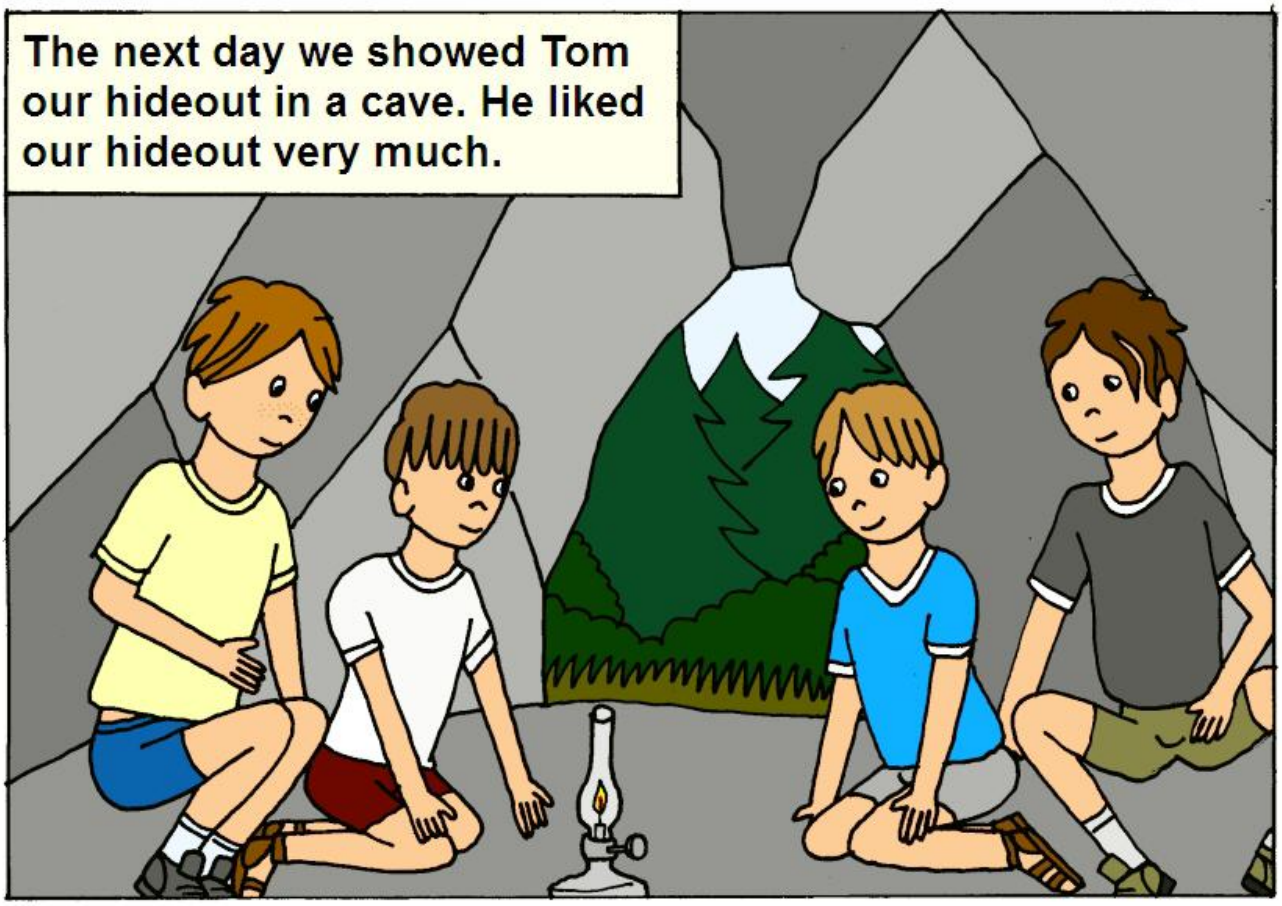


Well, you can see it! Have you ever seen such a small weenie? And there's no skin over the tip since the surgery I had a few years ago!
Don't worry about your size, Tom! I've seen even smaller weenies in our school restrooms!
Oh, really?

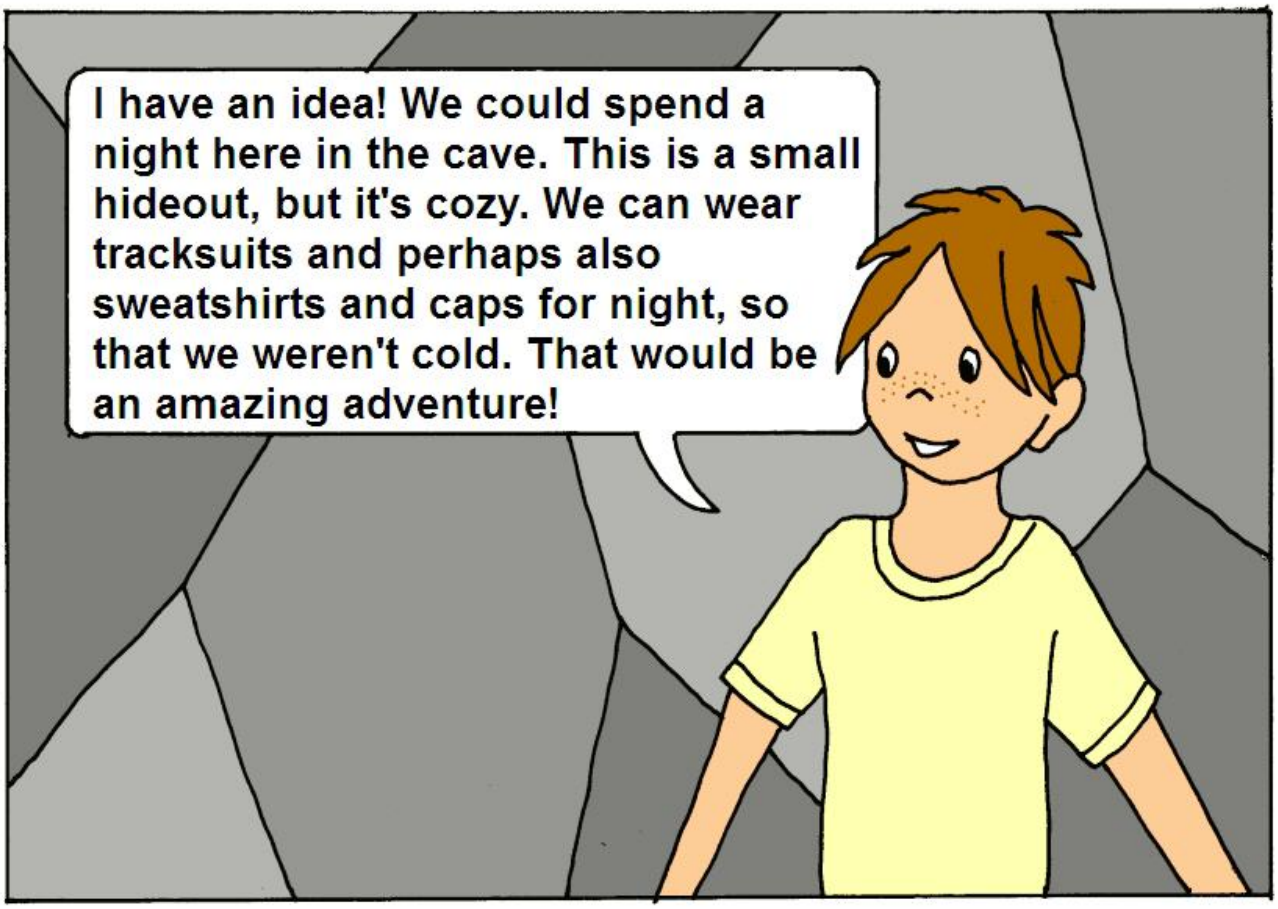


Tom forgot his shyness soon, and we all enjoyed our naked water games in the stream. We were yelling, screaming and splashing water all around.



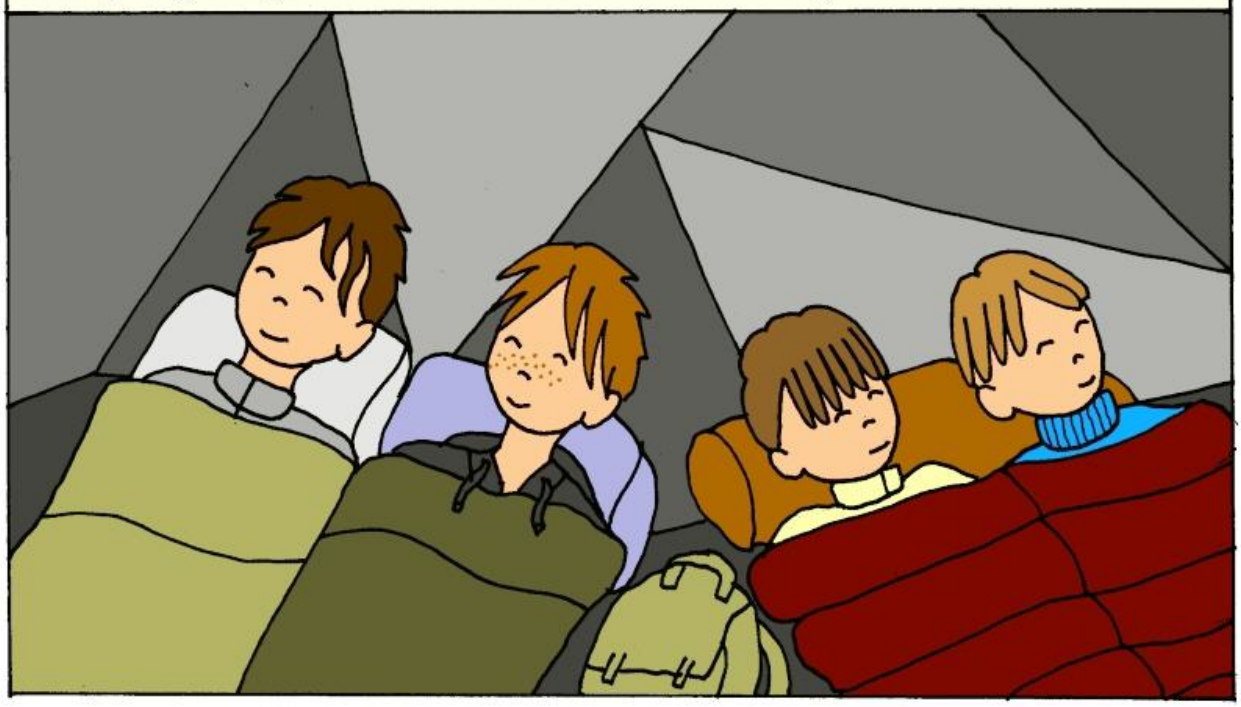


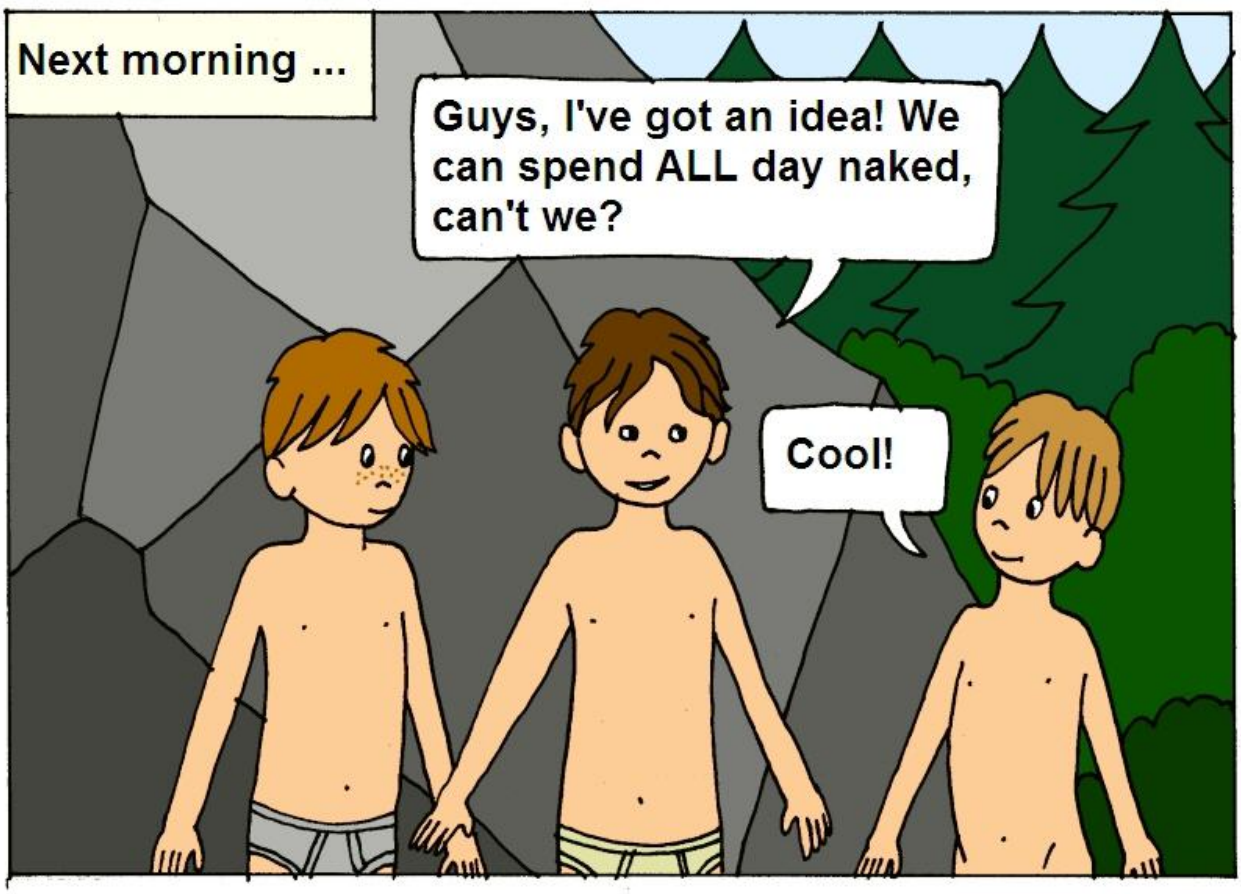
The next day we showed Tom our hideout in a cave. He liked our hideout very much.



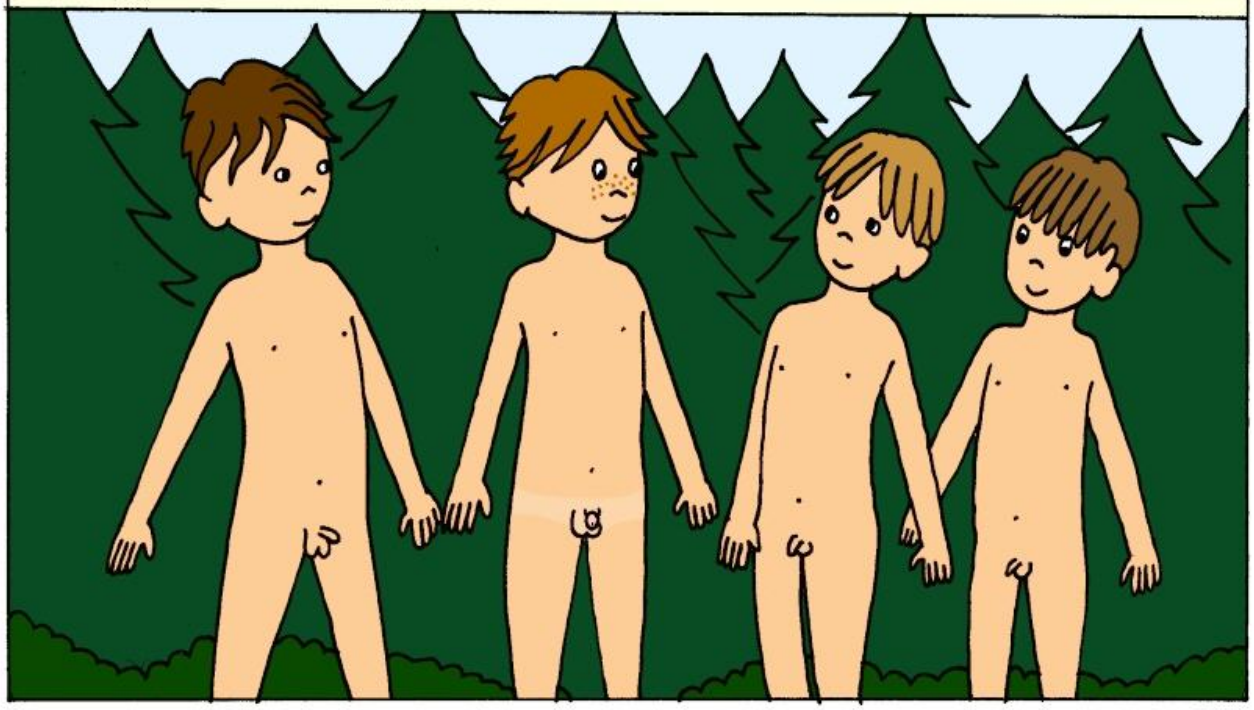
I have an idea! We could spend a night here in the cave. This is a small hideout, but it's cozy. We can wear tracksuits and perhaps also sweatshirts and caps for night, so that we weren't cold. That would be an amazing adventure!

Even it wasn't so easy, we made my grandfather and other boys' parents to let us sleep in the cave. We had our sleeping bags and wram clothes for night.

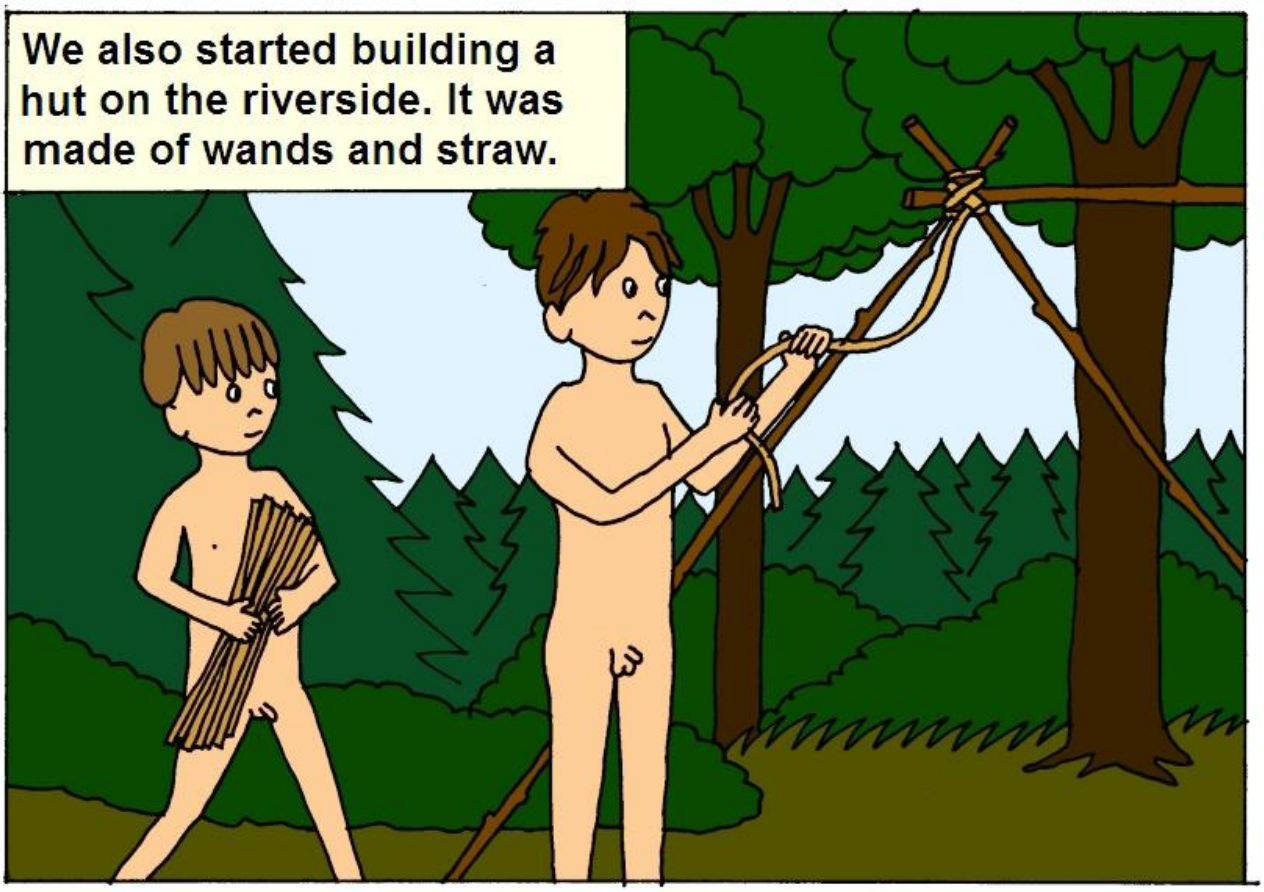


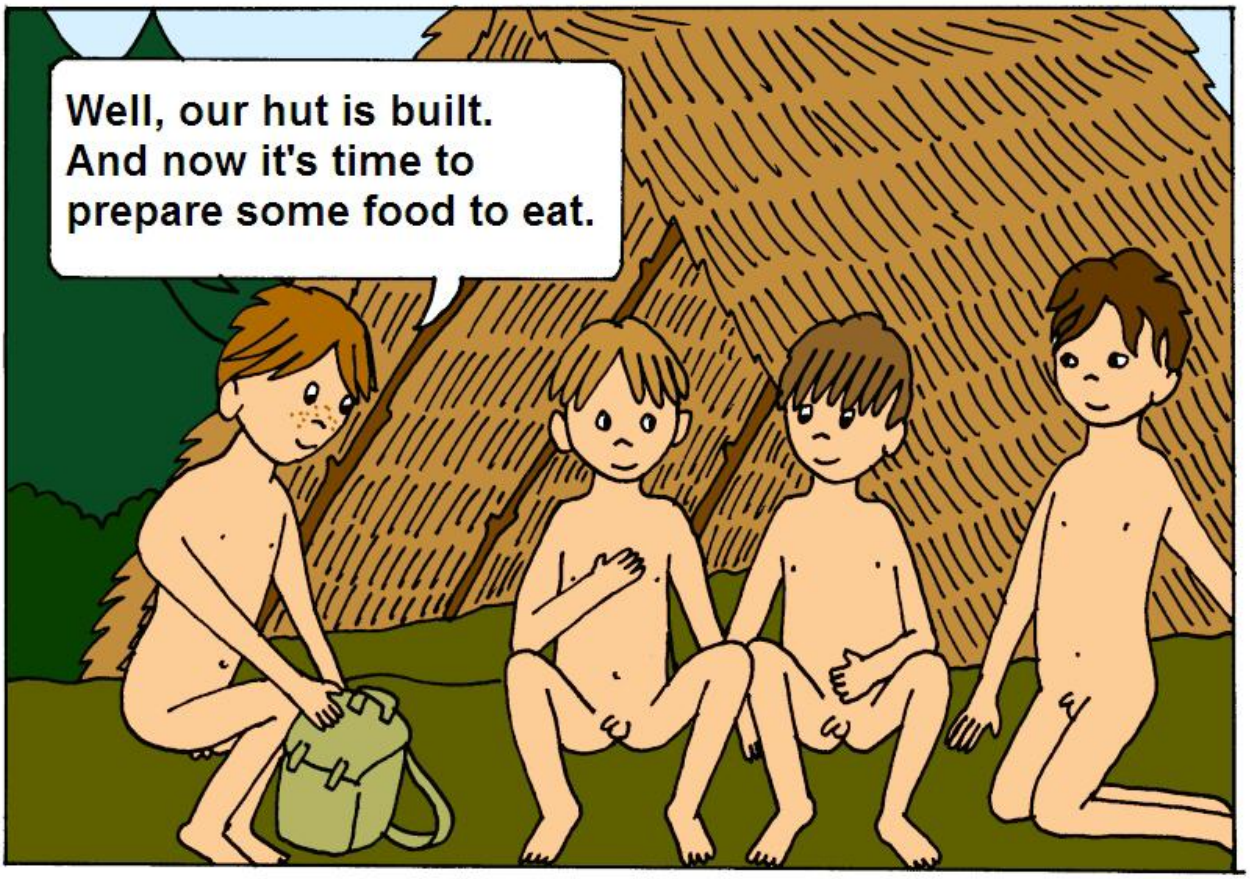


We decided to play a native tribe. The tribe must been kind of wild and uncultivated, because its members didn't know about clothes yet.

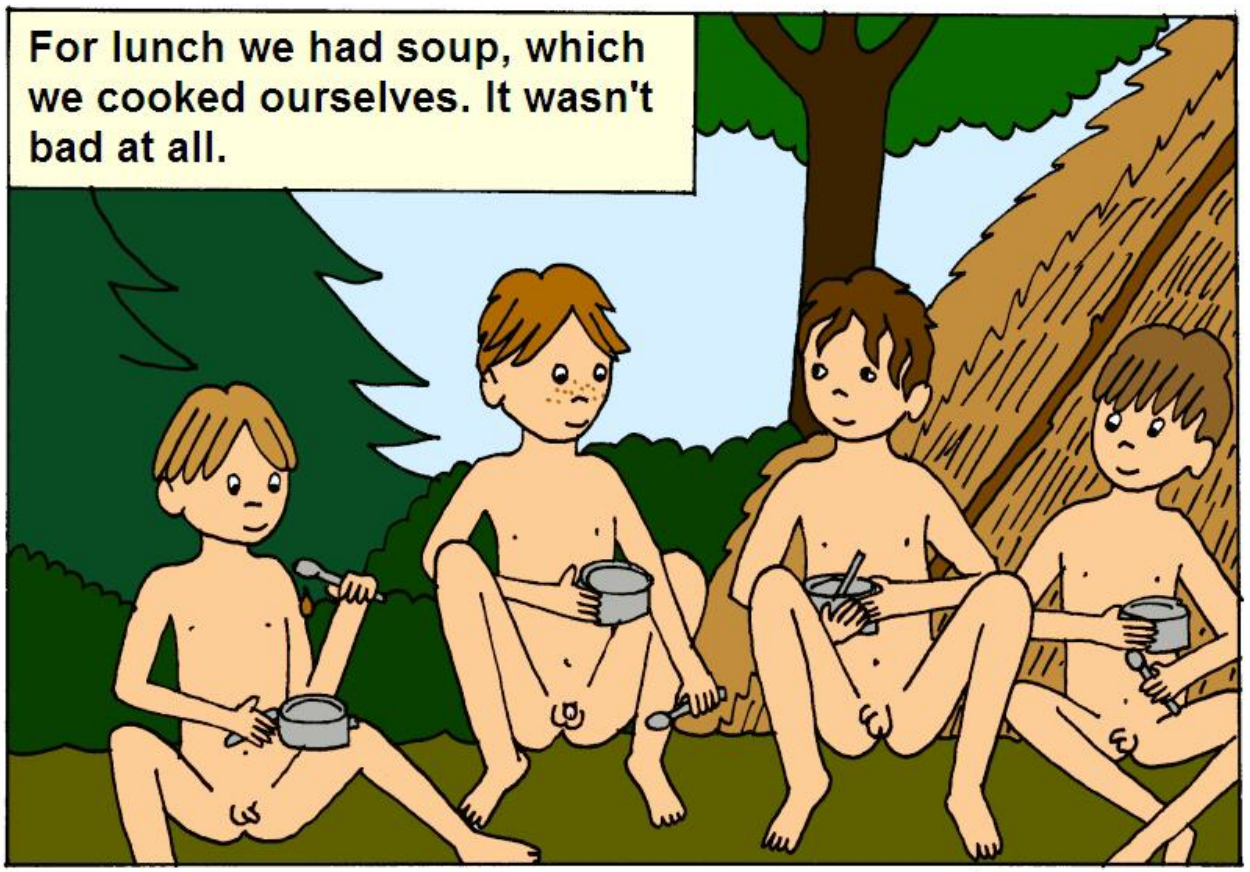


We also started building a hut on the riverside. It was made of wands and straw.





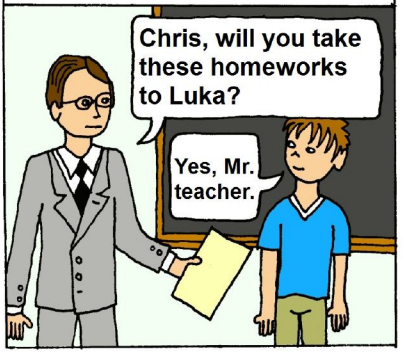
Well, our hut is built.
And now it's time to
prepare some food to eat.



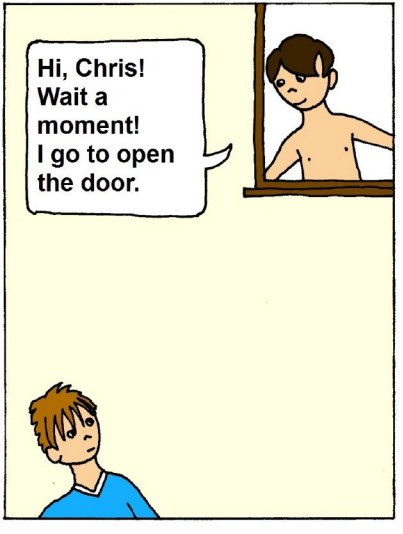
For lunch we had soup, which
we cooked ourselves. It wasn't
bad at all.

HOMEWORK

My new classmate, Luka, was sick for a few days, so our teacher ask me something ...



I have never visited Luka. He moved to our town from Italy just after the vacations.



When Luka opened the door, he seemed to be hurry ...

When I got to the entrance hall, I saw that Luka was stark naked!

Hi, Luka. There are some homeworks ...

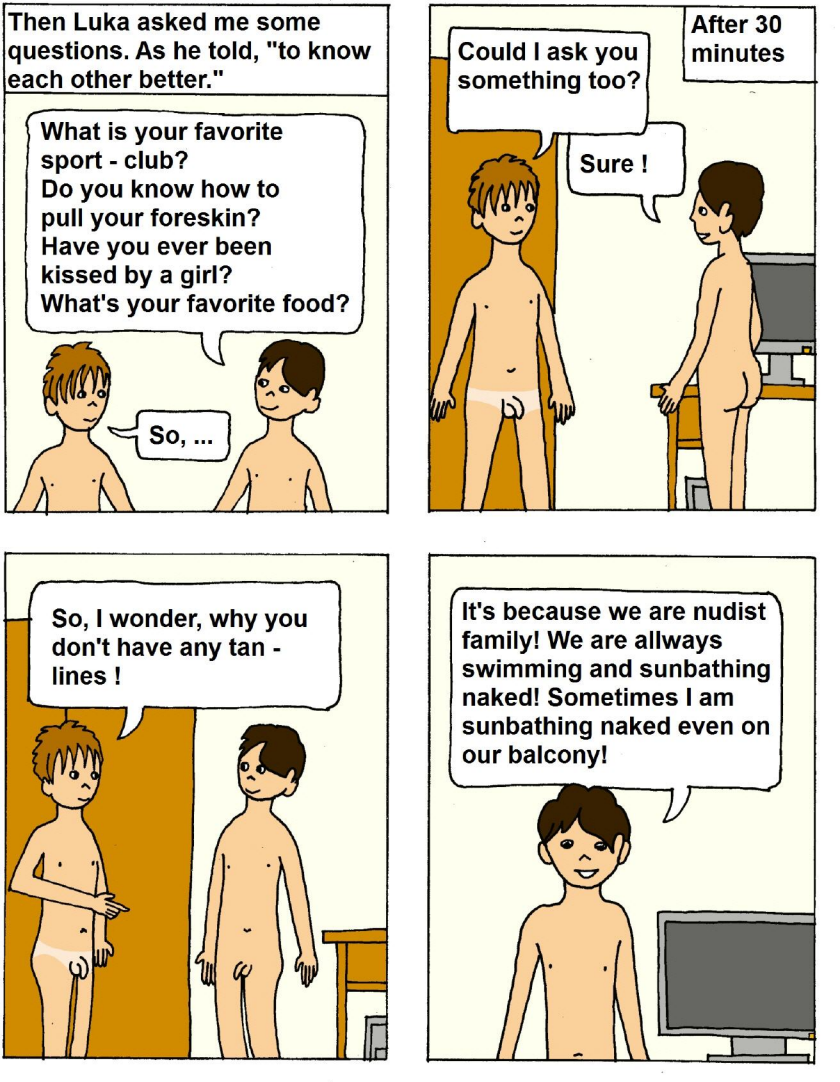
Why are you naked? You got a fever?

Oh, no! But I am used to be naked at home. Except when my grandmother comes to visit us.

Then Luka suggested me to strip all my clothes too.
He seemd to have no problems with nudity, so I did it.
Than we went to his room.

Luka has his own room.
I wasn't embarrassed in front of him.

You are the first classmate to know about my home -
- nudity.



Then Luka asked me some questions. As he told, "to know each other better."
What is your favorite sport - club?
Do you know how to pull your foreskin?
Have you ever been kissed by a girl?
What's your favorite food?
So, ...
After 30 minutes
Could I ask you something too?
Sure !
So, I wonder, why you don't have any tan - lines !
It's because we are nudist family! We are allways swimming and sunbathing naked! Sometimes I am sunbathing naked even on our balcony!

Suddenly, the door was opened and somebody entered the room. It was a girl. And she was very nice ... And stark naked.

Luca, could you ... Oh, I'm sorry, I haven't known that you've got a guest !

It's o.k. This is my classmate and friend Chris. Chris, this is my sister, Lucia.

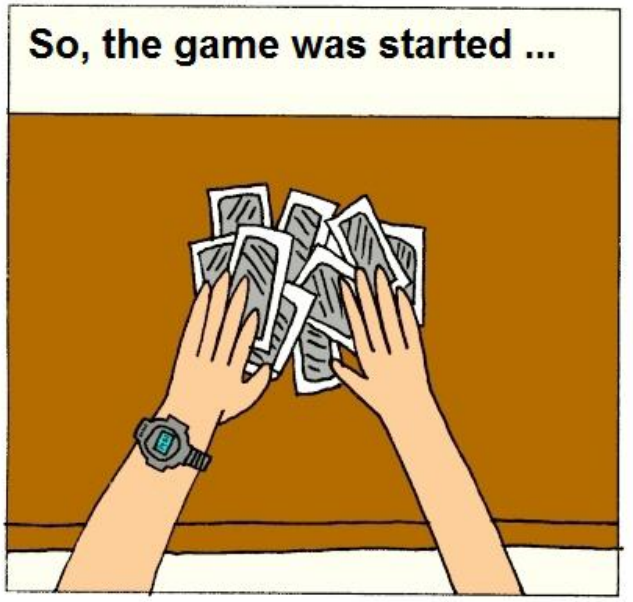
We were talking and I was looking at Lucia. She was so pretty! Suddenly I started to feel well-known feeling down there

Lucia must noticed "how much I liked her"! But she didn't say anything, to not make me embarrassed. She was tactful.

We both fell in love. And soon, Lucia became my girl-friend.

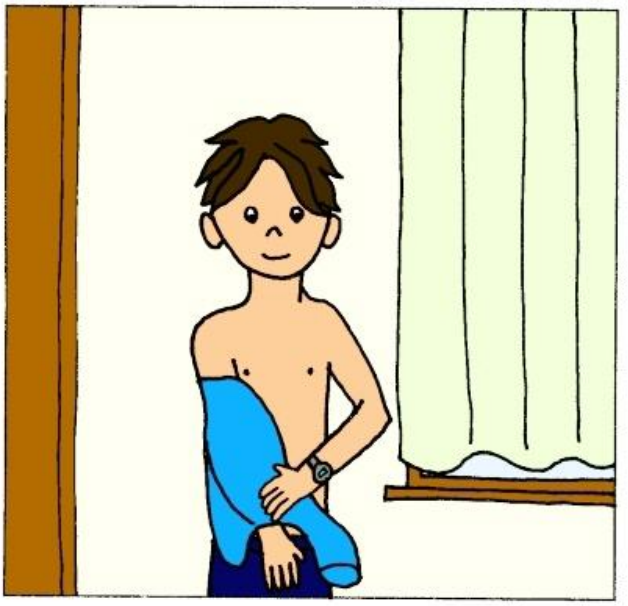
STRIP POKER

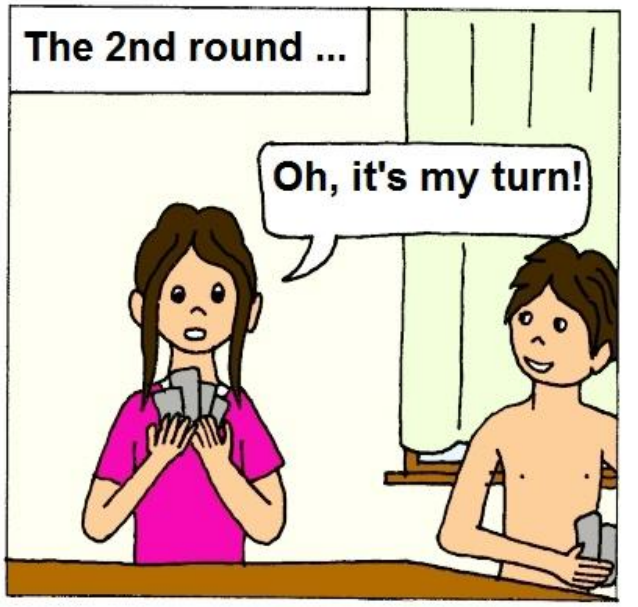
Well, this game turned realy boring!
No real stakes ... It sucks!
We don't have any money!
That's true ... But I got an idea!
Wanna play a strip - poker?
Huh! Eric, you must be joking!
I go in for! If everyone goes too.
Alex, do you mean to strip completely?
Well, if you boys go in for, I'll go too!
I'll se yours and you'll see mine!
It sounds fair!
O' kay. Let's go!



So, the game was started ...

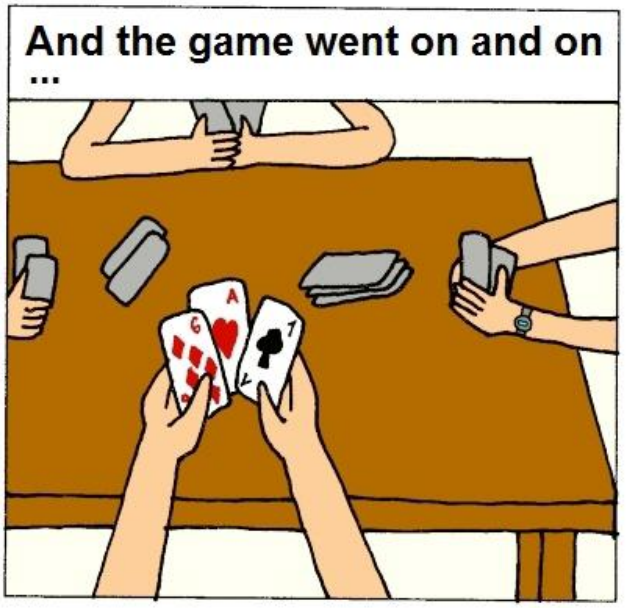
3 Jacks!
Aces & Kings!
Well, I seem to lost ...
2 pairs!



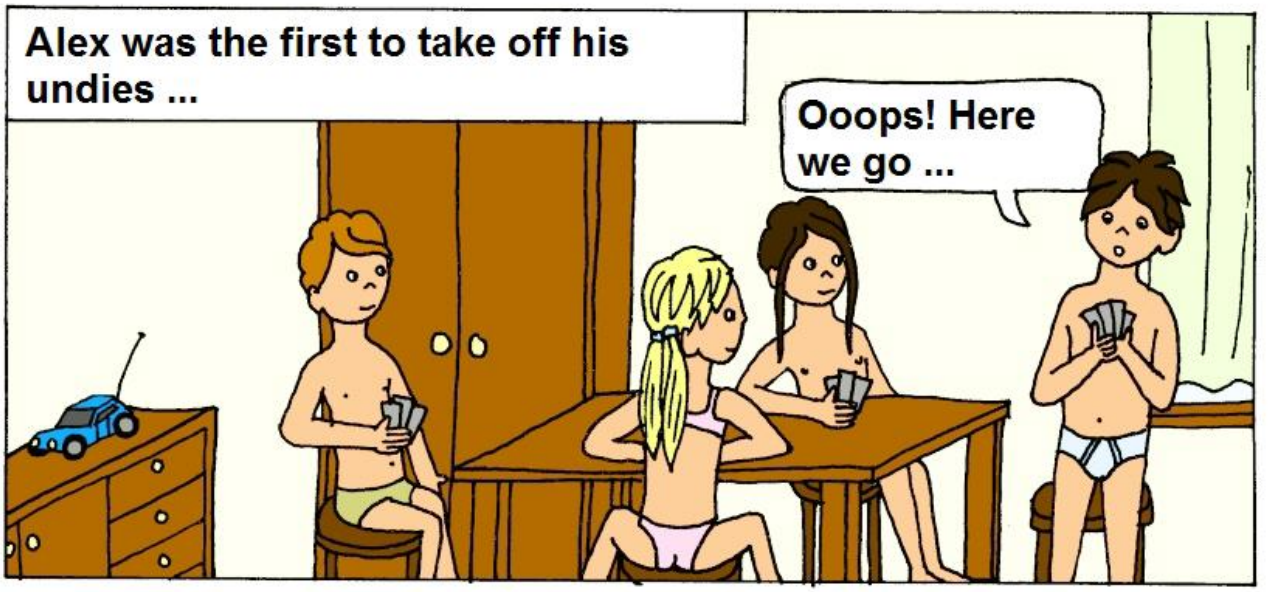


The 2nd round ...
Oh, it's my turn!

Vivian, don't you wear a bra?
I don't need any yet.

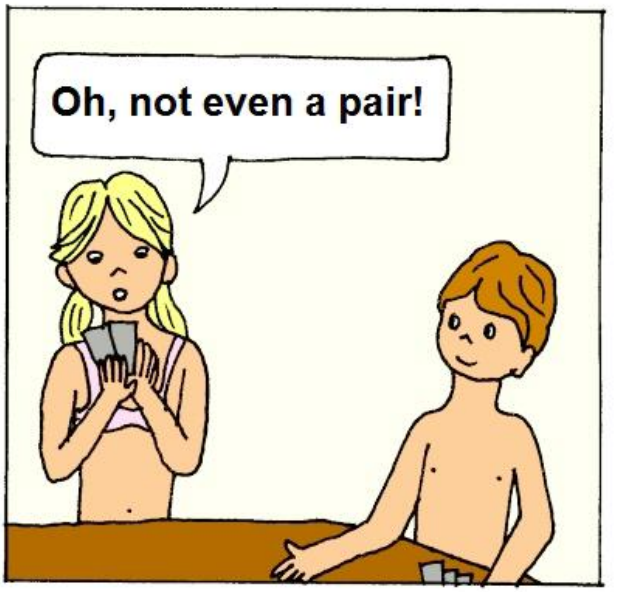


And the game went on and on ...

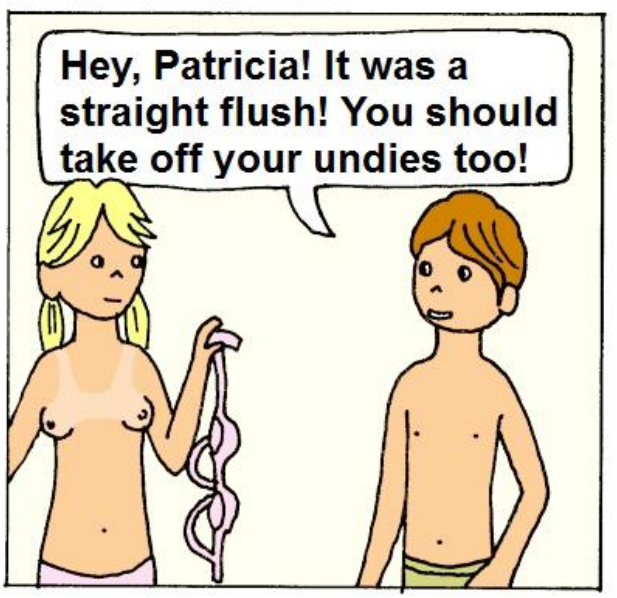


Alex was the first to take off his undies ...
Ooops! Here we go ...

Here I am! Look at me!

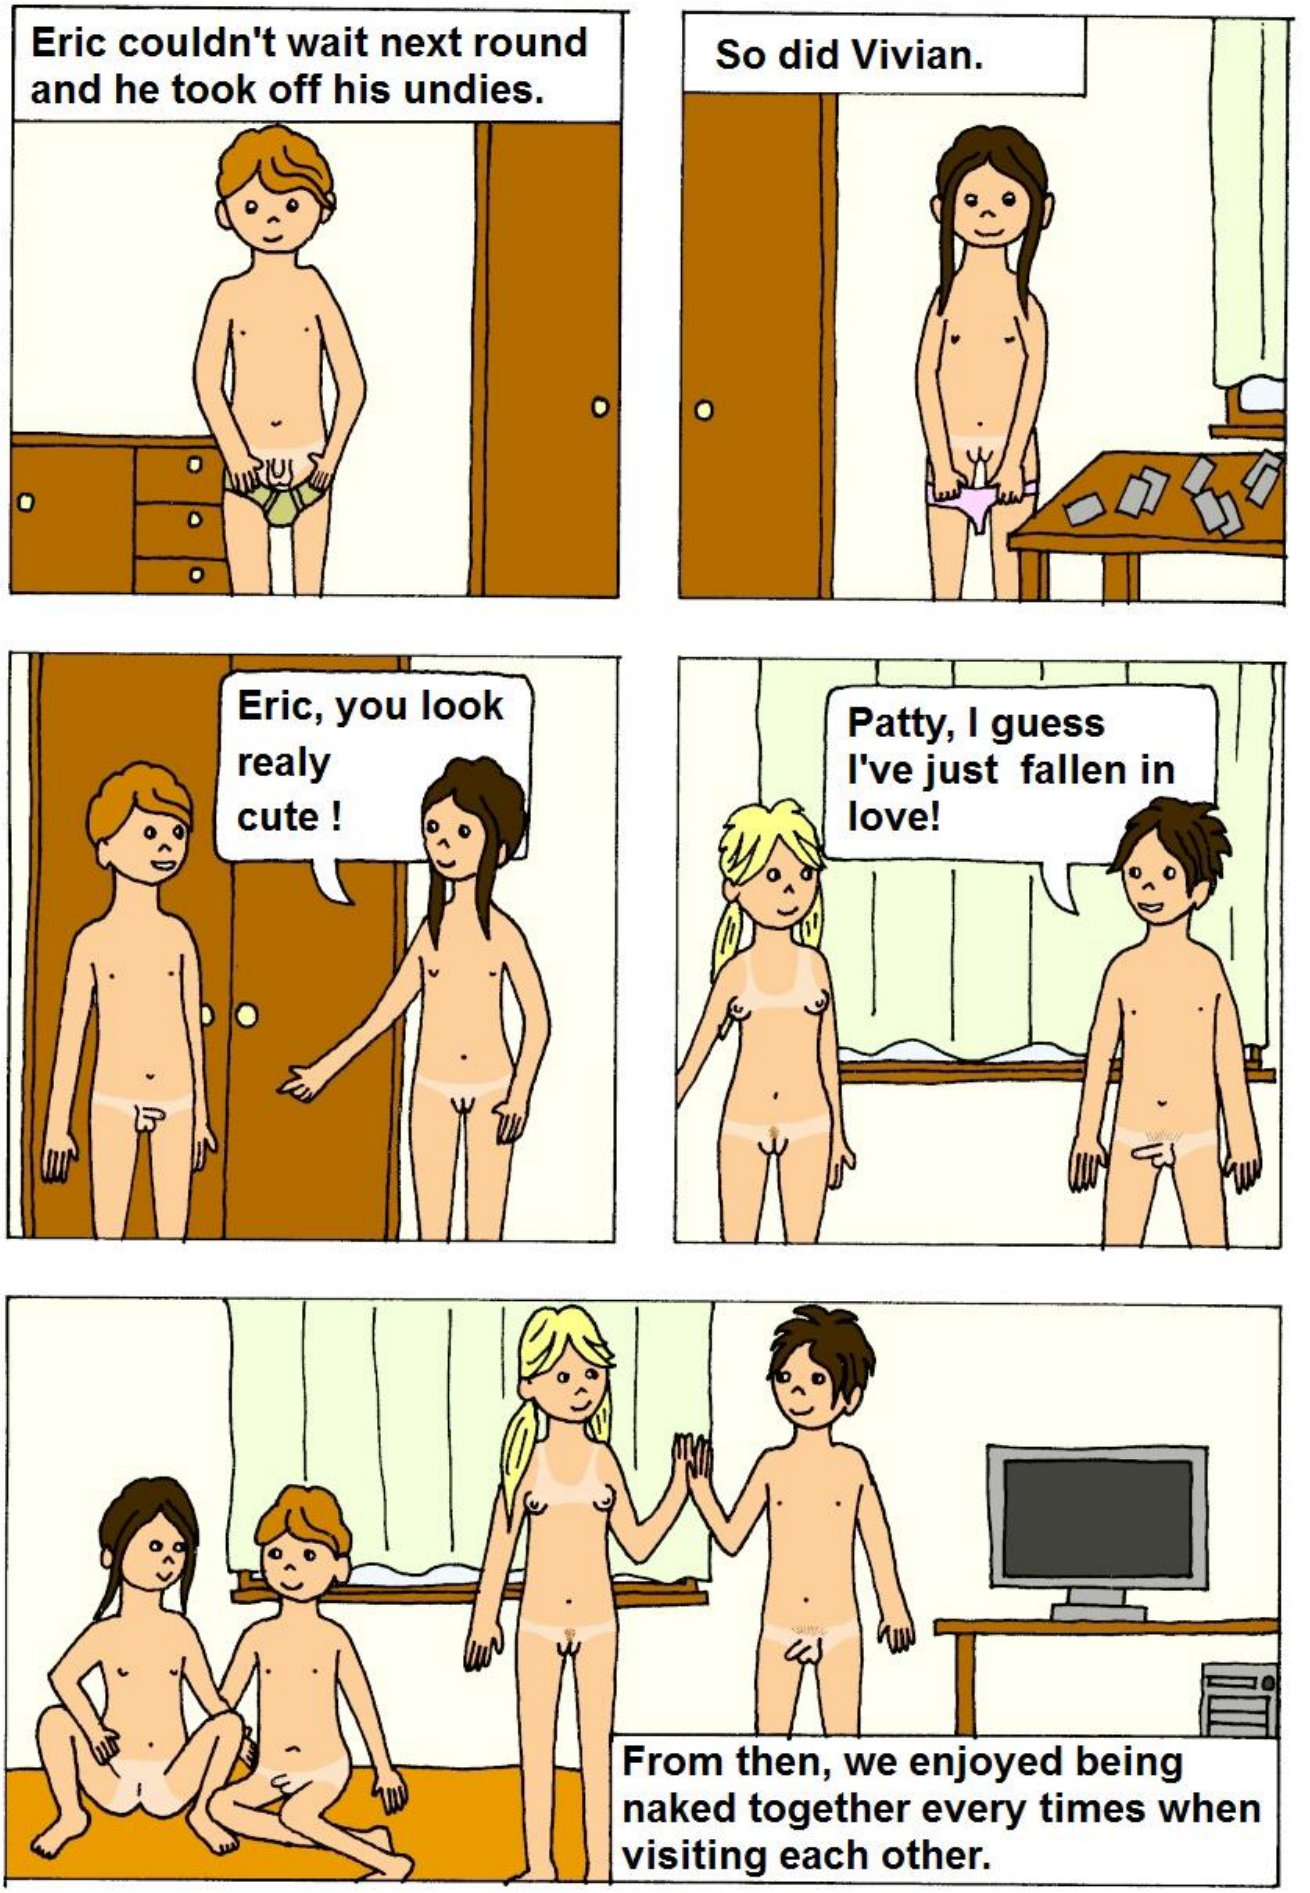


Oh, not even a pair!



Hey, Patricia! It was a straight flush! You should take off your undies too!

Well then. Fair is fair ...

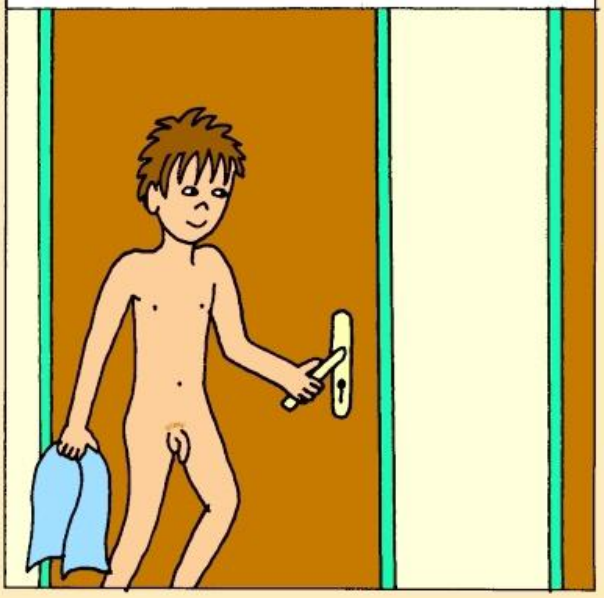


Eric couldn't wait next round and he took off his undies.
So did Vivian.
Eric, you look realy cute !
Patty, I guess I've just fallen in love!
From then, we enjoyed being naked together every times when visiting each other.

SHOWER ACCIDENT

Once on afternoon I was taking shower and I forgot the time.

I left the bathroom and went to my room stark naked.



Then the shock came, because my friend Alex was sitting in my room.

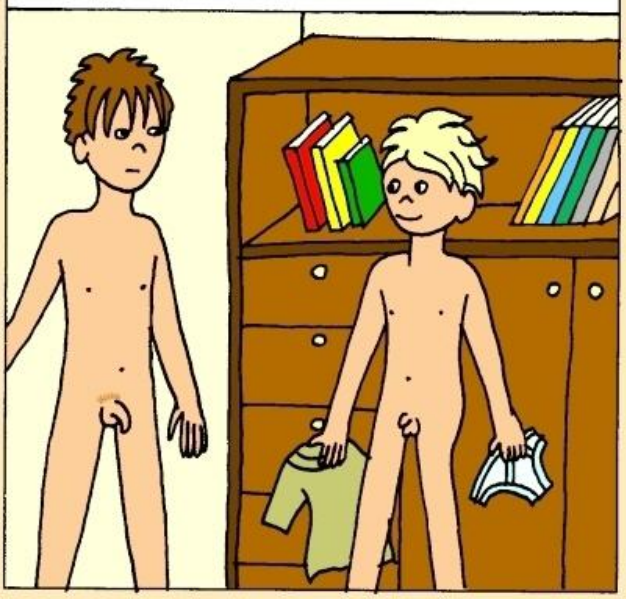
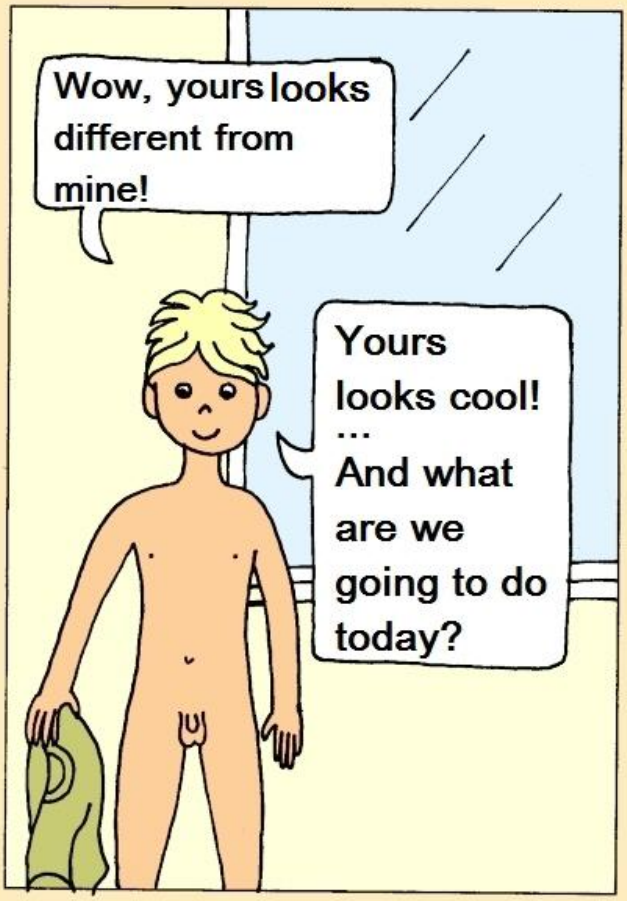
Come on, Chris, that's no problem for me! I am naked every times I am home alone.
Can I undress too?

Before I could say anything, Alex took off his clothes, so we were both naked.
Because I was 3 years older, he peeked at me curiously...



Wow, yours looks different from mine!

Yours looks cool!
...
And what are we going to do today?



It was cool and funny.
We were just doing what we were normaly used to do, but that day we were doing it stark naked.

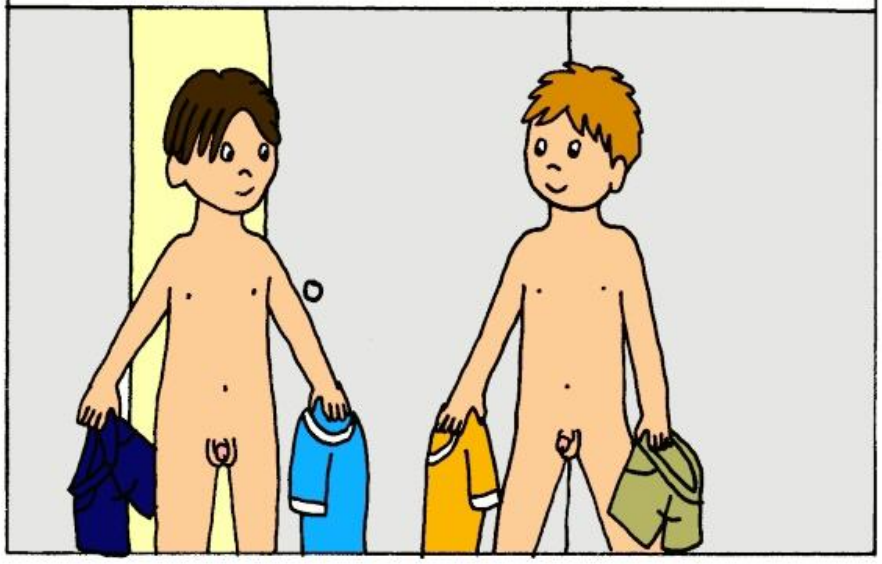
Once we were at the public park with my friend Steve.

Steve, I have to go to the restroom!
Me too!

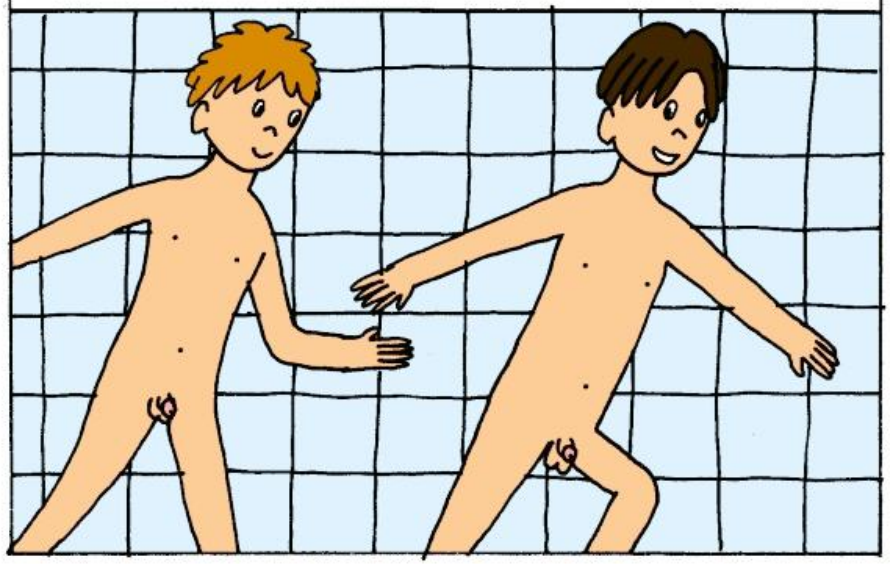
So we went to restroom ...

Hey, Jimmy, will you dare to take off all your clothes?
Now and here!
Yes Steve, but only if you will too!

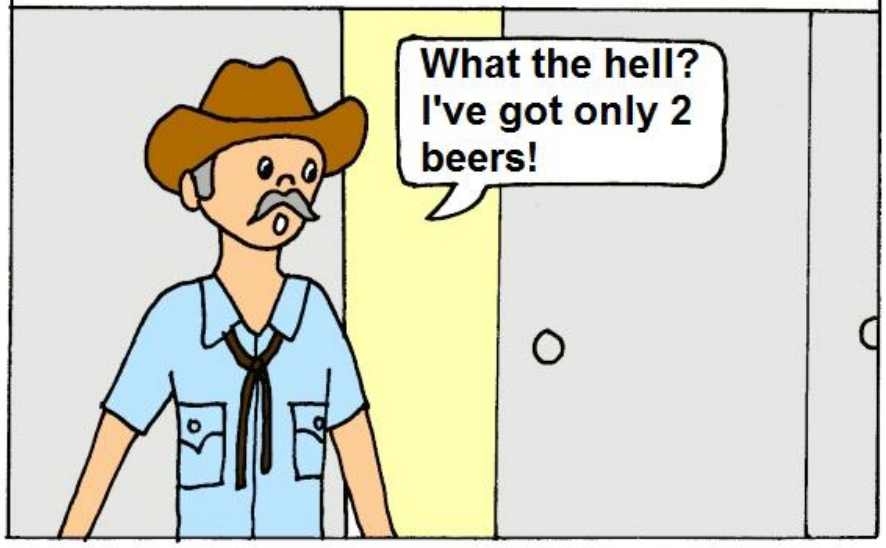
So we both got naked in the restroom.



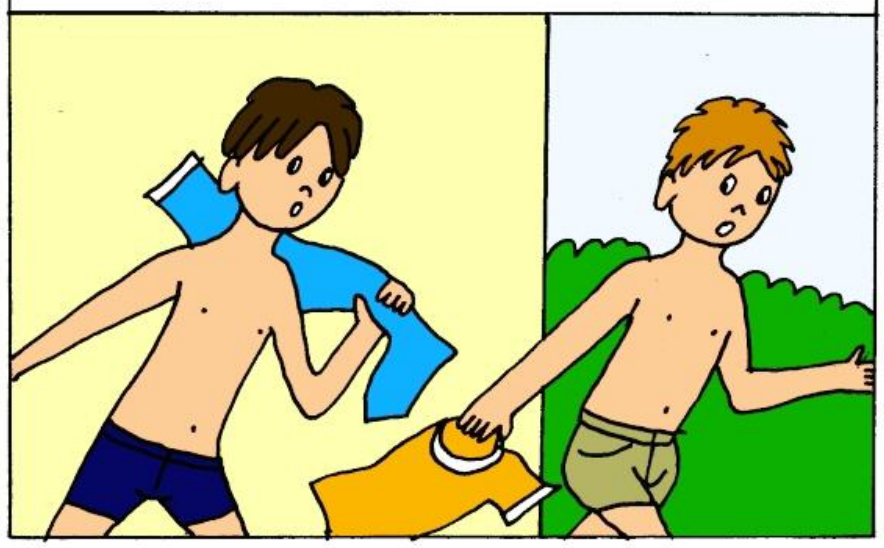
Then we were running naked around.

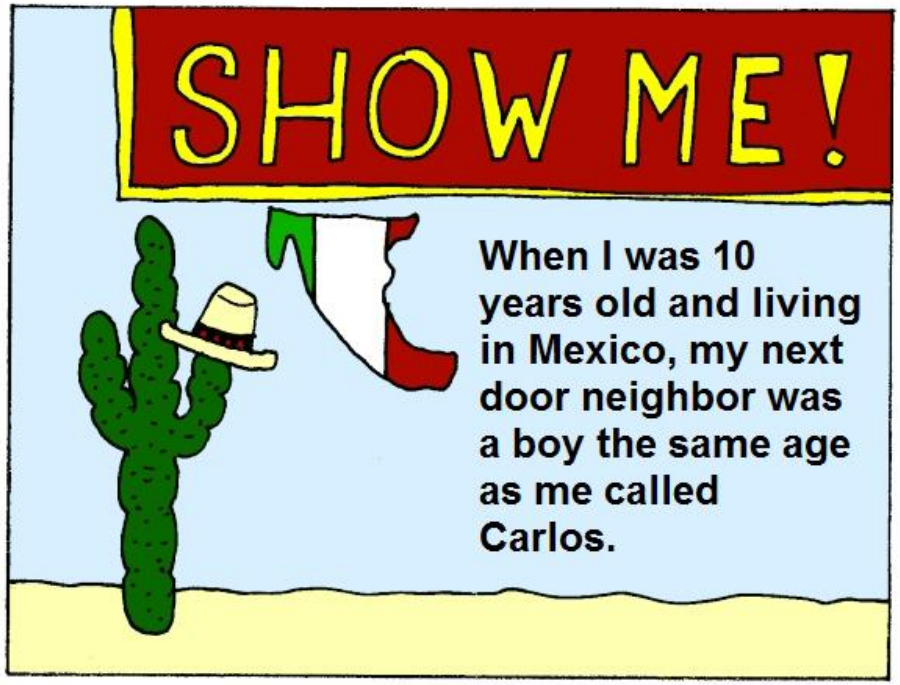


Suddenly, a man walked in and he saw us.

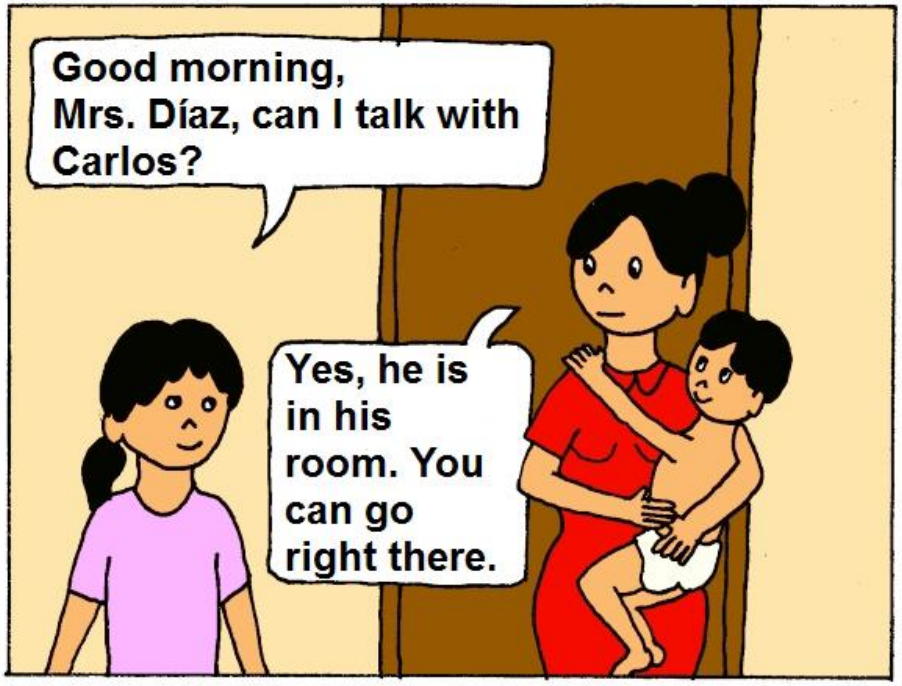


So we had to take on our shorts and withdraw as fast as possible.



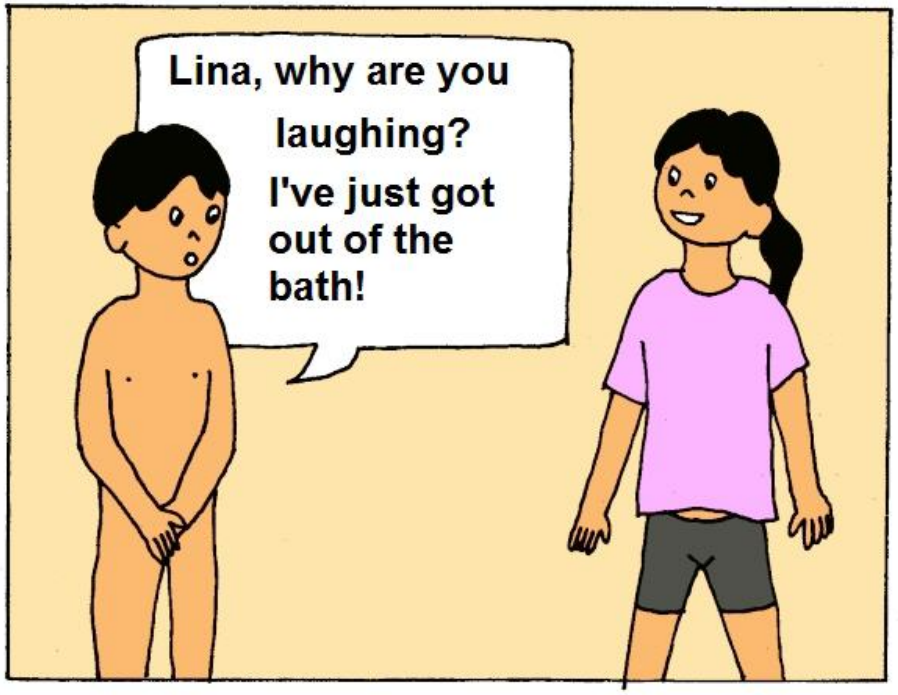


SHOW ME!
When I was 10 years old and living in Mexico, my next door neighbor was a boy the same age as me called Carlos.



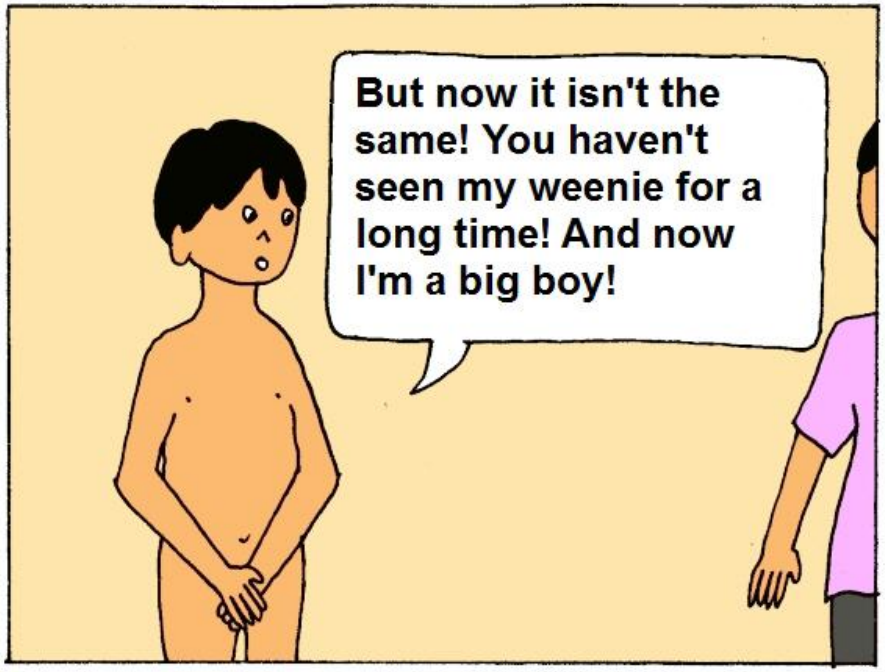
Good morning, Mrs. Díaz, can I talk with Carlos?
Yes, he is in his room. You can go right there.

Once I opened the door, there was a surprise ...
Oh ...



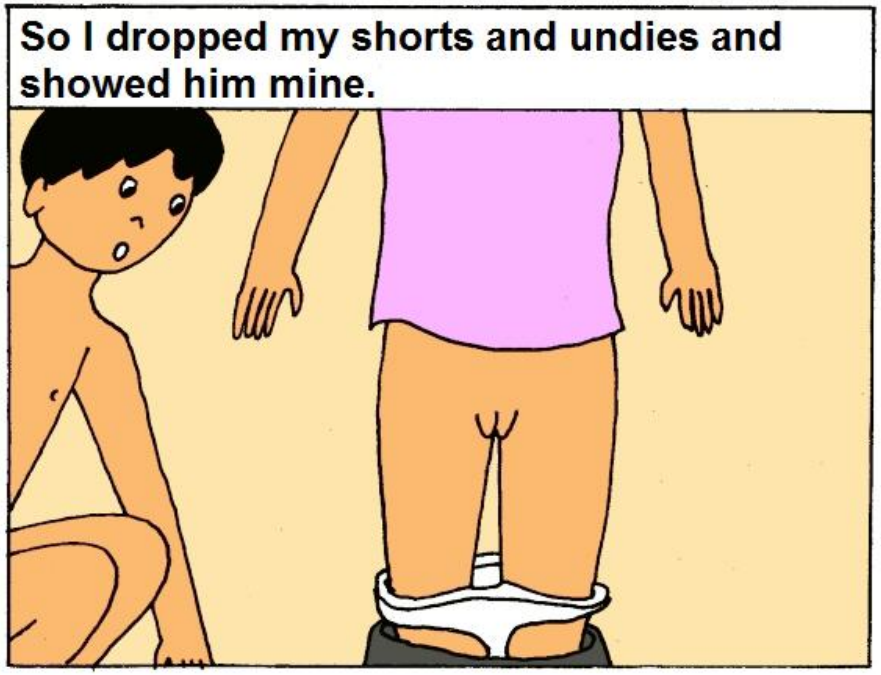
Lina, why are you laughing?
I've just got out of the bath!

Sorry, but I wasn't making fun of you! And it isn't a big deal, I've already seen you naked when we were small and our parents used to bath us together!

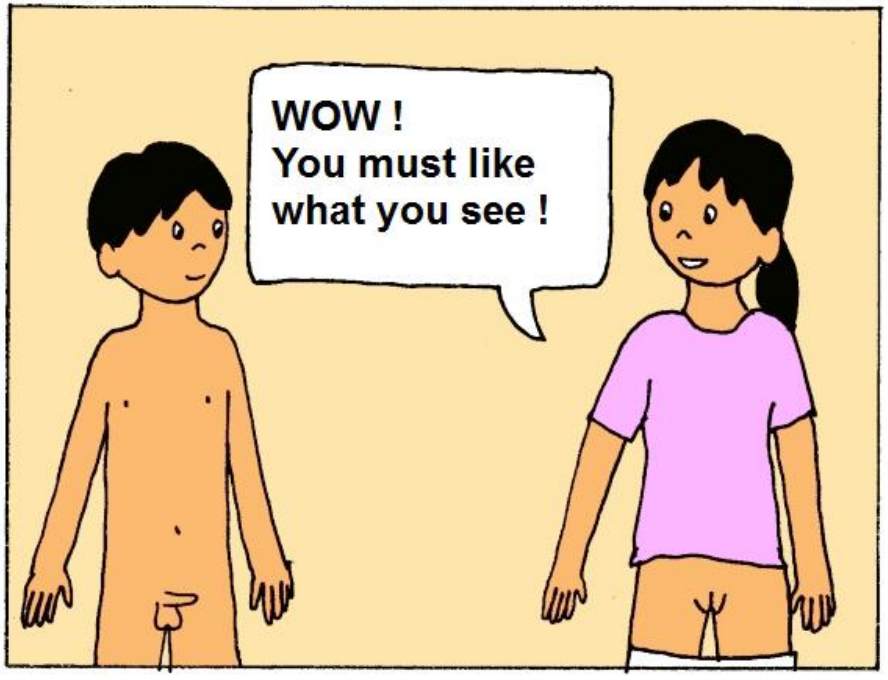


But now it isn't the same! You haven't seen my weenie for a long time! And now I'm a big boy!

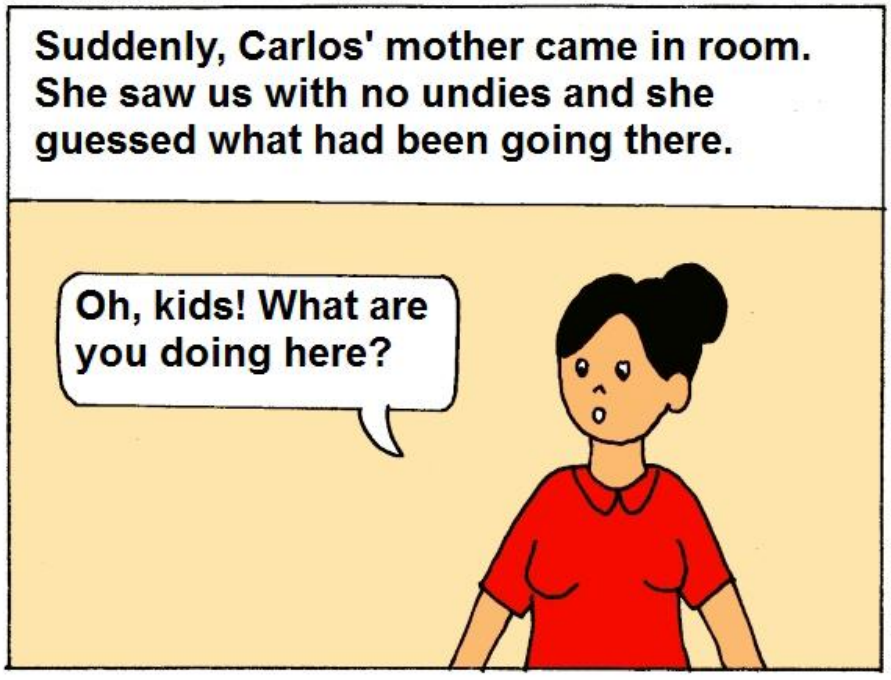
Well, I can show you my slit too, so that it was fair!



So I dropped my shorts and undies and showed him mine.

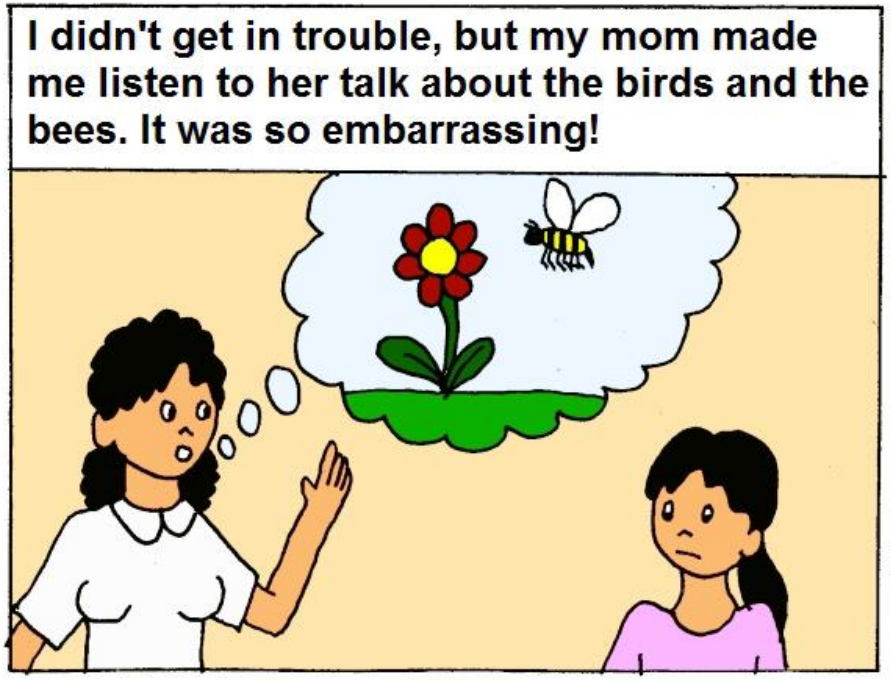


WOW !
You must like what you see !



Suddenly, Carlos' mother came in room. She saw us with no undies and she guessed what had been going there.
Oh, kids! What are you doing here?

Carlos' mom told my mom what happened.

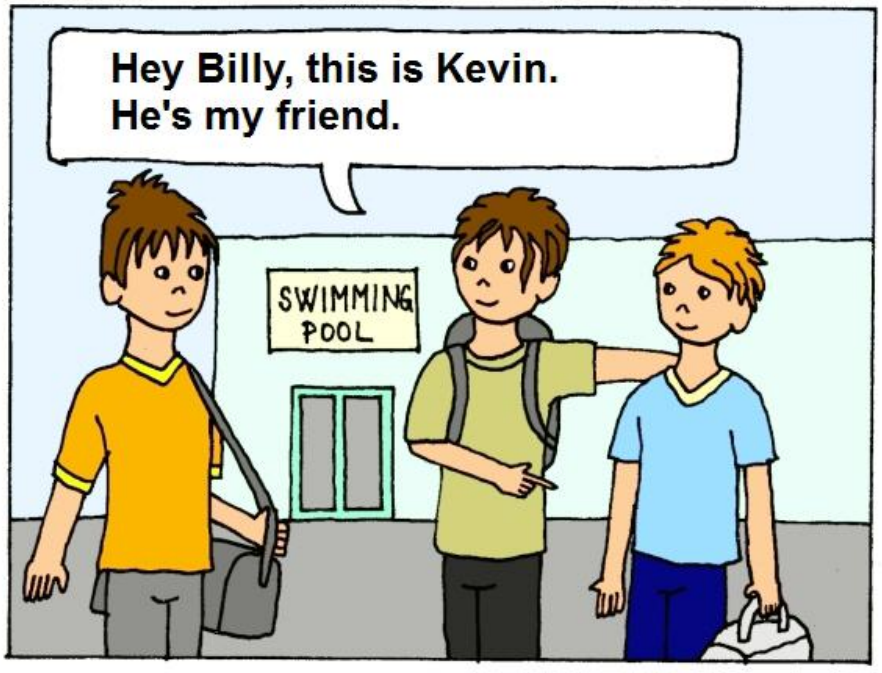


I didn't get in trouble, but my mom made me listen to her talk about the birds and the bees. It was so embarrassing!

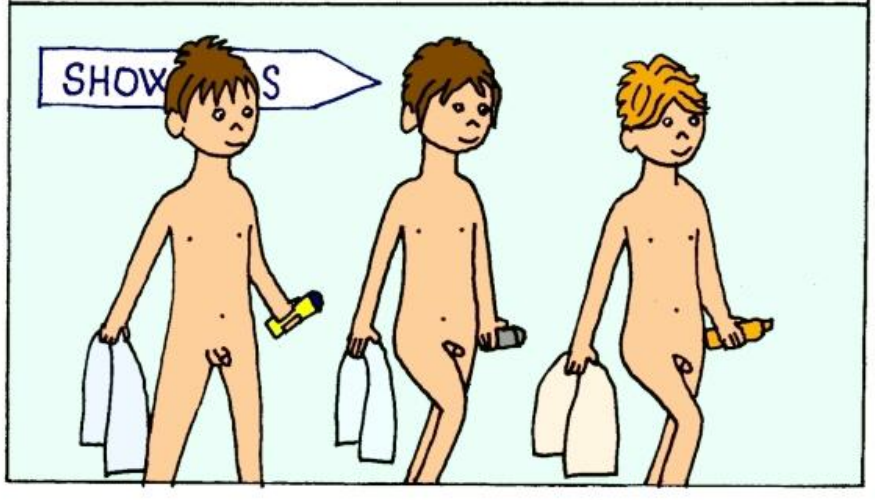
SWIMMING

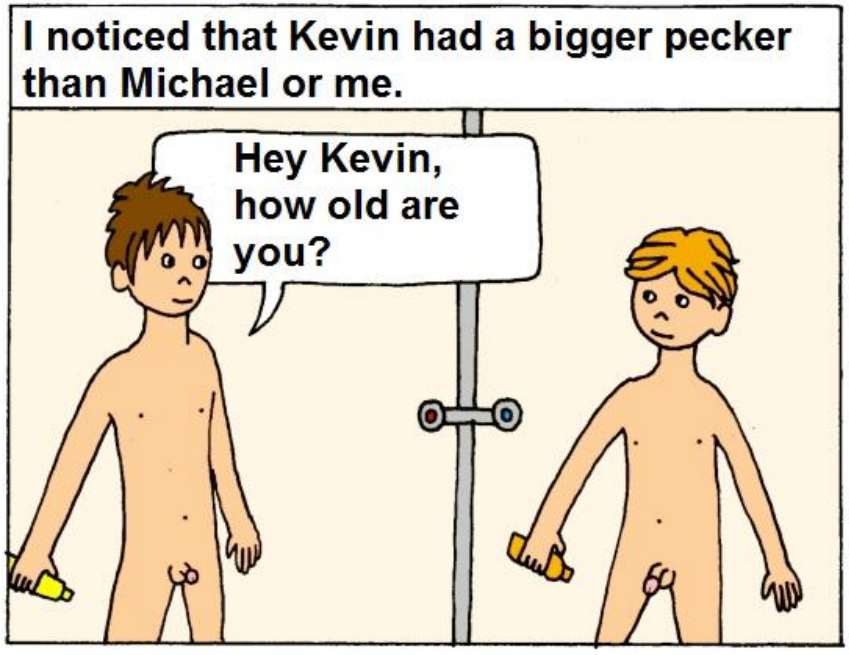
Based on story from Billy, 12 years

I went swimming the other day with my friend Michael. Michael had brought a friend with him ...

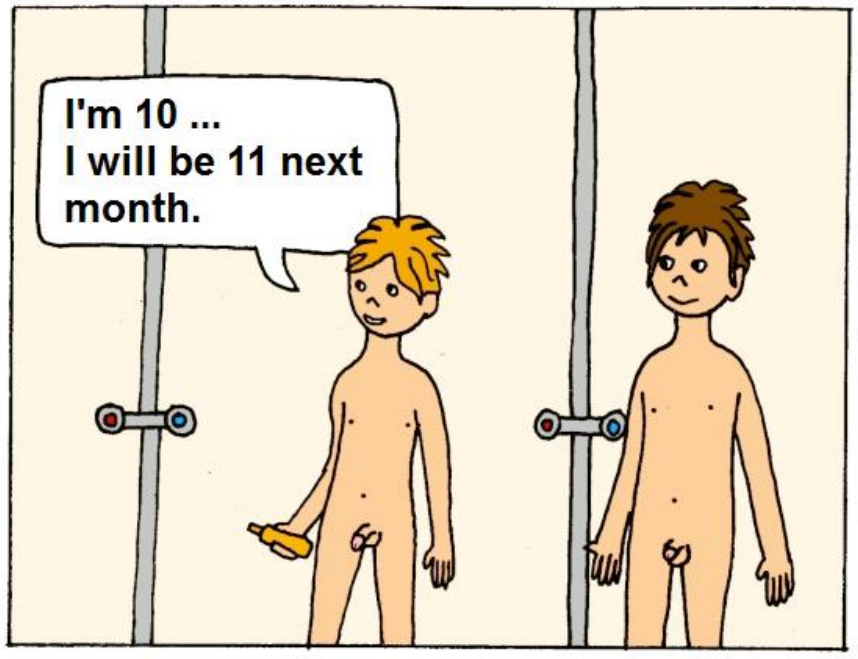


We took our clothes off and put them in our lockers. Then we went to showers naked.

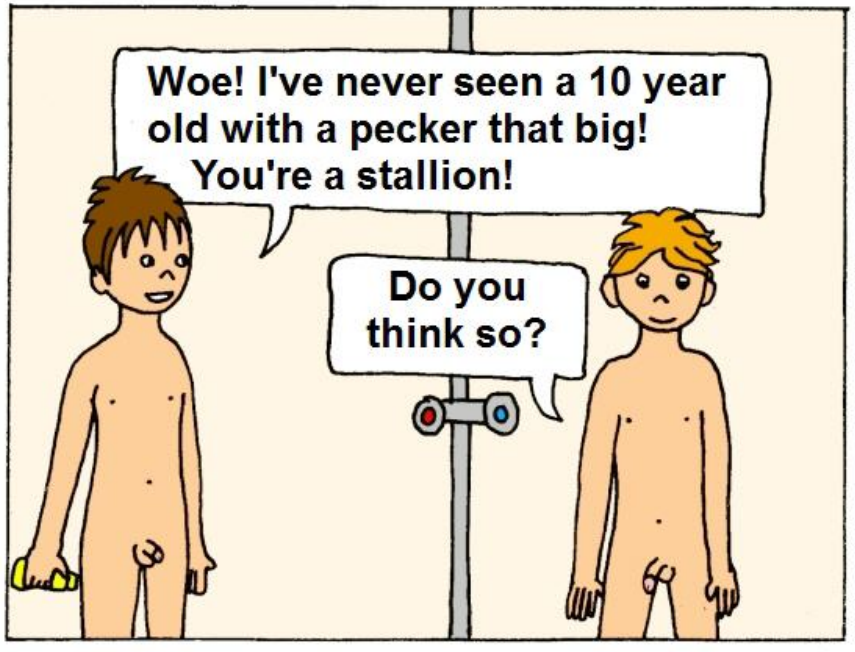




I noticed that Kevin had a bigger pecker than Michael or me.
Hey Kevin, how old are you?



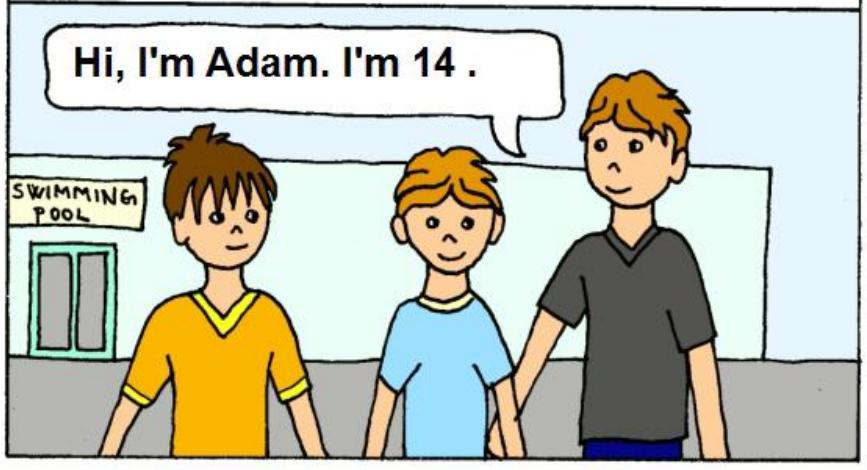
I'm 10 ... I will be 11 next month.



Woe! I've never seen a 10 year old with a pecker that big! You're a stallion!
Do you think so?

Well, you should see my big brother's pecker!
We all were laughing for a while. Then we went to swim.

Next week, we went swimming with Kevin's big brother, Adam.
He was 4 years older than Kev.



When we got undressed, I secretly peeked at Adam.
I could not wait to see him in the shower.

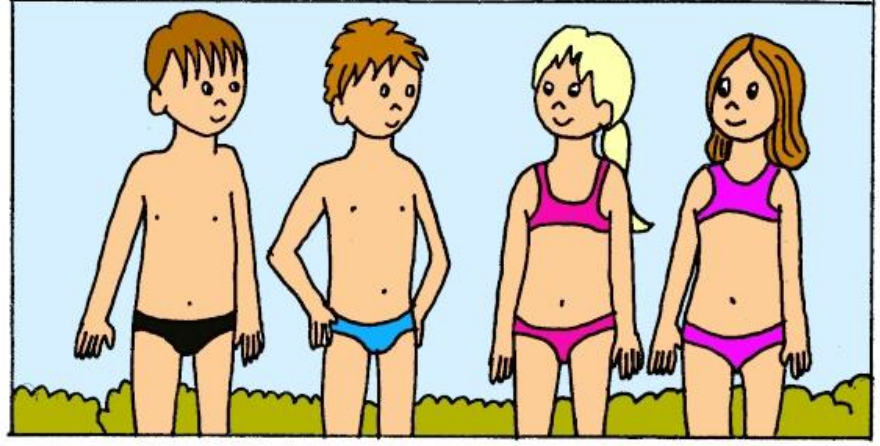
WATER SLIDE

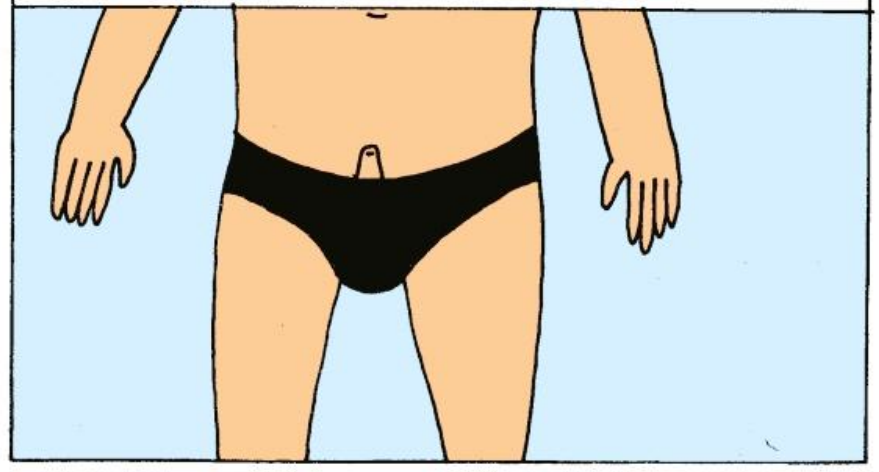
On summer holidays after the 6th grade, we were swimming in public pool. There was water slide and we were sliding almost all afternoon on it.

We met some girls we hadn't known before, but we started talking and they were sliding on that water slide too.

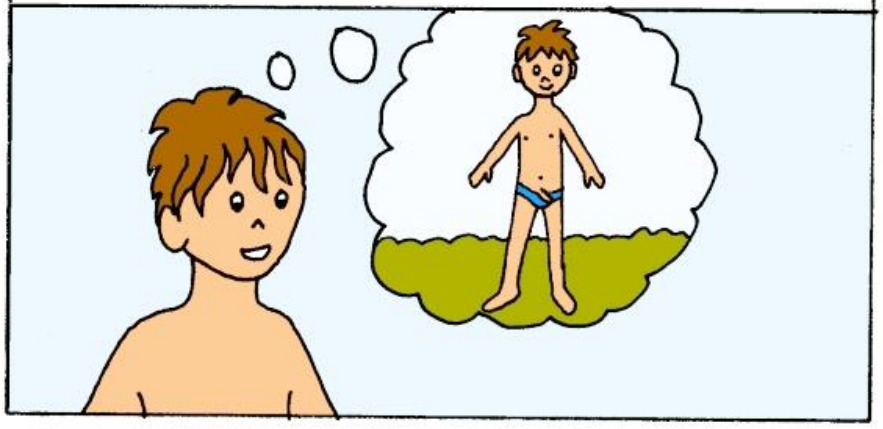


I noticed that when other boys slid down, their speedos slid a little down too. It was caused by water back-flow.

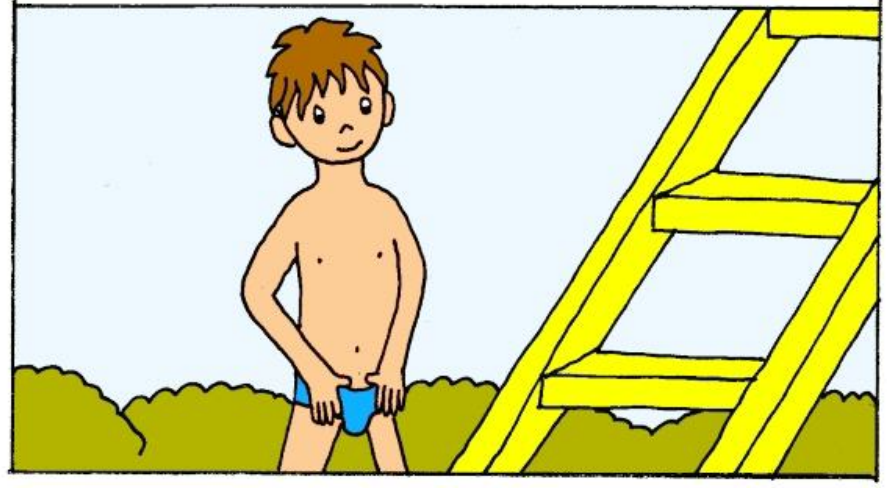
I saw that my friend's speedos slid a little more than usually when he slid a bit faster on that slide.



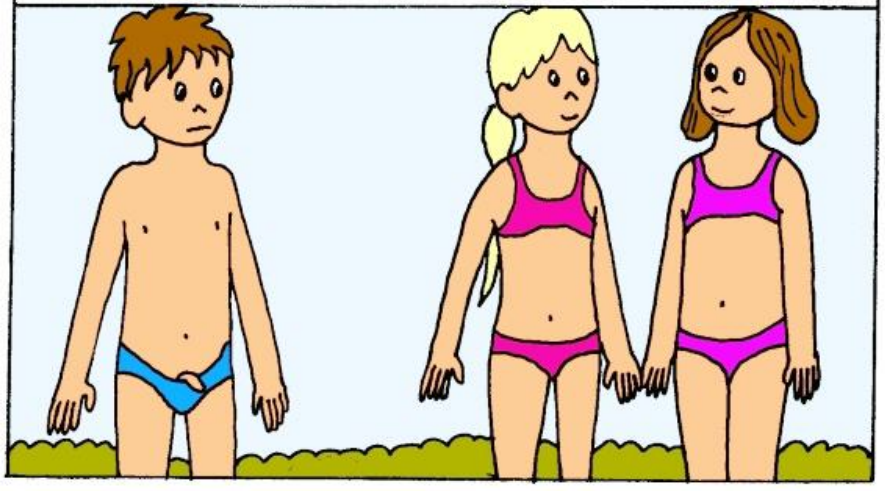
And I got idea about doing the same, but not accidentaly, as some of the girls will be looking.
I just wanted to tease the girls a bit.



I secretely adjusted my speedos so that the "accident" could happen ...



But after all, I was disappointed. None of the girls noticed that. At least, they did not say anything.



But one of my friends told me when we were returning home from the pool ...

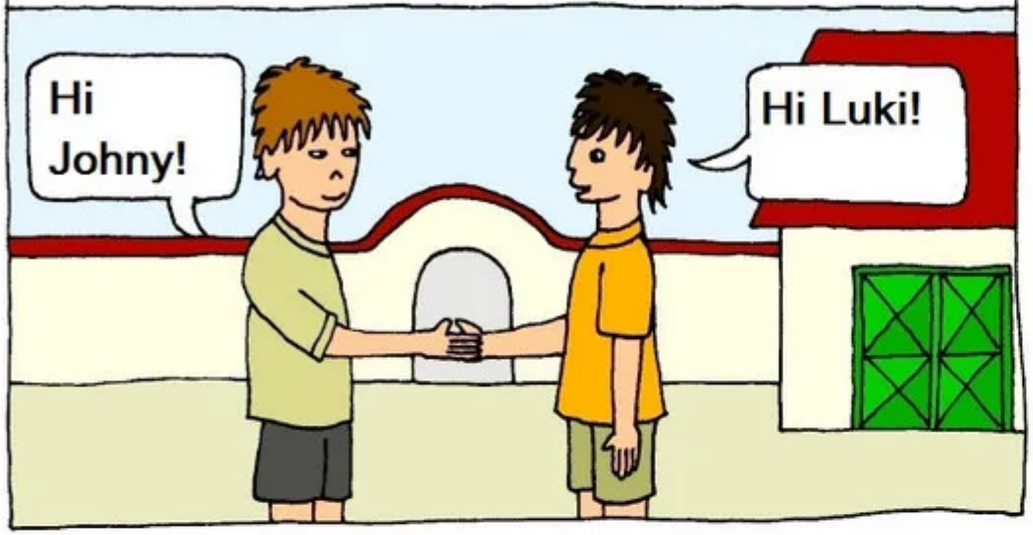
VACATIONS

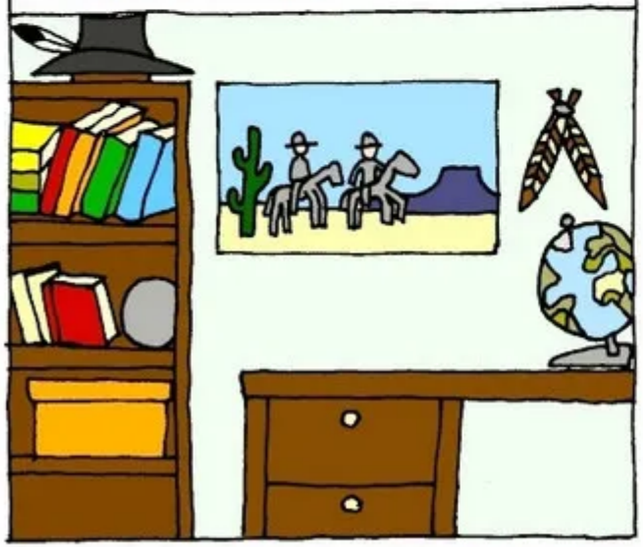
On vacations I always ride for two or three weeks to my aunt in the village. I go there by train.

On the edge of the village is farm where lives Johny, my best friend for vacations.

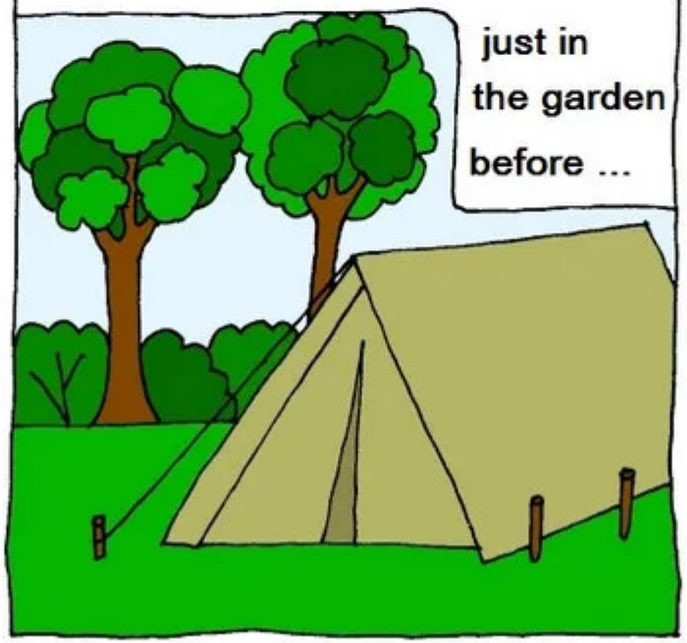


Johny is only 13 but already has his own horse. Sometimes he allows me to ride.

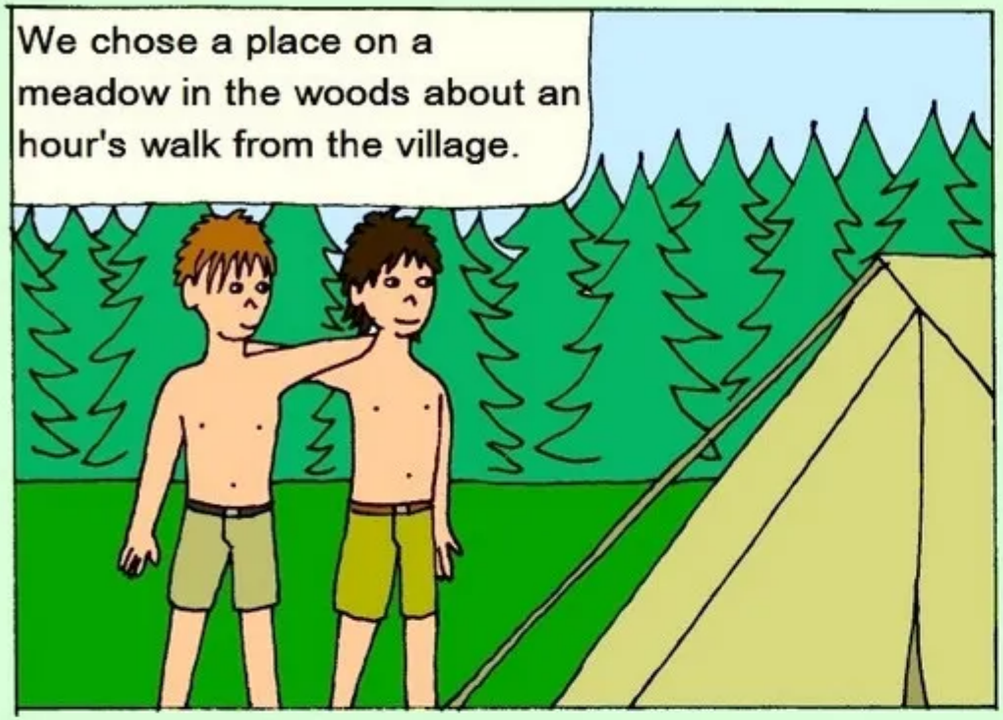
Johny is interested in adventures, he has a lot of adventure books.



He has a tent, but he could have it just in the garden before ...



...but this time he had a great message for me.

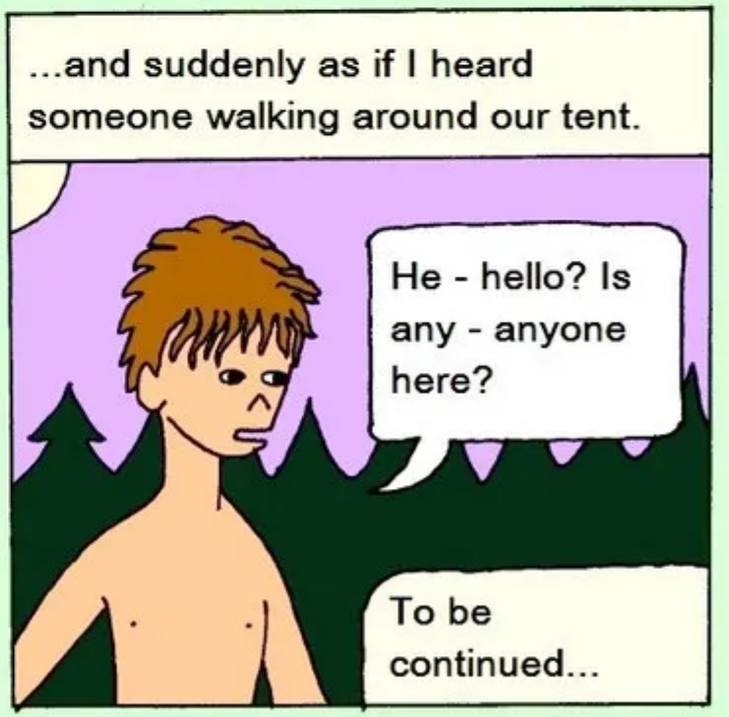


We chose a place on a meadow in the woods about an hour's walk from the village.

All afternoon we were playing and running through the meadow.
Catch me if you can!
Oh wait!

In the end we talked late at night.

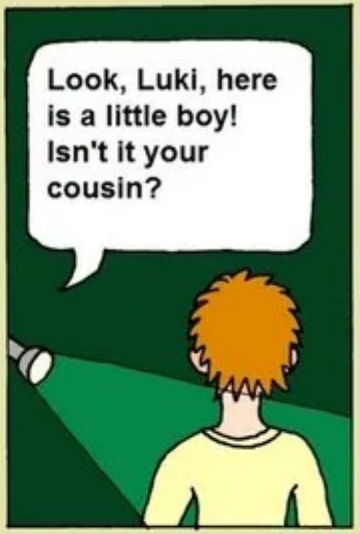
I then had to go pee before bedtime ...



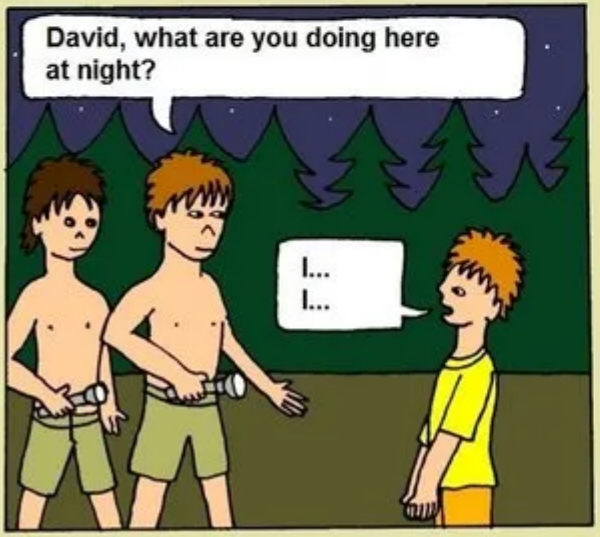
...and suddenly as if I heard someone walking around our tent.
He - hello? Is any - anyone here?
To be continued...

I went back to the tent to wake Johny.
Johny? Wake up, somebody is there!

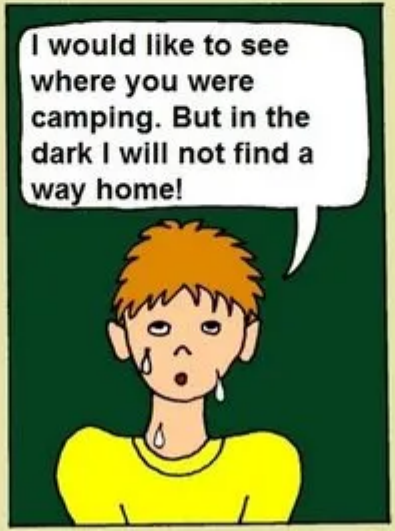
We got out of the tent and looking around with our flashlights on.



Look, Luki, here is a little boy! Isn't it your cousin?



David, what are you doing here at night?
I...
I...



I would like to see where you were camping. But in the dark I will not find a way home!

Wait a minute, I will call uncle.
Oh no! Damn!
I have no signal!
NOKIA

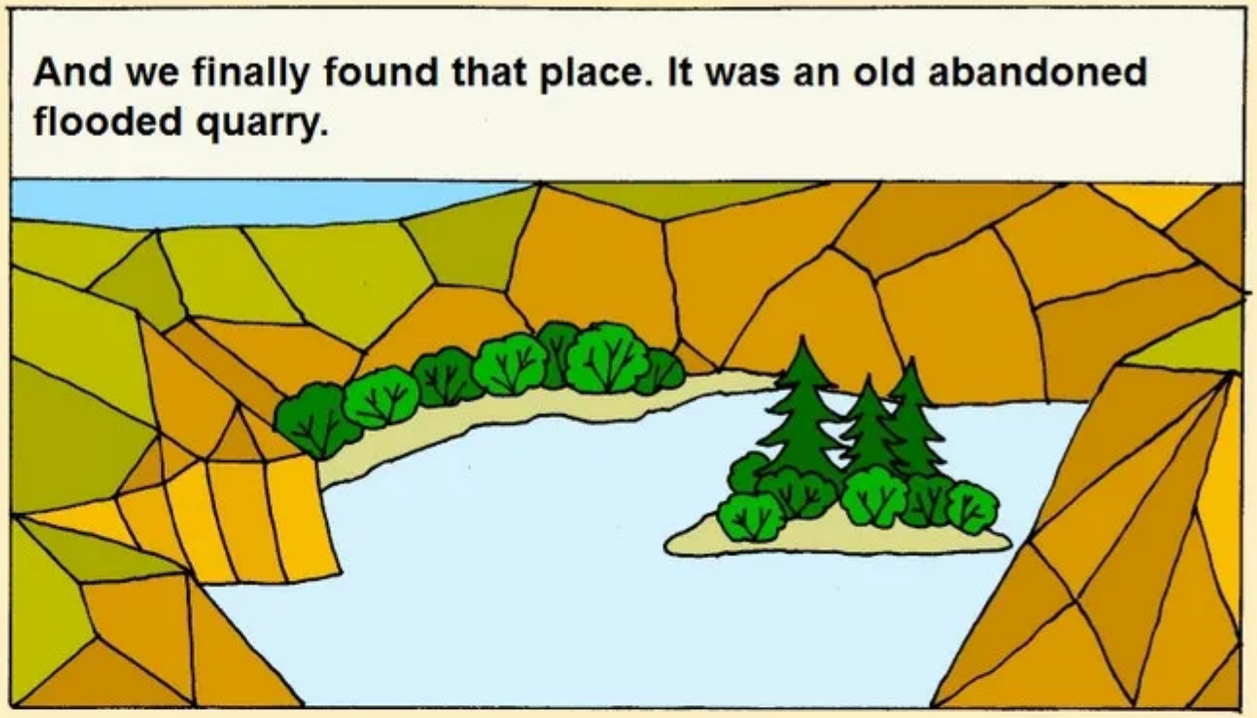
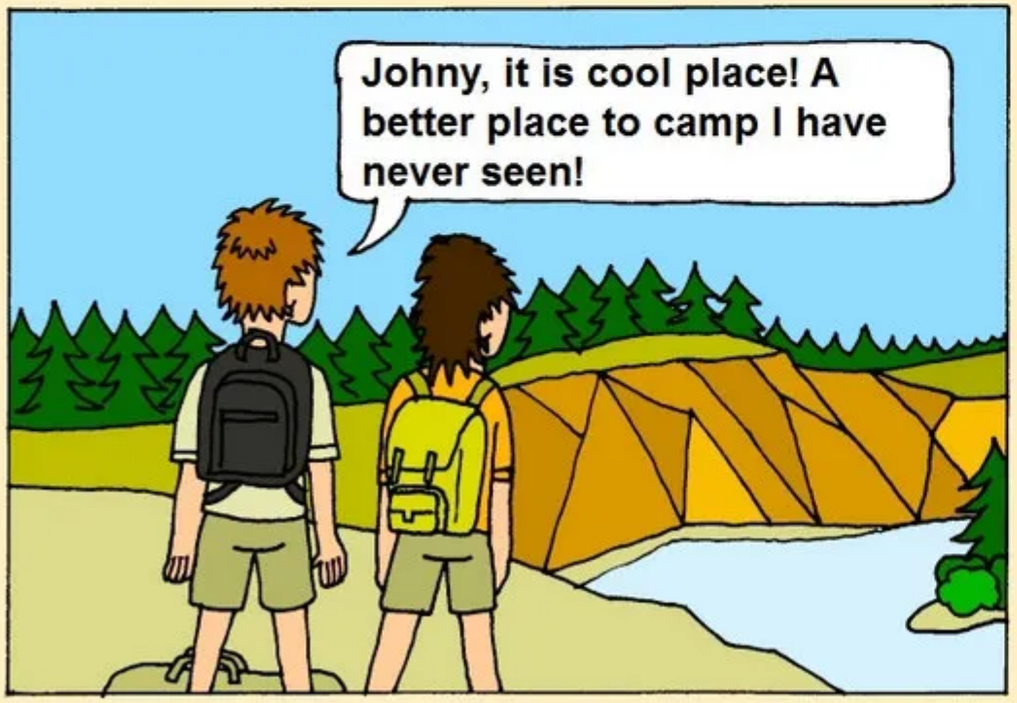
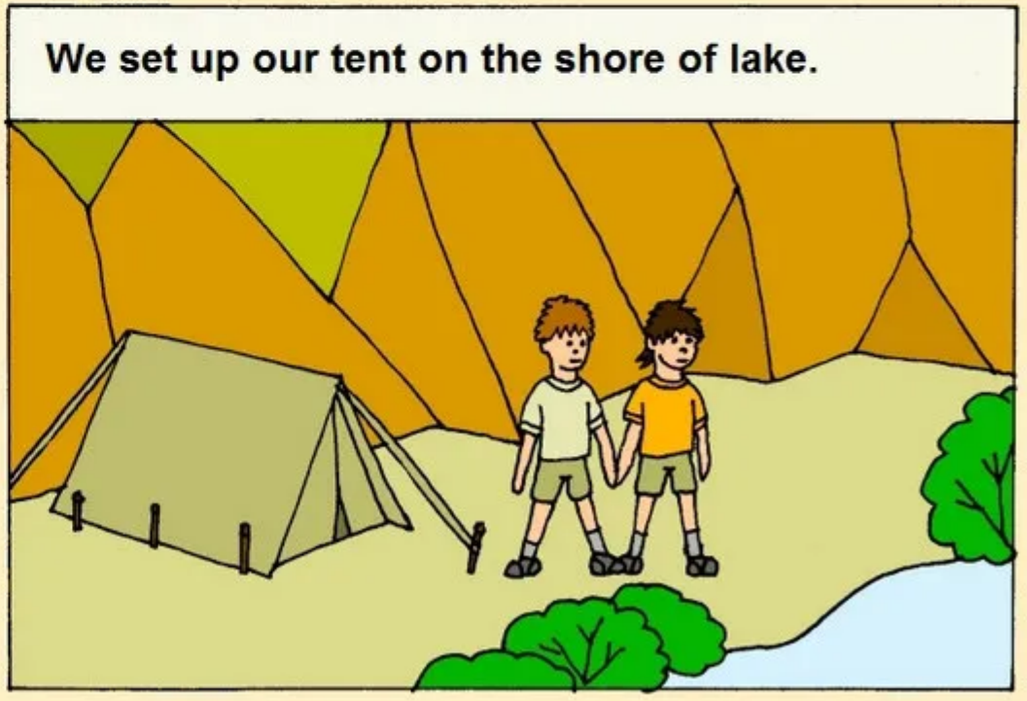
Then we went on another way. We wanted to find an even better place for camping.



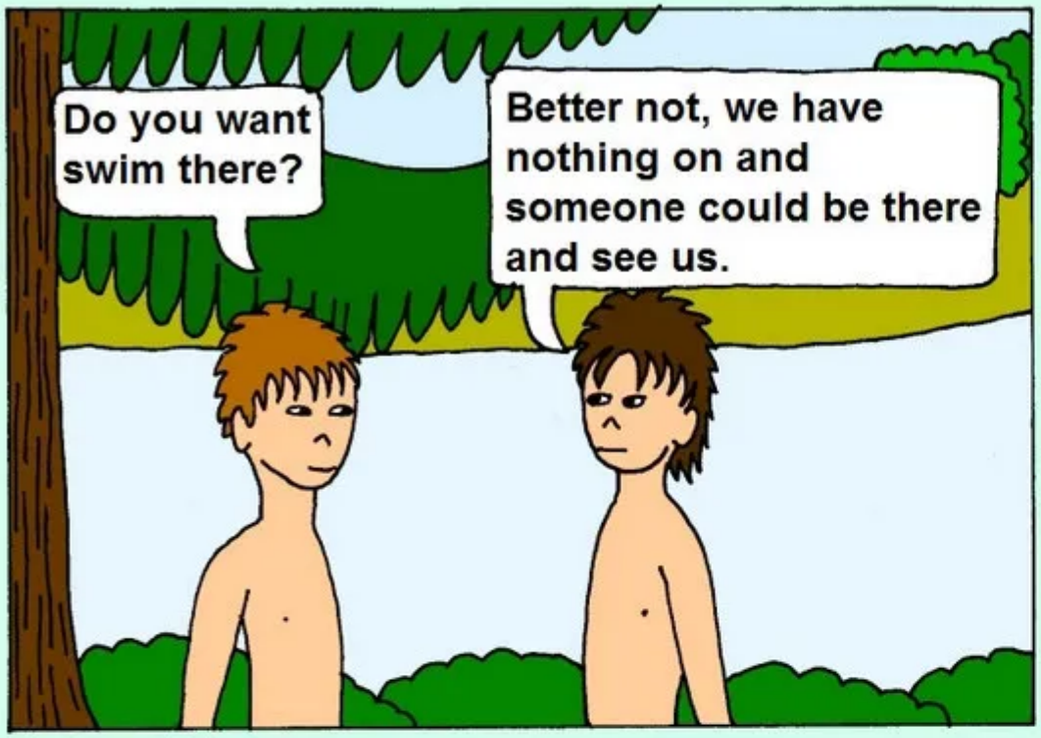
And we finally found that place. It was an old abandoned flooded quarry.



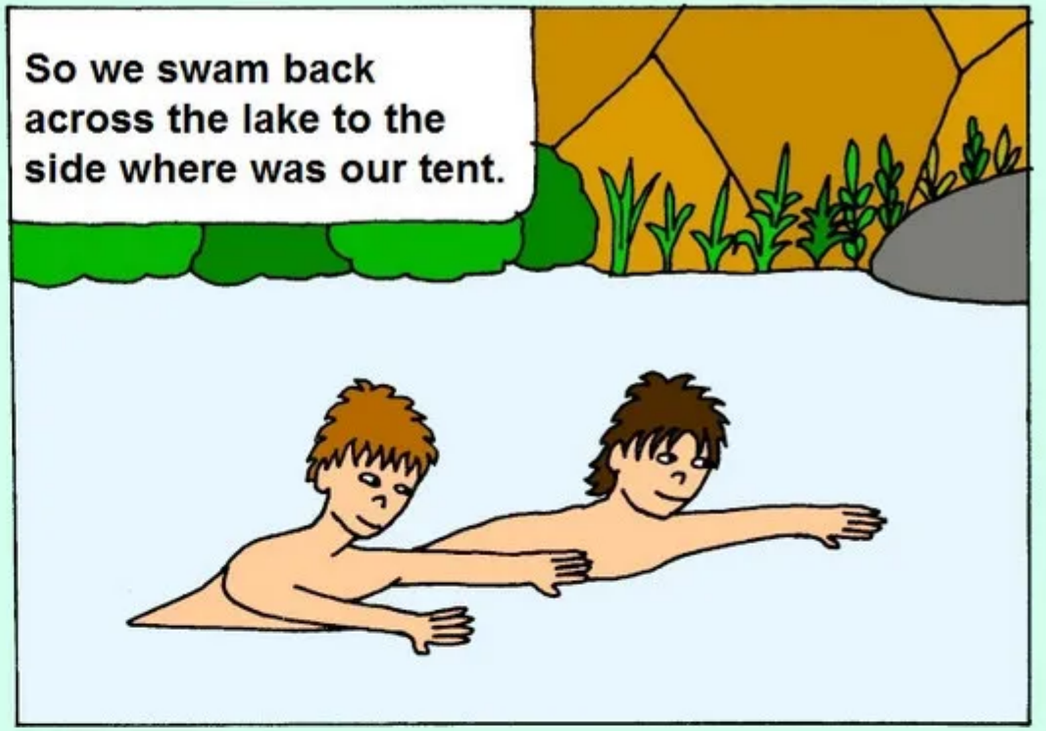
Johnny, it is cool place! A better place to camp I have never seen!



We set up our tent on the shore of lake.

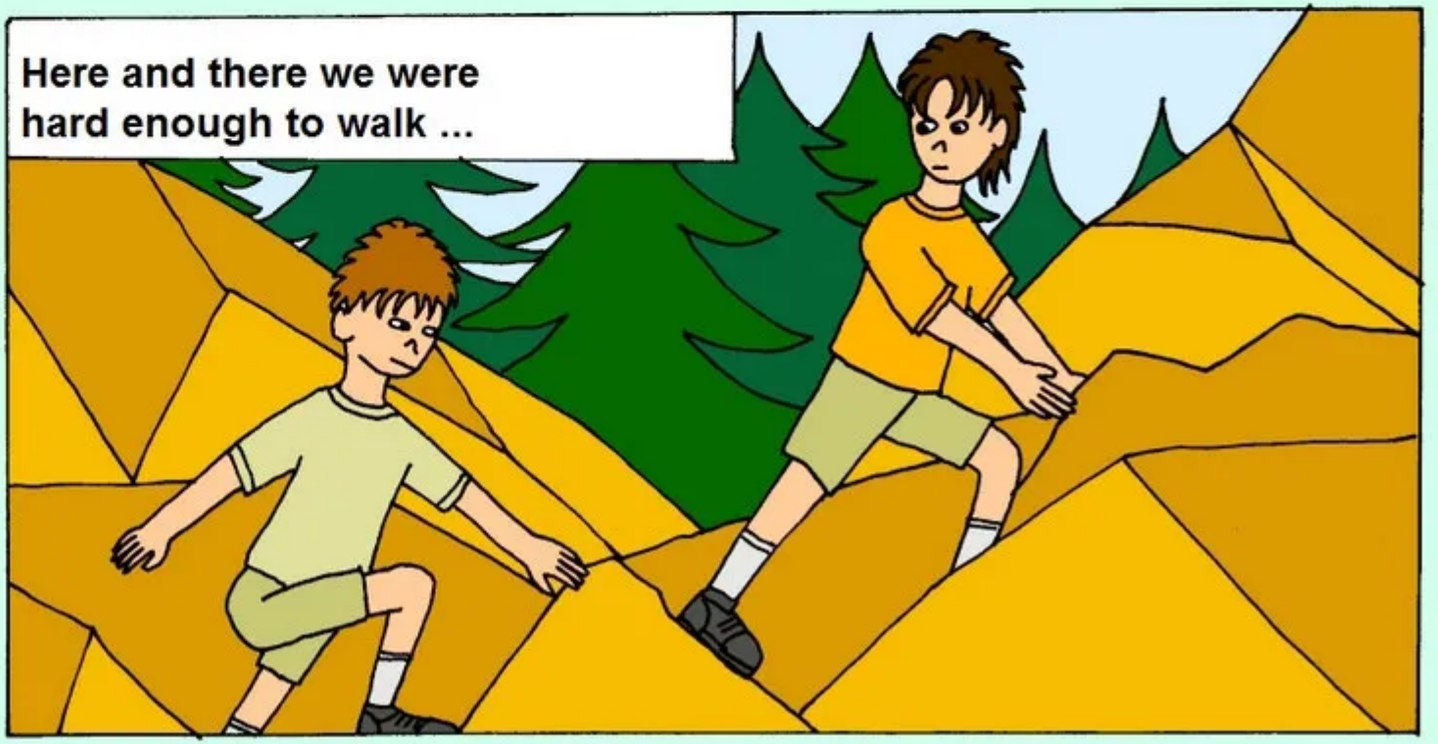


Do you want swim there?
Better not, we have nothing on and someone could be there and see us.



So we swam back across the lake to the side where was our tent.

After snack, we will go on foot around the lake to the cottage!

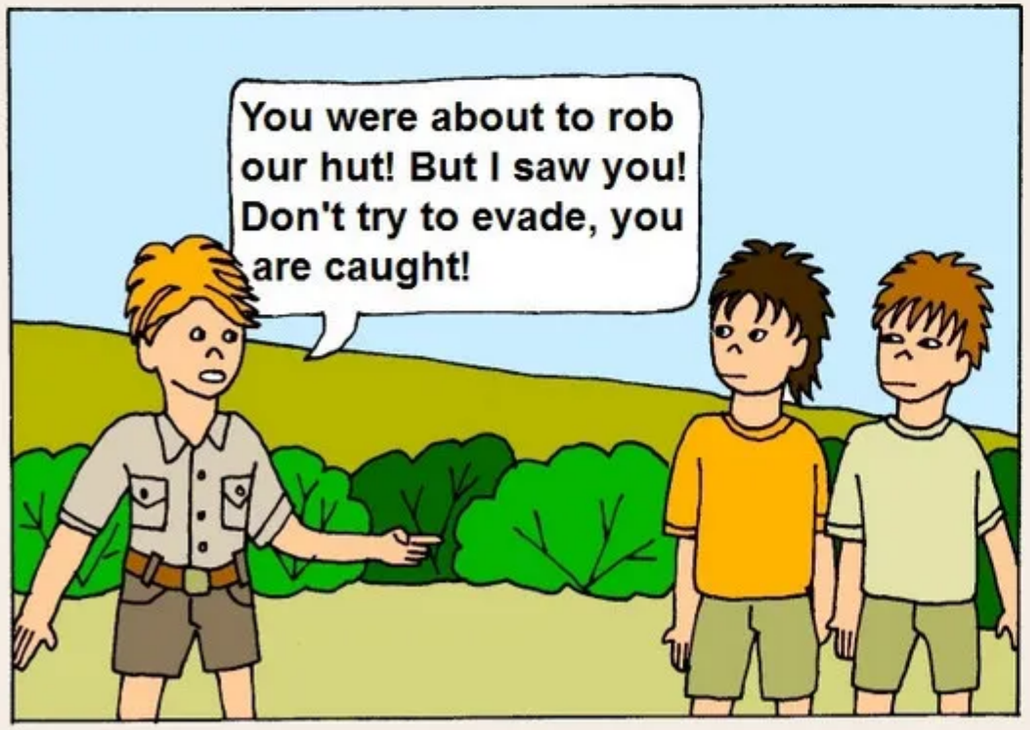


Here and there we were hard enough to walk ...

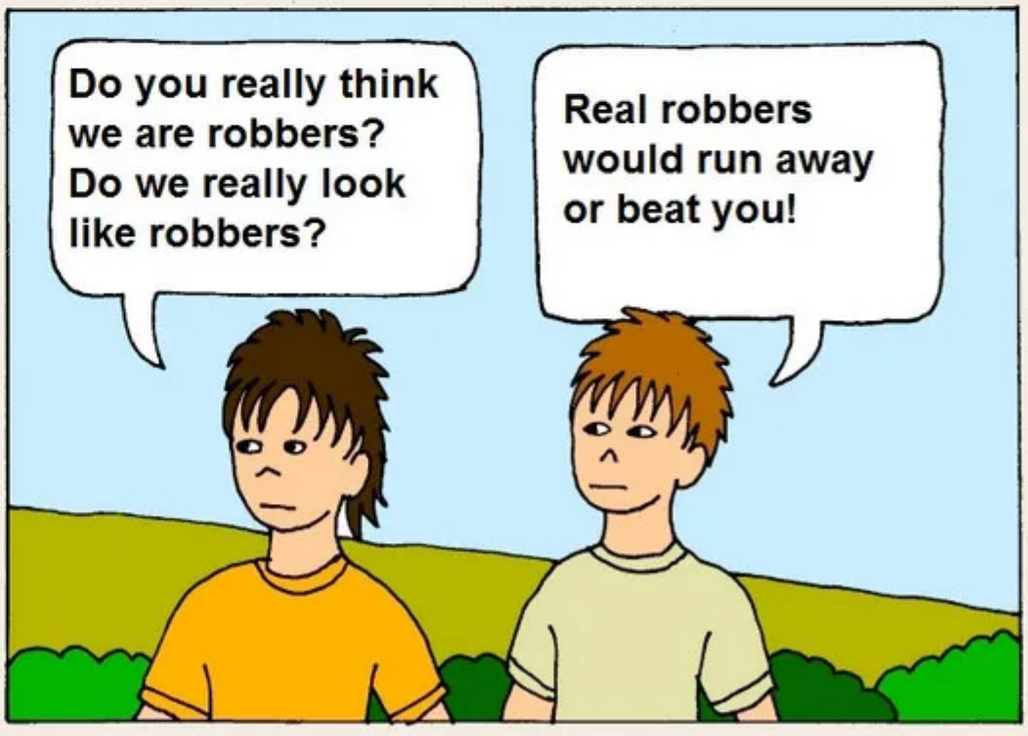
But after all, we came to the hut anyway...

The door was locked.
As we could expect.

Suddenly some boy came running and yelling at us.
What are you doing here?

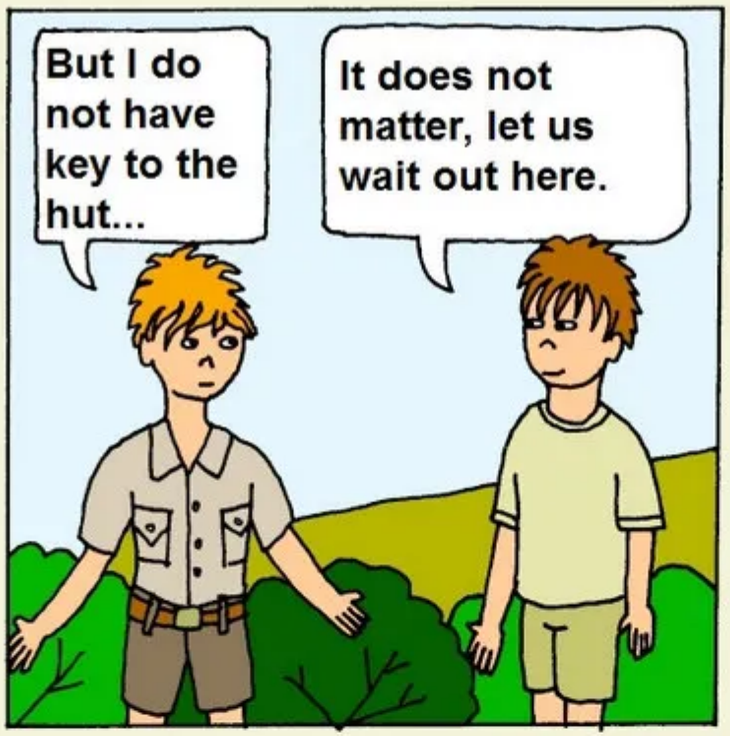


You were about to rob our hut! But I saw you! Don't try to evade, you are caught!

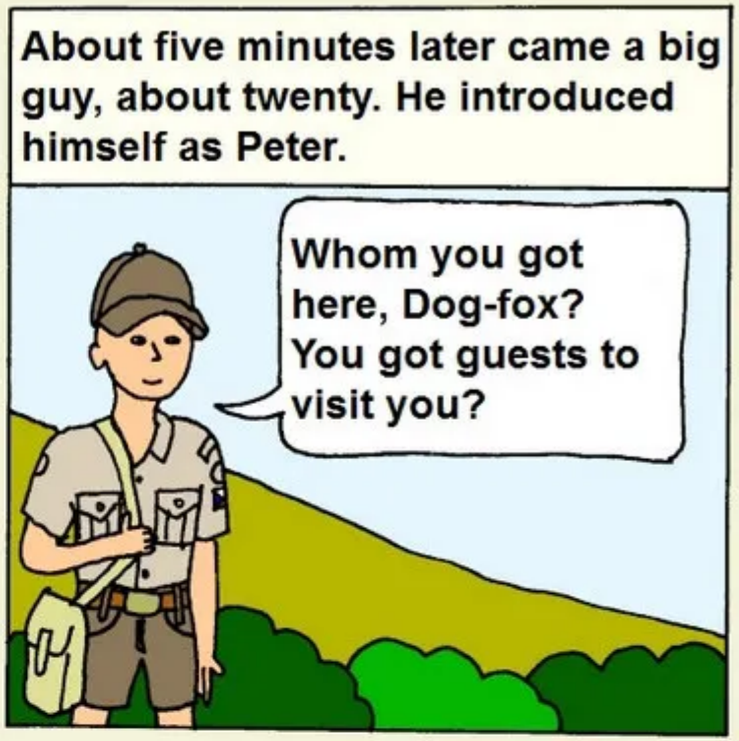


Do you really think we are robbers? Do we really look like robbers?
Real robbers would run away or beat you!

You are probably right. But we rather wait for our leader anyway.

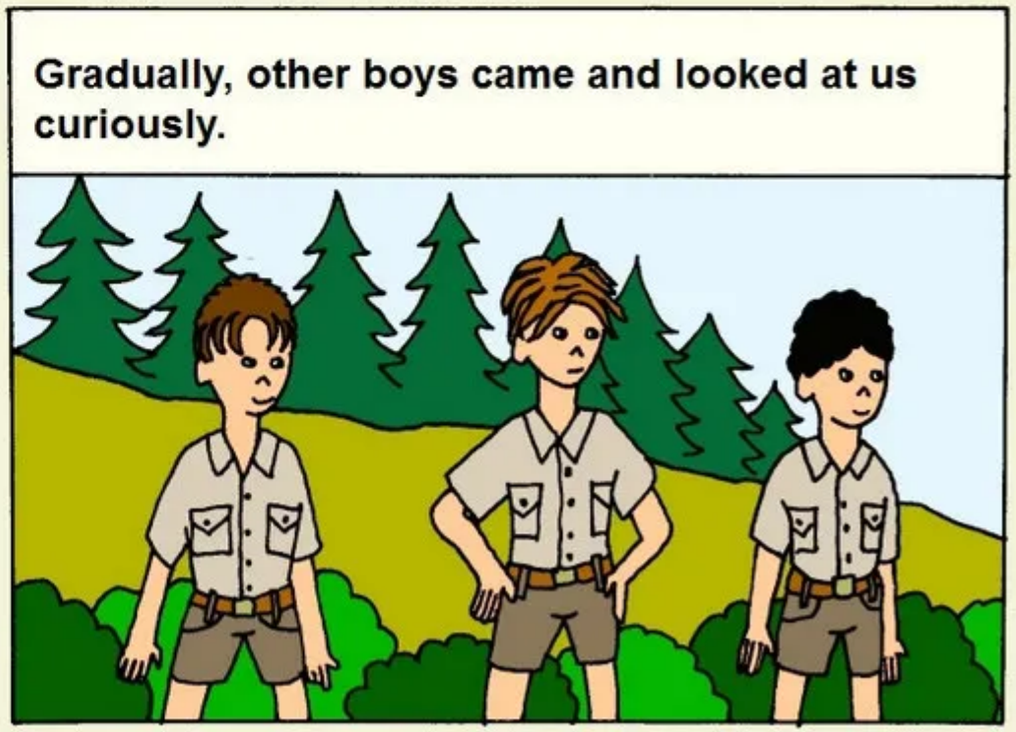


But I do not have key to the hut...
It does not matter, let us wait out here.



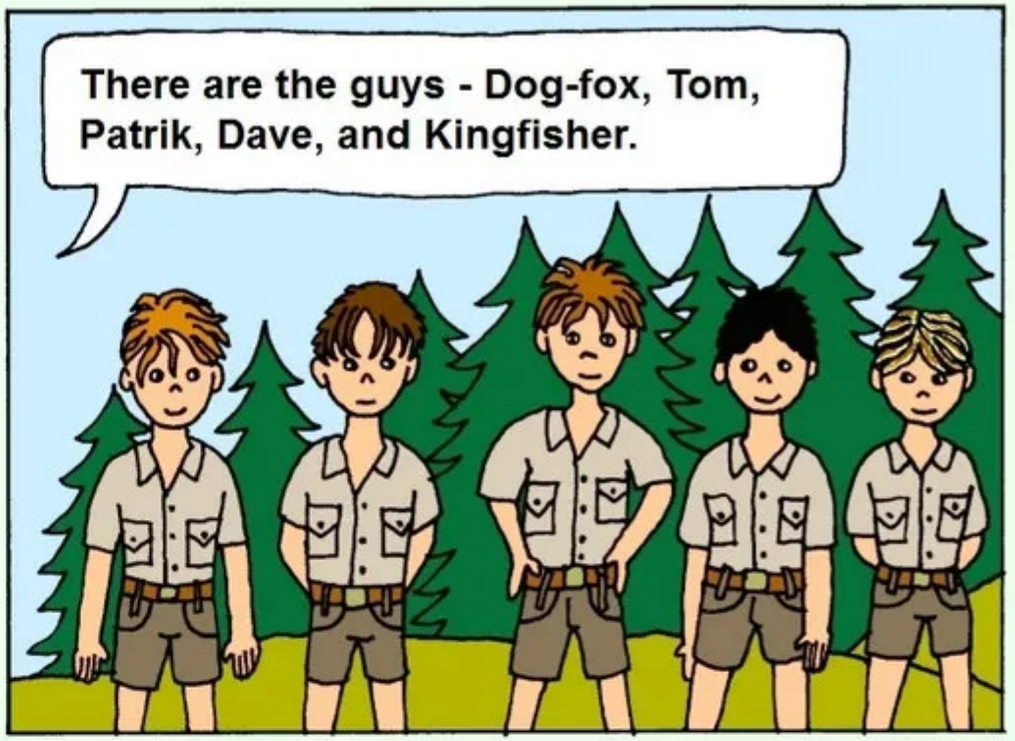
About five minutes later came a big guy, about twenty. He introduced himself as Peter.
Whom you got here, Dog-fox? You got guests to visit you?

Finally, everything was explained...
Do not be angry at Dog-fox, but you know, someone already robbed our hut two times...



Gradually, other boys came and looked at us curiously.

Then Peter began speaking about his train.
Our club is called Falcon's feather.
A part of vacations we are spending there in hut.



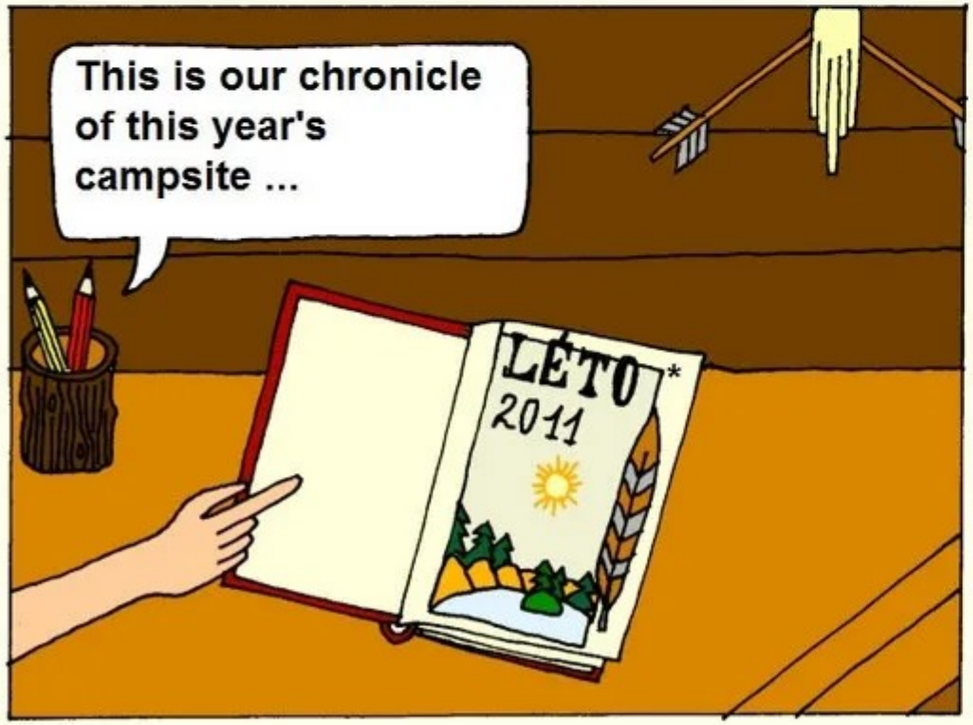
There are the guys - Dog-fox, Tom, Patrik, Dave, and Kingfisher.

Rolf, could we take these guys for a visit to the hut?
Rolf?
First you said that your name was Peter!

Rolf is my nickname.
So, come on guys.
To be continued...

There was a lot of interesting things in the hut...

Most of the things we bring here but only on vacations or weekends, so that nobody steal them when we are not here.

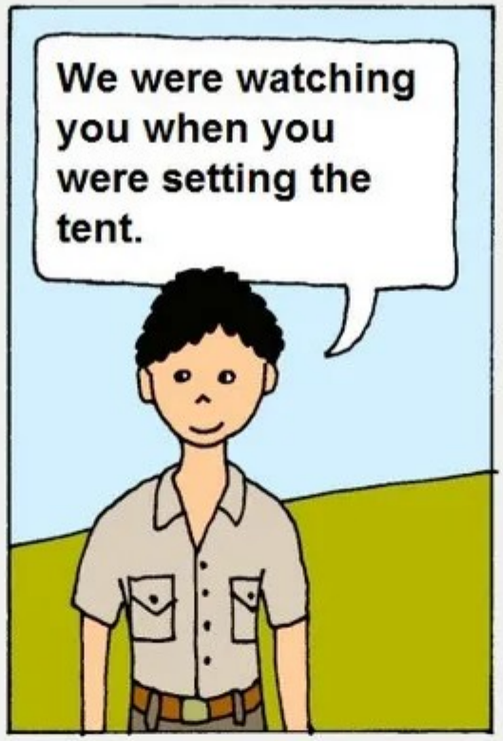


This is our chronicle of this year's campsite ...
LÉTO*
2011

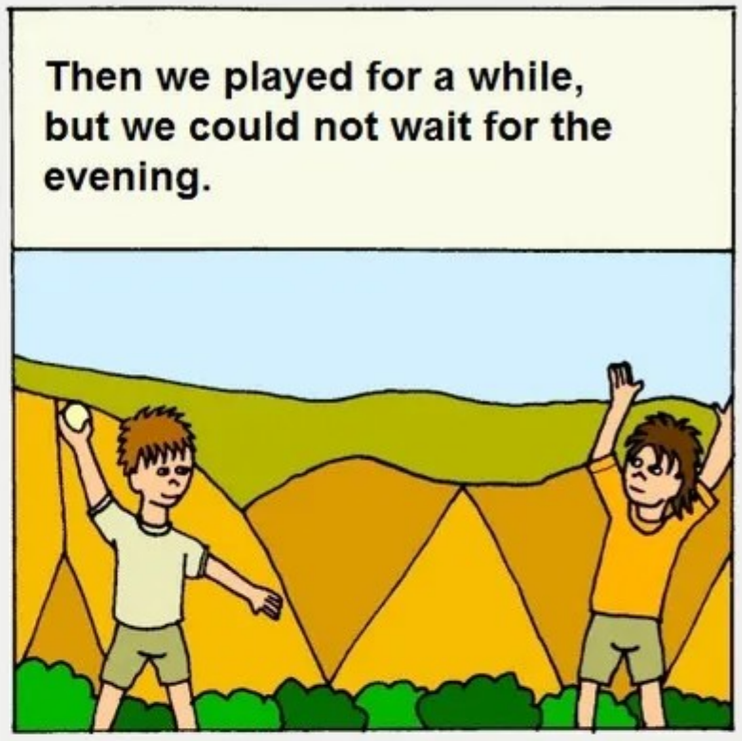
When we went out ...
We will be playing some games now, but if you want you can come to our evening fire.

*Léto = Summer

The boys showed us another way to our tent. It was longer, but more comfortable.



We were watching you when you were setting the tent.

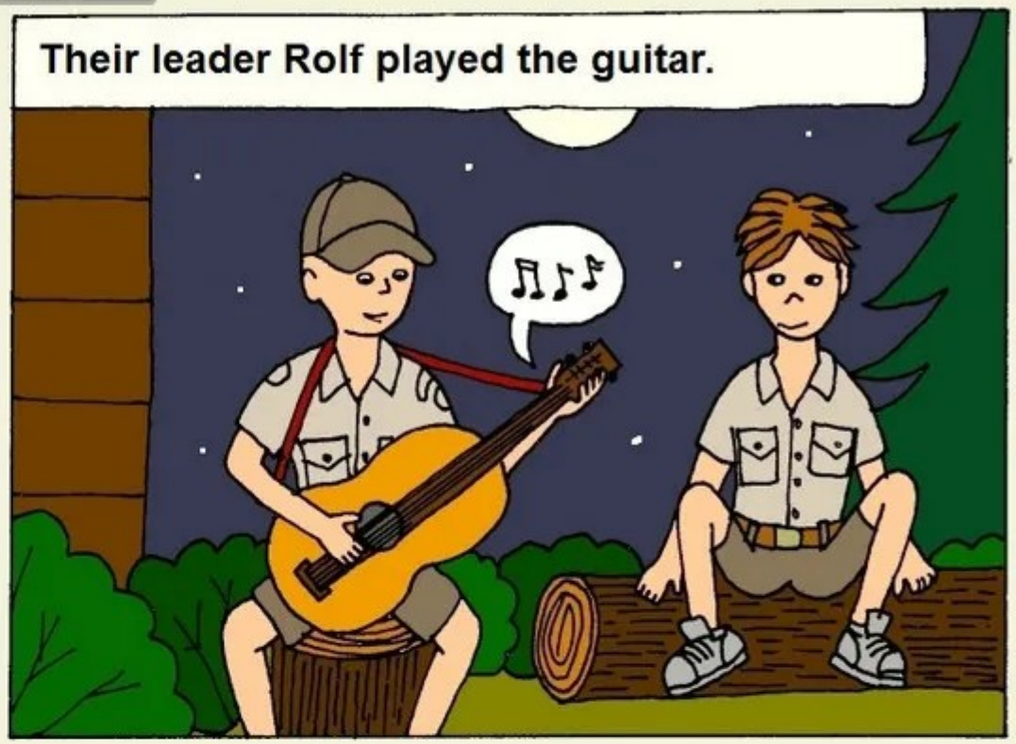


Then we played for a while, but we could not wait for the evening.

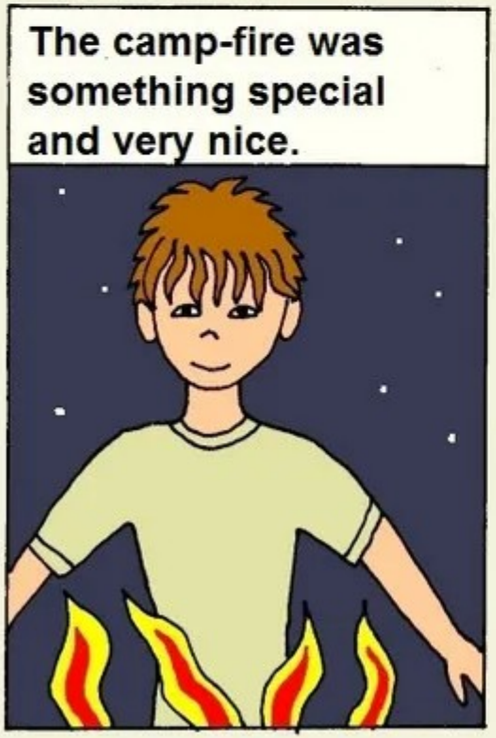
Finally the evening came.

Hello guys! How are you?
Hello!

Guys let us sit by their camp-fire.



Their leader Rolf played the guitar.



The camp-fire was something special and very nice.

When we returned at night, the boys accompanied us up to the tent.

But then we were up late and we remember that beautiful bonfire.
